

class for which they are applying. NMFS will reject incomplete applications.

Documented participation means participation proved by, but not necessarily limited to, a properly submitted NMFS or American Samoa logbook, an American Samoa creel survey record, a delivery or payment record from an American Samoa-based cannery, retailer or wholesaler, an American Samoa tax record, an individual wage record, ownership title, vessel registration, or other official documents. The documents must show either ownership of a vessel that was used to fish in the EEZ around American Samoa, or evidence of work on a fishing trip during which longline gear was used to harvest western Pacific pelagic MUS in the EEZ around American Samoa.

If the applicant does not possess the necessary documentation of evidence of work on a fishing trip based on records available only from NMFS or the Government of American Samoa, the applicant may issue a request to NMFS to obtain such records from the appropriate agencies, if available. The applicant should provide sufficient information on the fishing trip to allow NMFS to retrieve the records. If the applicant requests NMFS in writing to use longline logbook data for evidence of documented participation, the applicant must specify the qualifying vessel, official number, and month(s) and year(s) of the logbook records for NMFS to search. An applicant's request that NMFS base its determination of documented participation on records currently held by NMFS constitutes acceptance that such records fairly and accurately describe the applicant's participation in the fishery.

If NMFS receives more complete applications than available permits for a given permit class, NMFS will prioritize applicants using *only* the information in the applications and documentation provided by the applicants.

NMFS will assign the highest priority for permits in any size class to applicants with the earliest documented participation in the fishery on a Class A vessel, followed by applicants with the earliest documented participation in Classes B, C, and D, in that order. If there is a tie in priority, NMFS will rank higher the applicant whose second documented participation in the fishery is earlier. Detailed criteria for prioritizing eligible applicants are in the regulations at 50 CFR 665.816(g).

NMFS (see **ADDRESSES**) must receive applications by August 19, 2013, and will not accept late applications. Authoritative additional information on

the American Samoa limited entry program may be found in 50 CFR part 665.
