II. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization’s Statement of the Purpose of, and the Statutory Basis for, the Proposed Rule Change

1. Purpose

The purpose of this filing is to amend Chapter VI, Section 5 to: extend the Penny Pilot through June 30, 2013, and add a procedure for replacing any Penny Pilot issues that have been delisted.

Under the Penny Pilot, the minimum price variation for all participating options classes, except for the Nasdaq-100 Index Tracking Stock (“QQQQ”), the SPDR S&P 500 Exchange Traded Fund (“SPY”) and the iShares Russell 2000 Index Fund (“IWM”), is \$0.01 for all quotations in options series that are quoted at less than \$3 per contract and \$0.05 for all quotations in options series that are quoted at \$3 per contract or greater. QQQQ, SPY and IWM are quoted in \$0.01 increments for all

options series. The Penny Pilot is currently scheduled to expire on December 31, 2012.

The Exchange proposes to extend the time period of the Penny Pilot through June 30, 2013, and to provide a procedure for adding classes that have been delisted from the Penny Pilot. The Exchange proposes that any Penny Pilot Program issues that have been delisted may be replaced on the second trading day following January 1, 2013.⁶ The replacement issues will be selected based on trading activity for the six month period beginning June 1, 2012, and ending November 30, 2012.⁷

All classes currently participating in the Penny Pilot will remain the same and all minimum increments will remain unchanged. The Exchange believes the benefits to public customers and other market participants who will be able to express their true prices to buy and sell options have been demonstrated to outweigh the potential increase in quote traffic.

2. Statutory Basis

The Exchange believes that its proposal is consistent with Section 6(b) of the Act⁸ in general, and furthers the objectives of Section 6(b)(5) of the Act⁹ in particular, in that it is designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in facilitating transactions in securities, and to remove impediments to and perfect the mechanism of a free and open market and a national market system. In particular, the proposed rule change, which extends the Penny Pilot for an additional six months through June 30, 2013, and provides a procedure for adding classes that have been delisted from the Penny Pilot will enable public customers and other market participants to express their true prices to buy and sell options for the benefit of all market participants.

⁶ The Exchange is making a conforming change in Chapter VI, Section 5 to add language regarding delisted issues that was not inserted when the Penny Pilot was instituted on the Exchange earlier this year. As a result, the Exchange will have exactly the same language as used in the Penny Pilot Programs of NASDAQ Options Market (“NOM”) and NASDAQ OMX PHLX LLC (“Phlx”), see NOM Chapter VI, Section 5 and Phlx Rule 1034; and will have a penny pilot delisted issues replacement procedure that is available on all other options exchanges.

⁷ The replacement issues will be announced to the Exchange’s membership via an Options Trader Alert (OTA) posted on the Exchange’s Web site.

⁸ 15 U.S.C. 78f(b).

⁹ 15 U.S.C. 78f(b)(5).

B. Self-Regulatory Organization’s Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act. To the contrary, this proposal is pro-competitive because it allows Penny Pilot issues to be traded on the Exchange.

C. Self-Regulatory Organization’s Statement on Comments on the Proposed Rule Change Received from Members, Participants or Others

No written comments were either solicited or received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The Exchange has filed the proposed rule change pursuant to Section 19(b)(3)(A)(iii) of the Act¹⁰ and Rule 19b-4(f)(6) thereunder.¹¹ Because the proposed rule change does not: (i) Significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative prior to 30 days from the date on which it was filed, or such shorter time as the Commission may designate if consistent with the protection of investors and the public interest, the proposed rule change has become effective pursuant to Section 19(b)(3)(A) of the Act¹² and Rule 19b-4(f)(6)(iii) thereunder.¹³

A proposed rule change filed under Rule 19b-4(f)(6) normally does not become operative prior to 30 days after the date of the filing.¹⁴ However, pursuant to Rule 19b-4(f)(6)(iii),¹⁵ the Commission may designate a shorter time if such action is consistent with the protection of investors and the public interest. The Exchange has asked the Commission to waive the 30-day operative delay so that the proposal may become operative immediately upon filing. The Commission believes that waiving the 30-day operative delay is consistent with the protection of investors and the public interest because doing so will allow the Pilot

¹³ 17 CFR 240.19b-4(f)(6)(iii).

¹⁴ 17 CFR 240.19b-4(f)(6). In addition, Rule 19b-4(f)(6)(iii) requires the Exchange to give the Commission written notice of the Exchange’s intent to file the proposed rule change along with a brief description and the text of the proposed rule change, at least five business days prior to the date of filing of the proposed rule change, or such shorter time as designated by the Commission. The Exchange has satisfied this pre-filing requirement.

Program to continue without interruption in a manner that is consistent with the Commission's prior approval of the extension and expansion of the Pilot Program and will allow the Exchange and the Commission additional time to analyze the impact of the Pilot Program.¹⁶ Accordingly, the Commission designates the proposed rule change as operative upon filing with the Commission.¹⁷

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

A. Self-Regulatory Organization's Statement of the Purpose of, and the Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to amend Exchange Rule 953NY by adopting a provision governing the nullification of trades that occur while the options class is subject to a trading halt. This proposal is based on and substantially similar to Rule 1092(c)(iv)(A) of NASDAQ OMX PHLX, LLC ("PHLX").⁵

Specifically, the Exchange proposes to adopt Commentary .04 to Rule 953NY, which provides that any trade that occurs during a trading halt on the Exchange in a given option shall be nullified.

Rule 953NY sets forth the circumstances when the Exchange may halt trading in an options contract or options series. Such trading halts are applicable to both electronic and open-outcry trading. Pursuant to Rule 953NY(a), NYSE Amex shall halt or suspend the trading of options whenever the Exchange deems such action appropriate in the interests of a fair and orderly market and to protect investors.
