

Denali Street, Anchorage, AK 99503, *Reference Desk*, (907) 343–2975. The document will also be posted at: Adak City Hall, 100 Mechanic's Way, Adak, Alaska 99546. Requests for further information can be obtained through Ian Zelo at the contact information provided above.

SUPPLEMENTARY INFORMATION: The Adak January 11, 2010 oil spill involved releases of up to 142,000 gallons of diesel fuel from the Adak Petroleum Bulk Fuel facility into Helmet Creek and related waterways. Diesel contamination was observed in streams and wetlands that provide habitat for pink salmon, Dolly Verden, juvenile fish, and marine birds. The Trustees assessed natural resource injuries and resource services losses in the spill area, while outlining potential restoration alternatives and considering the direct, indirect, and cumulative impacts of these alternatives on the human environment. The Trustees are working with Adak Petroleum to resolve its liability through the restoration and rehabilitation of natural resources injured by the oil discharge.

Proposed Restoration: The Draft DARP/EA identifies the restoration projects that the Trustees propose to restore resources and services to compensate the public for assessed losses. The Trustees' restoration objectives are: (1) Improve Helmet Creek, restore juvenile and adult fish passage, (2) Improve water quality, and (3) Allow for improved habitat for salmonid species. The Trustees considered various alternative projects to address these restoration goals, which are outlined in this DARP/EA. However, after reviewing these alternatives, the Trustees agreed that the proposed restoration alternative best met their objectives. The proposed preferred alternative includes the following projects:

- (1) Remove two trash racks from culverts in Helmet Creek.
- (2) Restore grade of creek for fish passage.
- (3) Improve low flow passage inside the Creek's culvert and above the tank farm.
- (4) Remove debris from the creek and floodplain.

- (5) Revegetate banks to minimize disturbance and provide bank stability.

Adak Petroleum, as the Responsible Party for this spill, will be funding and implementing restoration at the Helmet Creek site, under Trustee supervision. This restoration work will be undertaken in accordance with the terms of a Consent Decree that will resolve the liability of the Responsible

Party for natural resource damages under OPA and State law.

Dated: March 5, 2013.

Christopher C. Cartwright,

Associate Assistant Administrator for Management and CFO/CAO, Ocean Services and Coastal Zone Management.

Mid-Atlantic Fishery Management Council (MAFMC); Public Meeting

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice of public meeting.

SUMMARY: The Mid-Atlantic Fishery Management Council's (Council) Tilefish Monitoring Committee will hold a public meeting.

DATES: The meeting will be held on April 2, 2013 from 10 a.m. until noon.

ADDRESSES: The meeting will be held via webinar with a telephone-only connection option. Details on webinar registration and telephone-only connection details are available at: <http://www.mafmc.org>.

Council address: Mid-Atlantic Fishery Management Council, 800 North State Street, Suite 201, Dover, DE 19901; telephone: (302) 674–2331.

FOR FURTHER INFORMATION CONTACT:

Christopher M. Moore Ph.D., Executive Director, Mid-Atlantic Fishery Management Council, 800 N. State Street, Suite 201, Dover, DE 19901; telephone: (302) 526–5255.

SUPPLEMENTARY INFORMATION: The purpose of this meeting is for the Monitoring Committee to review and, if necessary, revise the current management measures designed to achieve the recommended Golden Tilefish catch limits for 2014.

Although non-emergency issues not contained in this agenda may come before this group for discussion, those issues may not be the subject of formal action during this meeting. Action will be restricted to those issues specifically listed in this notice and any issues arising after publication of this notice that require emergency action under section 305(c) of the Magnuson-Stevens Fishery Conservation and Management Act, provided the public has been

notified of the Council's intent to take final action to address the emergency.

Special Accommodations

The meeting is physically accessible to people with disabilities. Requests for sign language interpretation or other auxiliary aids should be directed to M. Jan Saunders at the Mid-Atlantic Council Office, (302) 526–5251, at least 5 days prior to the meeting date.

Dated: March 12, 2013.

Tracey L. Thompson,

Acting Deputy Director, Office of Sustainable Fisheries, National Marine Fisheries Service.

RIN 0648–XC555

Fisheries of the South Atlantic; Southeast Data, Assessment, and Review (SEDAR); Public Meetings

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice of SEDAR 32 pre-assessment and Assessment Workshop webinars for South Atlantic blueline tilefish and gray triggerfish.

SUMMARY: The SEDAR 32 assessments of the South Atlantic stocks of blueline tilefish and gray triggerfish will consist of a series of workshops and webinars: a Data Workshop; a series of Assessment webinars; and a Review Workshop. See **SUPPLEMENTARY INFORMATION**.

DATES: A SEDAR 32 pre-assessment webinar will be held on Wednesday, April 17, 2013 from 9 a.m. until 1 p.m. Additional Assessment Workshop webinars will be held from 1 p.m. until 5 p.m. on the following dates: May 8, 2013; May 23, 2013 (optional); June 5, 2013; June 19, 2013 (optional); June 26, 2013; July 10, 2013; and July 24, 2013 (optional). Optional webinar dates will be used as required by the Assessment Panel during the assessment process.

ADDRESSES: *Meeting address:* The meeting will be held via webinar. The webinar is open to members of the public. Those interested in participating should contact Julia Byrd at SEDAR (see **FOR FURTHER INFORMATION CONTACT**) to request an invitation providing webinar access information. Please request webinar invitations at least 24 hours in advance of each webinar.

SEDAR address: 4055 Faber Place Drive, Suite 201, N. Charleston, SC 29405.

