National Agricultural Statistics Service

Notice of Intent To Request Revision and Extension of a Currently Approved Information Collection

AGENCY: National Agricultural Statistics Service, USDA.

ACTION: Notice and request for comments.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995, this notice announces the intention of the National Agricultural Statistics Service (NASS) to request revision and extension of a currently approved information collection, the Vegetable Surveys Program. Revision to burden hours will be needed due to changes in the size of the target population, sampling design, and/or questionnaire length. Some of the vegetable production surveys will incorporate sampling of the total population of producers, while the processing surveys will involve a total enumeration of the entire population. Changes are being made to some of the questionnaires to accommodate changes in the industry and to make the questionnaires easier for the respondent to complete. This should help to reduce respondent burden and improve the overall response rates.

Submission for OMB Review; Comment Request

The Department of Commerce will submit to the Office of Management and Budget (OMB) for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act (44 U.S.C. chapter 35).

Agency: National Oceanic and Atmospheric Administration (NOAA).

Burden Hours: 69.

Needs and Uses: This request is for an extension of a currently approved information collection.

National Marine Fisheries Service (NMFS) has issued regulations under authority of the Western and Central Pacific Fisheries Convention Implementation Act (WCPFCIA; 16 U.S.C. 6901 *et seq.*) to carry out the obligations of the United States under the Convention on the Conservation and Management of Highly Migratory Fish Stocks in the Western and Central Pacific Ocean (Convention), including implementing the decisions of the Commission for the Conservation and Management of Highly Migratory Fish Stocks in the Western and Central Pacific Ocean (Commission). The regulations include requirements for the owners or operators of U.S. vessels to: (1) Apply for and obtain a WCPFC Area Endorsement if the vessel is used for fishing for highly migratory species on the high seas in the Convention Area (50 CFR 300.212), and (2) complete and submit a Foreign Exclusive Economic Zone (EEZ) Form if the vessel is used for fishing for highly migratory species in the Convention Area in areas under the jurisdiction of any nation other than the United States (50 CFR 300.213).

The application for WCPFC Area Endorsements calls for specified information about the vessel and its operator that is not already collected via the application for high seas fishing permits issued under 50 CFR 300.13. The Foreign EEZ Form calls for specified information about the vessel, its owners and operators and any fishing authorizations issued by other nations.

This information collected under the two requirements is used by NOAA, the U.S. Coast Guard, and the Commission to monitor the size and composition of the HMS fleets in the Convention Area for compliance-related and scientific purposes.
