Information Collection Request Title: HRSA AIDS Education and Training Centers Evaluation Activities: (OMB No. 0915-0281)—Revision

Abstract: The AIDS Education and Training Centers (AETC) Program, under the Ryan White HIV/AIDS Program established by Title XXVI of the Public Health Service (PHS) Act, as amended, supports a network of regional and national centers that conduct targeted, multi-disciplinary education and training programs for health care providers treating persons with HIV/AIDS. The AETCs' purpose is to increase the number of health care providers who are effectively educated and motivated to counsel, diagnose, treat, and medically manage individuals

with HIV infection, and to help prevent high risk behaviors that lead to HIV transmission.

As part of an ongoing effort to evaluate AETC activities, information is needed on AETC training sessions, consultations, and technical assistance activities. Each regional center collects information on AETC training events, and is required to report aggregate data on their activities to HRSA's HIV/AIDS Bureau (HAB). The data provides information on the number of training events, including clinical trainings and consultations, as well as technical assistance activities conducted by each regional center, the number of health care providers receiving professional training or consultation, and the time and effort expended on different levels of training and consultation activities. In addition, information is obtained on the populations served by AETC trainees, and the increase in capacity achieved through training events. Collection of this information allows HRSA's HAB to provide information on training activities and types of education and training provided to Ryan White HIV/AIDS Program Grantees,

resource allocation, and capacity expansion. Trainees are asked to complete the Participant Information Form (PIF) for each activity they complete, and trainers are asked to complete the Event Record (ER).

Burden Statement: Burden in this context means the time expended by persons to generate, maintain, retain, disclose or provide the information requested. This includes the time needed to review instructions, to develop, acquire, install and utilize technology and systems for the purpose of collecting, validating and verifying information, processing and maintaining information, and disclosing and providing information, to train personnel and to be able to respond to a collection of information, to search data sources, to complete and review the collection of information, and to transmit or otherwise disclose the information. The total annual burden hours estimated for this Information Collection Request are summarized in the table below.

The annual estimate of burden is as follows:

Form	Number of respondents	Responses per respondent	Total responses	Average burden per response (in hours)	Total burden hours
PIF	116,624	1	116,624	0.167	19,476.2
ER	18,070	1	18,070	0.2	3,614.0
Total	134,694	134,694	23,090.2

The estimated annual burden to AETCs is as follows:

	Number of respondents	Responses per respondent	Total responses	Hours per response	Total burden hours
Aggregate Data Set	16	2	32	32	1024.0

The total burden hours are 24,114.2.

ADDRESSES: Submit your comments to paperwork@hrsa.gov or mail to the HRSA Reports Clearance Officer, Room 10-29, Parklawn Building, 5600 Fishers Lane, Rockville, MD 20857.

Deadline: Comments on this Information Collection Request must be received within 60 days of this notice.

Dated: March 12, 2013.
