**SUMMARY:** Pursuant to section 1377 of the Omnibus Trade and Competitiveness Act of 1988 (19 U.S.C. 3106) ('Section 1377'), the Office of the United States Trade Representative ('USTR') is reviewing and requests comments on the operation, effectiveness, and implementation of, and compliance with the following agreements regarding telecommunications products and services of the United States: The World Trade Organization ('WTO') General Agreement on Trade in Services; The North American Free Trade Agreement ('NAFTA'); U.S. free trade agreements ('FTAs') with Australia, Bahrain, Chile, Colombia, Korea, Morocco, Oman, Panama, Peru, and Singapore; the Dominican Republic-Central America-United States Free Trade Agreement ('CAFTA-DR'); and any other telecommunications trade agreements, such as Mutual Recognition Agreements (MRAs) for Conformity Assessment of Telecommunications Equipment. **DATES:** Comments are due on December 17, 2012 and reply comments on January 14, 2013.

**ADDRESSES:** Submissions should be made via the Internet at [www.regulations.gov](http://www.regulations.gov) docket number USTR-2012-0035. ### FOR FURTHER INFORMATION CONTACT:

Jonathan McHale, Office of Services and Investment, (202) 395-9533; or Scott Pietan, Office of Market Access and Industrial Competitiveness, (202) 395-9646.

**SUPPLEMENTARY INFORMATION:** Section 1377 requires the USTR to review annually the operation and effectiveness of all U.S. trade agreements regarding telecommunications products and services that are in force with respect to the United States. The purpose of the review is to determine whether any act, policy, or practice of a country that has entered into a trade agreement or other telecommunications trade agreement with the United States is inconsistent with the terms of such agreement or otherwise denies U.S. firms, within the context of the terms of such agreements, mutually advantageous market opportunities for telecommunications products and services. For the current review, the USTR seeks comments on:

(1) Whether any WTO member is acting in a manner that is inconsistent with its obligations under WTO agreements affecting market opportunities for telecommunications products or services, *e.g.*, the WTO General Agreement on Trade in Services ('GATS'), including the Agreement on Basic Telecommunications Services, the Annex on Telecommunications, and any scheduled commitments including the Reference Paper on Pro-Competitive Regulatory Principles; the WTO Agreement on Subsidies and Countervailing Measures; the WTO Agreement on Trade-Related Aspects of Intellectual Property Rights; or the plurilateral WTO Agreement on Government Procurement.

(2) Whether Canada or Mexico has failed to comply with its telecommunications obligations under the NAFTA;

(3) Whether Costa Rica, the Dominican Republic, El Salvador, Guatemala, Honduras or Nicaragua has failed to comply with its telecommunications obligations under the CAFTA-DR;

(4) Whether Australia, Bahrain, Chile, Colombia, Korea, Morocco, Oman, Panama, Peru, or Singapore has failed to comply with its telecommunications obligations under its FTA with the United States (see <http://www.ustr.gov/trade-agreements/free-trade-agreements> for links to U.S. FTAs);

(5) Whether any country has failed to comply with its obligations under telecommunications trade agreements with the United States other than FTAs, *e.g.*, Mutual Recognition Agreements (MRAs) for Conformity Assessment of

Telecommunications Equipment (see <http://ts.nist.gov/standards/conformity/mra/mra.cfm> for links to certain U.S. telecommunications MRAs);

(6) Whether any act, policy, or practice of a country cited in a previous section 1377 review remains unresolved (see <http://www.ustr.gov/trade-topics/services-investment/telecom-ecommerce/section-1377-review> for recent reviews); and

(7) Whether any measures or practices of a country that is a WTO member or for which an FTA or telecommunications trade agreement has entered into force with respect to the United States impede access to its telecommunications markets or otherwise deny market opportunities to telecommunications products and services of United States firms. Measures or practices of interest include, for example, efforts by a foreign government or a telecommunications service provider to block services delivered over the Internet (including, but not limited to voice over Internet protocol services, social networking, and search services); requirements for access to or use of networks that limit the products or services U.S. suppliers can offer in specific foreign markets; the imposition of excessively high licensing fees; unreasonable wholesale roaming rates that mobile telecommunications service suppliers in specific foreign markets charge U.S. suppliers that seek to supply international mobile roaming services to their U.S. customers; allocating access to spectrum or other scarce resources through discriminatory procedures or contingent on the purchase of locally-produced equipment; subsidies provided to equipment manufacturers which are contingent upon exporting or local content, or have caused adverse effects to domestic equipment manufacturers and the imposition by foreign governments of unnecessary or discriminatory technical regulations or standards for telecommunications products or services. In all cases, commenters should provide any available documentary evidence, including relevant legal measures where available, translated into English where necessary, to facilitate evaluation.

### Public Comment and Reply Comment: Requirements for Submission

Comments in response to this notice must be written in English, must identify (on the first page of the comments) the telecommunications trade agreement(s) discussed therein, and must be submitted no later than December 17, 2012. Any replies to comments submitted must also be in
