

reference. The Exchange believes the addition of these references will provide additional transparency to Chapter XV of the Exchange's Rules.

The Exchange does not believe that there is confusion among market participants with respect to the terms described herein, but rather that the addition of these terms to Chapter XV would serve to provide transparency and guidance to the benefit of all market participants. The Exchange believes that the proposal is consistent with Section 6(b)(5) in that it is designed to promote just and equitable principles of trade, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general to protect investors and the public interest, by clarifying what fees and rebate in Chapter XV apply to certain transactions and market participants.

The Exchange is not amending the manner in which it applies pricing to various Participants. The proposed terms merely codify the manner in which the Exchange assesses fees and pays rebates today and defines Common Ownership today. Similarly, the manner in which fees and rebates for adding and removing liquidity are applied is not changing but merely codified by the addition of the terms to Chapter XV.

B. Self-Regulatory Organization's Statement on Burden on Competition

NASDAQ does not believe that the proposed rule change will impose any burden on competition not necessary or appropriate in furtherance of the purposes of the Act. The Exchange is merely filing this clarification to specify how certain fees and rebates in Chapter XV are applied to market participants. The Exchange believes that this clarification will provide greater transparency to market participants. The Exchange does not believe that this amendment creates intramarket competition among Participants as it is applied uniformly to all Participants. The Exchange believes that clarifying the applicability of certain fees and rebates for adding and removing liquidity within the Pricing Schedule provides market participants clear guidance.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

No written comments were either solicited or received.

III. Date of Effectiveness of the Proposed Rule Change and Timing of Commission Action

Because the foregoing proposed rule change does not: (i) Significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate, it has become effective pursuant to Section 19(b)(3)(A)(ii) of the Act⁷ and subparagraph (f)(6) of Rule 19b-4 thereunder.⁸

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is: (i) Necessary or appropriate in the public interest; (ii) for the protection of investors; or (iii) otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule should be approved or disapproved. The Exchange has provided the Commission written notice of its intent to file the proposed rule change, along with a brief description and text of the proposed rule change, at least five business days prior to the date of filing of the proposed rule change.

proposed rule change as described in Items I, II and III below, which Items have been prepared by the self-regulatory organization. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

CHX proposes to amend Exchange Rules and its Schedule of Participant Fees and Assessments (the "Fee Schedule") to alter the circumstances under which liquidity providing credits are paid to Institutional Brokers. The Exchange proposes to implement the fee change on February 6, 2013. The text of this proposed rule change is available on the Exchange's Web site at http://www.chx.com/rules/proposed_rules.htm, at the principal office of the Exchange, and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the self-regulatory organization included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of those statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B and C below, of the most significant parts of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

Through this filing, the Exchange proposes to amend its Fee Schedule to alter the circumstances under which liquidity providing credits are paid to Institutional Brokers. The Exchange proposes to make the fee change operative on February 6, 2013.

Currently, for agency executions on the Exchange through an Institutional Broker, Section E.3.a of the Fee Schedule charges a fee of \$.003/share, up to a maximum of \$100 per side for all securities priced \$1.00/share or more in all sessions. Liquidity removing fees are not charged to Institutional Brokers for single sided orders pursuant to Section E.1.(a) of the Fee Schedule. When a single sided order provides liquidity, Section E.1.(b) of the Fee Schedule specifies that a liquidity

providing credit of \$.0022/share in all Derivative Securities Products priced \$1.00/share or more executed in the Regular Trading Session shall be paid to the Institutional Broker representing the Participant which originated the order. Additionally, for single sided orders, Section E.1.(c) of the Fee Schedule specifies that a liquidity providing credit of \$.0022/share in all securities priced \$1.00/share or more executed in the Early or Late Trading Sessions shall be paid to the Institutional Broker representing the Participant which originated the order. Although infrequent, this pricing structure can result in a scenario in which the fees charged by the Exchange are capped due to the \$100 per side cap while the credits paid are uncapped, thus resulting in transaction that is revenue negative to the Exchange.

The Exchange now proposes to amend Section E.1.(b) of the Fee Schedule to specify that a liquidity providing credit of \$.0022/share in all Derivative Securities Products priced \$1.00/share or more executed in the Regular Trading Session shall be paid to the Institutional Broker representing the Participant which originated the order, unless such Institutional Broker also represents the Participant which originated the matched liquidity taking order. Similarly, the Exchange would amend Section E.1.(c) of the Fee Schedule to specify that a liquidity providing credit of \$.0022/share in all securities priced \$1.00/share or more executed in the Early or Late Trading Sessions shall be paid to the Institutional Broker representing the Participant which originated the order, unless such Institutional Broker also represents the Participant which originated the matched liquidity taking order. The Exchange believes that these changes will allow it to continue to incent liquidity providing orders while at the same time limiting transactions that are revenue negative to the Exchange. The Exchange notes that the rates associated with the fees being charged and credits paid do not change as a result of this filing.

2. Statutory Basis

The Exchange believes that the proposed rule change is consistent with Section 6(b) of the Act⁴ in general, and furthers the objectives of Sections 6(b)(4) and 6(b)(5) of the Act⁵ in particular because it provides for the equitable allocation of reasonable dues, fees, and other charges among its members and issuers and other persons

using its facilities and does not unfairly discriminate between customers, issuers, or broker dealers.

The Exchange believes that the change provides for the equitable allocation of reasonable fees because it is being proposed to address a specific scenario in which the fees charged by the Exchange are capped while the credits paid under certain circumstances are uncapped, thus resulting in transaction that is revenue negative to the Exchange.

The Exchange also believes that the proposed change is not unfairly discriminatory because it applies equally to all CHX registered Institutional Brokers. The Exchange also notes that the rates associated with the fees being charged and credits paid do not change as a result of this filing.

Finally, the Exchange notes that it operates in a highly competitive market in which market participants can readily favor competing venues. In such an environment, the Exchange must continually review, and consider adjusting, its fees and credits to remain competitive with other exchanges. For the reasons described above, the Exchange believes that the proposed rule change reflects this competitive environment.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act. The rule change is designed to address a specific scenario in which the fees charged by the Exchange are capped while the credits paid under certain circumstances are uncapped, thus resulting in transaction that is revenue negative to the Exchange. As stated above, the rates associated with the fees being charged and credits paid do not change as a result of this filing.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants or Others

No written comments were solicited or received with respect to the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing rule change is effective upon filing pursuant to Section 19(b)(3)(A)(ii) of the Act⁶ and

⁴ 15 U.S.C. 78f(b).

⁵ 15 U.S.C. 78f(b)(4) and (5).

⁶ 15 U.S.C. 78s(b)(3)(A)(ii).

subparagraph (f)(2) of Rule 19b-4 thereunder⁷ because it establishes or changes a due, fee or other charge imposed by the Exchange. At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule should be approved or disapproved.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

change that are filed with the Commission, and all written communications relating to the proposed rule change between the Commission and any person, other than those that may be withheld from the public in accordance with the provisions of 5 U.S.C. 552, will be available for Web site viewing and printing in the Commission's Public Reference Room, 100 F Street NE., Washington, DC 20549-1090, on official business days between the hours of 10:00 a.m. and 3:00 p.m. Copies of such filing also will be available for inspection and copying at the principal offices of the Exchange.
