Abstract of Proposed Collection

Under 22 United States Code (U.S.C.) Section 211a et seq. and Executive Order 11295 (August 5, 1966), the Secretary of State has authority to issue U.S. passports to U.S. citizens and non-citizen nationals. When the bearer of a valid U.S. passport applies for the addition of visa pages to that passport, the Department must confirm the applicant's identity and eligibility to receive passport services before the Department can return the passport to the applicant with additional visa pages. Form DS-4085 requests information that is necessary to determine whether the applicant is eligible to receive passport services in accordance with the requirements of Title III of the Immigration and Nationality Act (INA) (U.S.C. sections 1402-1504), the regulations at 22 CFR parts 50 and 51, and other applicable authorities.

Methodology

Passport Services collects information from U.S. citizens and non-citizen nationals when they complete and submit the Application for Additional Visa Pages or Miscellaneous Passport Services. Passport applicants can either download the DS-4085 from the internet or obtain one from an Acceptance Facility/Passport Agency.

The form must be completed, signed, and submitted along with the applicant's valid U.S. passport.

Additional Information

In addition to general format changes, the following content changes have been made to the form.

- **Page 1 Form—Under Line Item 15, Travel Plans:** The words "Date of Trip" have been replaced with "Departure Date" and the words "Duration of Trip" have been replaced with "Return Date".
- **Page 1 Form—In the first signature block, "Applicant's Signature—age 16 and older",** the word "Legal" has been added before "Signature".
- **Page 1 Form—The second signature block "Parent's/Legal Guardian's Signature (if identifying minor)"** has been revised to now read "Mother/Father/Parent/Legal Guardian's Signature (if identifying minor)".

The Department estimates that these changes will not result in an increase in the current burden time of 20 minutes.

Dated: March 19, 2013.

Brenda S. Sprague,

Deputy Assistant Secretary for Passport Services, Bureau of Consular Affairs, Department of State.

and at the FAA Harrisburg Airports District Office:

PA 17011.

FOR FURTHER INFORMATION CONTACT:

Charles Trice, Civil Engineer, Harrisburg Airports District Office, location listed above.

The request to lease property may be reviewed in person at this same location.

SUPPLEMENTARY INFORMATION: The FAA invites public comment on the request to lease airport property for non-

aeronautical purpose at the Bradford Regional Airport under the provisions of Section 47125(a) of Title 49 U.S.C. On April 9, 2013, the FAA determined that the request to lease airport property for non-aeronautical purpose at the Bradford Regional Airport (BFD), Pennsylvania, submitted by the Bradford Regional Airport Authority (Authority), met the procedural requirements.

The following is a brief overview of the request:

The Authority requests the lease of approximately 0.50 acres of non-aeronautical airport property to the Lafayette Township Sewer Authority (Sewer Authority), Lewis Run, Pennsylvania. The land was acquired without Federal participation. The undeveloped property is located in Lafayette Township, east of Roberts Road and immediately adjacent to and north of Pennsylvania State Route 59. The Sewer Authority is proposing to use the property to construct an extension to the existing Lafayette Township underground sewer system, and connect the extension to an existing sewer line on airport property. As shown on the Airport Layout Plan, the property does not serve an aeronautical purpose and is not needed for airport development. The sewer line will also not interfere with normal airport operations. There will be no proceeds from the lease of the property, however, the airport will receive equal if not greater intangible benefits including: the allocation of two (2) tap-in connections to the sewer line; and the allowance of two (2) Equivalent Dwelling Units, each of which apportion 400 gallons of sewage flow per day into the new system.

Any person may inspect the request by appointment at the FAA office address listed above. Interested persons are invited to comment on the proposed lease. All comments will be considered by the FAA to the extent practicable.

Issued in Camp Hill, Pennsylvania, April 9, 2013.

Lori K. Pagnanelli,

Manager, Harrisburg Airports District Office.
