AGENCY: Consumer Product Safety Commission.
ACTION: Notice.

SUMMARY: In the **Federal Register** of April 19, 2013 (76 FR 23545), the Consumer Product Safety Commission (CPSC or Commission) published a notice in accordance with provisions of the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35), to announce the CPSC’s intention to seek extension of an approval of information collection regarding a form used to evaluate whether third party conformity assessment bodies meet the requirements to test for compliance to specified children’s product safety rules.

No comments were received in response to that notice. Therefore, by publication of this notice, the Commission announces that it has submitted to the Office of Management and Budget (OMB), a request for

extension of approval of those collections of information, without change.

SUPPLEMENTARY INFORMATION:
Request for Renewal of Approval of Collection of Information. The Consumer Product Safety Improvement Act of 2008 (CPSIA) requires third party testing to be conducted by a third party conformity assessment body for any children’s product that is subject to a children’s product safety rule before importing for consumption or warehousing or distributing in commerce. To assess a third party conformity assessment body’s

qualifications for acceptance by CPSC, information related to location, accreditation, and ownership must be collected from the third party conformity assessment body. The CPSC uses an online collection form, CPSC Form 223, to gather information from third party conformity assessment bodies seeking acceptance by CPSC. The information collected relates to location, accreditation, and ownership. Commission staff uses this information to assess:

- A third party conformity assessment body’s status as either an independent third party conformity assessment body, a government-owned or government-controlled conformity assessment body, or a firewalled conformity assessment body;
- Qualifications for acceptance by CPSC to test for compliance to specified children’s product safety rules; and
- Eligibility for acceptance on the CPSC Web site.

On March 12, 2013, the Commission published a final rule (16 CFR part 1112) in the **Federal Register** regarding the requirements for third party conformity assessment bodies. The final rule became effective on June 10, 2013. Now that 16 CFR part 1112 is in effect, the rule will require the collection of information in CPSC Form 223:

- Upon initial application by the third party conformity assessment body for acceptance by CPSC;
- At the time any of the information on the CPSC Form 223 changes; and
- At least every two years, as part of a regular audit process.

A. Estimated Burden

The CPSC estimates the burden of the collection of information in CPSC Form 223 is as follows:

ESTIMATED ANNUAL REPORTING BURDEN

Activity	Number of respondents	Frequency of responses	Total annual responses	Hours per response	Total hours
Initial Registration	55	1	55	1	55
Re-Registration	204	1	204	1	204
Changes in Information	3	1	3	0.25	0.75
Total					259.75

These estimates are based on the following information:

- From March 19, 2012 to March 19, 2013, 56 new third party conformity assessment bodies were accepted by the CPSC. Since 2011, the number of new third party conformity assessment bodies (53) accepted by the CPSC has

remained stable. Based on these historical levels of acceptance, the estimated number of third party conformity assessment bodies that would be accepted by CPSC would be 55.

- Under the final rule, 16 CFR part 1112, third party conformity assessment

bodies are required to resubmit CPSC Form 223 every two years. Because all third party conformity assessment bodies have not submitted their initial CPSC Form 223s at the same time, only some portion would be expected to resubmit a CPSC Form 223 in any one year. Based on the two year

resubmission requirement, we estimate that approximately half of the third party conformity assessment bodies would be required to resubmit in any one year. As of March 2013, 409 third party conformity assessment bodies have been accepted by CPSC for testing. Approximately half (204) of these firms would be expected to resubmit with CPSC in any given year.

- Under the final rule, 16 CFR part 1112, third party conformity assessment bodies are required to keep the information submitted on CPSC Form 223 up to date and submit a new CPSC Form 223 whenever the information on the CPSC Form 223 changes. Based on current experience with third party conformity assessment bodies, CPSC staff estimates that third party conformity assessment bodies will make no more than three revisions per year to update applicable Form 223 information. A “change in information” is a change that does not require review of laboratory accreditation documents, such as scope or test methods. Examples of revised information include: changes in the Web site URL; changes in the name of the laboratory; and a change of the point of contact.

The total burden is estimated at 259.75 hours, which is rounded up to 260 hours. CPSC staff estimates that hourly compensation for the time required for recordkeeping is \$27.12 per hour (U.S. Bureau of Labor Statistics, “Employer Costs for Employee Compensation,” Table 9, total compensation for sales, office, and related workers in goods-producing industries: <http://www.bls.gov/ncs>). The total cost burden to the respondents is approximately \$7,052 (\$27.12 × 260 hours = \$7,051.20).

Secretary, Consumer Product Safety Commission.

Submission for OMB Review; Comment Request—Virginia Graeme Baker Pool and Spa Safety Act; Compliance Form

AGENCY: Consumer Product Safety Commission.

ACTION: Notice.

SUMMARY: In the *Federal Register* of April 19, 2013 (76 FR 23546), the

Consumer Product Safety Commission (CPSC or Commission) published a notice in accordance with provisions of the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35), to announce the CPSC’s intention to seek extension of an approval regarding a form used to verify whether pools and spas are in compliance with the Virginia Graeme Baker Pool and Spa Safety Act.

No comments were received in response to that notice. Therefore, by publication of this notice, the Commission announces that it has submitted to the Office of Management and Budget (OMB), a request for extension of approval of those collections of information, without change.

DATES: Fax comments to OMB not later than August 5, 2013.

ADDRESSES: OMB recommends that written comments be faxed to the Office of Information and Regulatory Affairs, OMB, Attn: CPSC Desk Officer, FAX: 202–395–6974, or emailed to oir_submission@omb.eop.gov. All comments should be identified by Docket No. CPSC–2009–0073. SUPPLEMENTARY INFORMATION:

Request for Renewal of Approval of Collections of Information. Based on previous experience, CPSC staff estimates completion of approximately 97 pool inspections per year under the Virginia Graeme Baker Pool and Spa Safety Act. Investigators typically interview pool owners or operators or staff at the time of the inspection. In addition, investigators collect drain cover and sump certification documents as part of the pool inspection. Inspection of a pool or spa facility under the Virginia Graeme Baker Pool and Spa Safety Act generally requires approximately three hours. The annual total testing burden hours for such

inspections thus are estimated at 291 (97 inspections × 3 hours per inspection). We estimate that hourly compensation for the time required for testing is \$61.06 (U.S. Bureau of Labor Statistics, “Employer Costs for Employee Compensation,” December 2012, Table 9, total compensation for management, professional, and related workers in goods-producing industries: <http://www.bls.gov/ncs>). Accordingly, we estimate the annual cost to be \$17,768 (\$61.06 × 291).
