The technical assistance would be provided by the Rivers, Trails, and Conservation Assistance (RTCA) Program. The information collected will be used by the NPS to evaluate the applications for technical assistance.

The RTCA Program draws its authority from three important pieces of legislation, the Wild and Scenic Rivers Act (16 U.S.C. 1271 through 1287), the National Trails System Act (16 U.S.C.

1241 through 1249), and the Outdoor Recreation Act of 1963 (16 U.S.C. 4601–1 through 4601–3).

The RTCA program is the community assistance arm of the National Park Service. RTCA supports community-led natural resource conservation and outdoor recreation projects. SUPPLEMENTARY INFORMATION:

I. Abstract

Private businesses under contract to the National Park Service manage food, lodging, tours, whitewater rafting, boating, and many other recreational activities and amenities in more than 100 national parks. These services gross more than \$1 billion every year and provide jobs for more than 25,000 people during peak season.

The regulations at 36 CFR part 51 primarily implement Title IV of the National Parks Omnibus Management Act of 1998 (Pub. L. 105-391), which provides legislative authority, policies, and requirements for the solicitation, award, and administration of NPS concession contracts. The information collection requirements associated with NPS concessions are currently approved under four OMB control numbers. During our review for this renewal, we discovered some additional requirements that need OMB approval. In this revision of 1024-0029, we are including all of the information collection requirements associated with applying for and operating NPS concessions. If OMB approves this revision, we will discontinue OMB Control Numbers 1024-0125, 1024-0126, and 1024-0231. Following are the information collection requirements associated with soliciting, awarding, and administering NPS concessions:

(1) *Proposals* (partially approved under OMB Control Number 1024-0125). The public solicitation process begins with the issuance of a prospectus to invite the general public to submit proposals for the contract. The prospectus describes the terms and conditions of the concession contract to be awarded, the procedures to be followed in the selection of the best proposal, and the information that must be provided. Information that we collect includes, but is not limited to:

- Description of how respondent will conduct operations to minimize disturbance to wildlife; protect park resources; and provide visitors with a high quality, safe, and enjoyable visitor experience.
- Organizational structure and history and experience with similar operations.
- Details on violations or infractions and how they were handled.
- Financial information and demonstration that respondent has credible, proven track record of meeting obligations.
