Submission for OMB Review; Comment Request

The Department of Commerce will submit to the Office of Management and Budget (OMB) for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act (44 U.S.C. Chapter 35).

Agency: National Oceanic and Atmospheric Administration (NOAA).

Title: Highly Migratory Species Tournament Registration and Reporting.

OMB Control Number: 0648-0323.

Form Number(s): NA.

Type of Request: Regular submission (revision and extension of a current information collection).

Number of Respondents: 300.

Average Hours per Response:

Registration, 2 minutes; reporting, 20 minutes.

Burden Hours: 110.

Needs and Uses: This request is for revision and extension under the provisions of the Magnuson-Stevens Fishery Conservation and Management Act (16 U.S.C. 1801 et seq.), NOAA's National Marine Fisheries Service (NMFS) is responsible for management of the nation's marine fisheries. Existing regulations require operators of tournaments involving Atlantic highly migratory species (HMS), specifically Atlantic swordfish, sharks, billfish, and tunas, to register four weeks in advance of the tournament. Operators must provide contact information and the tournament's date(s), location(s), and target HMS. If selected by NMFS, operators are required to submit an HMS tournament summary report within seven days after tournament fishing has ended. Most of the catch data in the summary report is routinely collected in the course of regular tournament operations. NMFS uses the data to estimate the total annual catch of HMS and the impact of tournament

operations in relation to other types of fishing activities. In addition, HMS tournament registration provides a method for tournament operators to request educational and regulatory outreach materials from NMFS.

Revision: There have been changes to the forms, to simplify completion.

Affected Public: Business or other for-profit organizations, individuals or households.

Frequency: Annually and on occasion.

Respondent's Obligation: Mandatory.

Withdrawal of Requests for Review

On February 28, 2012, M&B Metal Products Co., Inc. ("Petitioner"), withdrew its request for an administrative review of 52 of the 59 companies under review.³ On July 11, 2012, the Department published a notice of rescission in the **Federal Register** for those companies for which the request for review was withdrawn and which also had a separate rate from a previous segment of this proceeding.⁴ The Department stated that it would address the disposition of the remaining withdrawn companies that do not have a separate rate in the preliminary results of this review.⁵

The deadline to file a separate rate application, separate rate certification, or a notification of no sales, exports or entries, is 60 days after the initiation of the administrative review,⁶ which in this case was January 29, 2012. Therefore, as of January 30, 2012, the remaining companies under review that did not demonstrate eligibility for a separate rate effectively became part of the PRC-wide entity. Accordingly, while the requests for review of those companies were withdrawn by Petitioner on February 28, 2012, those withdrawn companies remain under review as part of the PRC-wide entity, and the Department will make a determination with respect to the PRC-

wide entity in these preliminary results and, ultimately, the final results.⁷

Methodology

The Department is conducting this review in accordance with section 751(a)(1)(A) of the Tariff Act of 1930, as amended ("the Act"). Constructed export prices and export prices have been calculated in accordance with section 772 of the Act. Because the PRC is a nonmarket economy within the meaning of section 771(18) of the Act, normal value has been calculated in accordance with section 773(c). Specifically, the Shanghai Wells Group's factors of production have been valued using Philippine prices, a country that is economically comparable to the PRC and that is a significant producer of comparable merchandise.

For a full description of the methodology underlying our conclusions, please see the Preliminary Decision Memorandum.⁸ The

⁷ The following companies are considered part of the PRC-wide entity for these preliminary results: Brightwell (Hong Kong) Enterprise Ltd.; Delmar International (China Inc.); Hangzhou Chenyang Plastic Dipping Co., Ltd.; Hezhou City Yaolong Trade Co. Petitioner also withdrew its requests for review of Angang Clothes Rack Manufacture Co. ("Angang") and Laidlaw Company, LLC ("Laidlaw"), neither of which are producers/exporters located in the PRC. However, if these preliminary results are adopted in our final results, any of Angang or Laidlaw's PRC-origin exports of subject merchandise made during the POR shall be liquidated at the PRC-wide rate.