FOR FURTHER INFORMATION CONTACT: Julia Byrd, SEDAR Coordinator; telephone: (843) 571-4366; email: julia.byrd@safmc.net.

SUPPLEMENTARY INFORMATION: The Gulf of Mexico, South Atlantic, and Caribbean Fishery Management Councils, in conjunction with NOAA Fisheries and the Atlantic and Gulf States Marine Fisheries Commissions, have implemented the Southeast Data, Assessment and Review (SEDAR) process, a multi-step method for determining the status of fish stocks in the Southeast Region. SEDAR is a three-step process including: (1) Data Workshop; (2) Assessment Process utilizing webinars; and (3) Review Workshop. The product of the Data Workshop is a data report which compiles and evaluates potential datasets and recommends which datasets are appropriate for assessment analyses. The product of the Assessment Process is a stock assessment report which describes the fisheries, evaluates the status of the stock, estimates biological benchmarks, projects future population conditions, and recommends research and monitoring needs. The assessment is independently peer reviewed at the Review Workshop. The product of the Review Workshop is a Summary documenting panel opinions regarding the strengths and weaknesses of the stock assessment and input data. Participants for SEDAR Workshops are appointed by the Gulf of Mexico, South Atlantic, and Caribbean Fishery Management Councils and NOAA Fisheries Southeast Regional Office, Highly Migratory Species Management Division, and Southeast Fisheries Science Center. Participants include: data collectors and database managers; stock assessment scientists, biologists, and researchers; constituency representatives including fishermen, environmentalists, and non-governmental organizations (NGOs); international experts; and staff of Councils, Commissions, and state and federal agencies.

The items of discussion in the pre-assessment webinar and Assessment Workshop webinars are as follows:

1. Participants will employ assessment models to evaluate stock status, estimate population benchmarks and management criteria, and project future conditions. The assessment models will use the recommended datasets from the Data Workshop.
2. Participants will recommend the most appropriate methods and

configurations for determining stock status and estimating population parameters.

Although non-emergency issues not contained in this agenda may come before this group for discussion, those issues may not be the subject of formal action during this meeting. Action will be restricted to those issues specifically identified in this notice and any issues arising after publication of this notice that require emergency action under section 305(c) of the Magnuson-Stevens Fishery Conservation and Management Act, provided the public has been notified of the intent to take final action to address the emergency.

Special Accommodations

These meetings are accessible to people with disabilities. Requests for auxiliary aids should be directed to the SEDAR office (see **ADDRESSES**) at least 10 business days prior to the meeting.

Note: The times and sequence specified in this agenda are subject to change.

Dated: March 12, 2013.

Tracey L. Thompson,

Acting Deputy Director, Office of Sustainable Fisheries, National Marine Fisheries Service.

National Oceanic and Atmospheric Administration

RIN 0648-XC572

Fisheries of the South Atlantic; South Atlantic Fishery Management Council; Public Meetings

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Meeting and Workshop of the South Atlantic Fishery Management Council (SAFMC) Scientific and Statistical Committee (SSC).

SUMMARY: The SAFMC will hold a meeting of its SSC along with a workshop to consider modifications to the Acceptable Biological Catch (ABC) control rule. See **SUPPLEMENTARY INFORMATION**.

DATES: The SSC Workshop will be held from 1 p.m., Monday, April 8, 2013 until 3 p.m., Tuesday April 9, 2013. The SSC Meeting will be held from 3 p.m., Tuesday, April 9, 2013 until 3 p.m., Thursday, April 11, 2013.

ADDRESSES: *Meeting address:* The meeting and workshop will be held at

the Crowne Plaza Airport Hotel, 4831 Tanger Outlet Boulevard, North Charleston, SC 29418; telephone: (800) 503-5762 or (843) 744-4422; fax: (843) 744-4472.

Council address: South Atlantic Fishery Management Council, 4055 Faber Place Drive, Suite 201, N. Charleston, SC 29405.

FOR FURTHER INFORMATION CONTACT: Kim Iverson, Public Information Officer, 4055 Faber Place Drive, Suite 201, North Charleston, SC 29405; telephone: (843) 571-4366 or toll free (866) SAFMC-10; fax: (843) 769-4520; email: kim.iverson@safmc.net.

SUPPLEMENTARY INFORMATION: The items of discussion in the individual meeting agendas are as follows:

SSC Workshop Agenda, Monday, April 8, 2013, 1 p.m. Until Tuesday, April 9, 2013, 3 p.m.

1. Discuss the ABC control rule, with emphasis on methods for deriving ABC recommendations for stocks that have reliable catch data only.
2. Review catch and biological data for unassessed stocks and recommend modifications to the ABC control rule in order to improve the use of such information when providing ABC recommendations.

SSC Meeting, Tuesday, April 9, 2013, 3 p.m. Until Thursday, April 11, 2013, 3 p.m.

1. Discuss stock assessments of black sea bass, cobia, and Spanish mackerel.
2. Discuss Fishery Management Plan (FMP) amendments that are under development for corals and snapper grouper species.
3. Review Council research priorities.
4. Discuss the SAFMC ABC control rule and ABC recommendations for unassessed stocks.
5. Discuss the stock assessment peer review processes.

Although non-emergency issues not contained in this agenda may come before this group for discussion, those issues may not be the subject of formal action during these meetings. Action will be restricted to those issues specifically identified in this notice and any issues arising after publication of this notice that require emergency action under section 305(c) of the Magnuson-Stevens Fishery Conservation and Management Act, provided the public has been notified of the intent to take final action to address the emergency.
