

Edwards AFB non-excess property within the same project footprint as Alternative A. Alternative B would allow the developer to have greater siting flexibility to avoid environmentally sensitive areas.

Scoping: In order to effectively define the full range of issues to be evaluated in the EIS/EIR, the Air Force and County of Kern are soliciting scoping comments from interested state and federal agencies and interested members of the public. The public scoping period will extend for 30 days following the publication of the Notice of Intent in the **Federal Register**. The public is invited to participate in scoping meetings that will be held on 12 and 13 June, 2013, in the local communities of Mojave, CA; and Rosamond, CA. Federal, State, and local agencies, along with other stakeholders who may be interested or affected by the project are invited to participate in the scoping process. Notification of the meeting locations, dates, and times will be published and announced in local news media no later than 15 days prior to public scoping meetings.

The scoping process will help identify the full range of reasonable alternatives, potential impacts, and key issues to be emphasized in the environmental analysis. The USAF has identified potential impacts to the following resources: Air Quality, Biological Resources, Cultural and Historical Resources, Water Resources, Land Use, Paleontological Resources, Soils, and Visual Resources. Scoping will assist the Air Force and County of Kern in identifying and addressing other issues of concern.

Oral and written comments presented at the public scoping meetings, as well as written comments received by the Air Force or County of Kern will be considered in the preparation of the Draft EIS/EIR.

DEPARTMENT OF EDUCATION

Notice of Proposed Collection Requests; Comment Request; Program for International Student Assessment (PISA 2015) Recruitment and Field Test

AGENCY: Department of Education.

ACTION: Correction notice.

SUMMARY: On 4/16/2013, a 60-day notice was published in the **Federal Register** (volume 78 FR, page 22530) for the Program for International Student Assessments (PISA 2015) Recruitment and Field Test, 1850–0755. Since that time, the PISA has been amended. It reflects a change in the field test design and burden. In addition to science, reading, mathematics, and collaborative problem solving, the field test will include an assessment of students' financial literacy. From the sample of students that take the science, mathematics, reading, and collaborative problem solving assessments, 585 students (15 per school) will be subsampled to return for a second assessment session to take financial literacy. Students taking financial literacy will take an additional 5 minutes of background questions. This change in the design increases the total field test student burden estimate by 42 hours. Consistent with the science, reading, and mathematics domains, the field test includes a mode effect study to examine the impact of transitioning from a paper-based to a computer-based financial literacy assessment. Schools and student response rates and other information from the field test will be evaluated to determine whether the financial literacy assessment should be administered in the main study. The revised documents have been posted to regulations.gov under Docket Number ED–2013–ICCD–0053. The 60-day period ends June 17, 2013.

The Director, Information Collection Clearance Division, Privacy, Information and Records Management Services, Office of Management, hereby issues a correction notice as required by the Paperwork Reduction Act of 1995.

Dated: May 22, 2013.

Stephanie Valentine,

Acting Director, Information Collection Clearance Division, Privacy, Information and Records Management Services, Office of Management.
