Submission for OMB review; 30-day Comment Request: National Cancer Institute (NCI) Cancer Nanotechnology Platform Partnership Scientific Progress Reports

SUMMARY: Under the provisions of Section 3507(a)(1)(D) of the Paperwork Reduction Act of 1995, the National Institutes of Health (NIH), has submitted to the Office of Management and Budget (OMB) a request for review and approval of the information collection listed below. This proposed information collection was previously published in the **Federal Register** on May 13, Vol. 78, p. 27974 and allowed 60-days for public comment. No public comments were received. The purpose of this notice is to allow an additional 30 days for public comment. The National Cancer Institute (NCI), National Institutes of Health, may not conduct or sponsor, and the respondent is not required to respond to, an information collection that has been extended, revised, or implemented on or after October 1, 1995, unless it displays a currently valid OMB control number.

Direct Comments to OMB: Written comments and/or suggestions regarding the item(s) contained in this notice, especially regarding the estimated public burden and associated response time, should be directed to the: Office of Management and Budget, Office of Regulatory Affairs, OIRA_submission@omb.eop.gov or by fax to 202-395-6974, Attention: NIH Desk Officer.

Comment Due Date: Comments regarding this information collection are best assured of having their full effect if received within 30-days of the date of this publication.

For Further Information: To obtain a copy of the data collection plans and instruments or request more information on the proposed project contact: Dorothy Farrell, Center for Strategic Scientific Initiatives, Office of Cancer Nanotechnology Research, National Cancer Institute, 31 Center Drive, Bldg. 31 A, Rm. 10A52, Bethesda, MD 20892 or call non-toll-free number 301-496-5652 or Email your request, including your address to: farrelld@mail.nih.gov. Formal requests for additional plans and instruments must be requested in writing.

Proposed Collection: National Cancer Institute (NCI) Alliance for Nanotechnology in Cancer Platform Partnership Scientific Progress Reports, 0925-NEW, National Cancer Institute (NCI), National Institutes of Health (NIH).

Need and Use of Information Collection: National Institutes of Health grantees are required to submit interim and final progress reports and other post-award documents associated with the monitoring, oversight, and closeout

of an award. This submission represents a request for OMB to approve new program specific progress report guidelines for Cancer Nanotechnology Platform Partnerships (CNPP) awarded by the National Cancer Institute (NCI). The CNPPs are part of the Alliance for Nanotechnology in Cancer, a network of awards funded by NCI to promote the application of nanotechnology to cancer research and care. The proposed guidelines request information about award performance related to trans-Alliance collaboration, scientific milestones, progress towards clinical translation and technology commercialization, and education and outreach efforts. The report also gathers information on leveraged funding, patents and publications. The information is gathered every six months. This information is needed to monitor the performance of this special program within NCI, funded through Requests for Applications (RFA CA-09-013, released May 29, 2009) using the cooperative agreement mechanism (U01). The information will be used to monitor individual award performance and the effectiveness of the program as a whole. The respondents are the Principal Investigators of the awards, along with their institutional business officials. The awards are administered by and the reports reviewed by the Office of Cancer Nanotechnology Research (OCNR), part of the Center for Strategic Scientific Initiatives within NCI.

OMB approval is requested for 3 years. There are no costs to respondents other than their time. The estimated annualized burden hours are 72.

ESTIMATED ANNUALIZED BURDEN TABLE

| Type of respondent | Number of respondents | Number of responses per respondent | Average burden per response (in hours) | Total annual burden hour |
|-------------------------------|-----------------------|------------------------------------|--|--------------------------|
| Principal Investigators | 12 | 2 | 3 | 72 |

Dated: July 15, 2013.

DEPARTMENT OF HOMELAND SECURITY

[Docket No. DHS-2013-0016]

Agency Information Collection Activities: Office of Biometric Identity Management (OBIM) Biometric Data Collection at the Ports of Entry

AGENCY: National Protection and Programs Directorate, DHS.

ACTION: 30-Day notice and request for comments; Extension, without change, of a currently approved collection.

SUMMARY: The Department of Homeland Security (DHS), National Protection and Programs Directorate (NPPD), Office of Biometric Identity Management (OBIM), formerly the United States Visitor and Immigrant Status Indicator Technology (US-VISIT) Program, will submit the following Information Collection Request (ICR) to the Office of Management and Budget (OMB) for review and clearance in accordance with the Paperwork Reduction Act of 1995 (Pub. L. 104-13, 44 U.S.C. Chapter 35). NPPD is soliciting comments

concerning this biometric data collection at the ports of entry. DHS previously published this ICR in the **Federal Register** on April 15, 2013, for a 60-day public comment period. DHS received three comments in response to that notice. The purpose of this notice is to allow an additional 30 days for public comments.

DATES: Comments are encouraged and will be accepted until August 22, 2013. This process is conducted in accordance with 5 CFR 1320.10.

ADDRESSES: Interested persons are invited to submit written comments on the proposed information collection to the Office of Information and Regulatory Affairs, OMB. Comments should be addressed to OMB Desk Officer, Department of Homeland Security, Office of Civil Rights and Civil Liberties. Comments must be identified by DHS-2010-0016 and may be submitted by one of the following methods:

- *Federal eRulemaking Portal:* <http://www.regulations.gov>.

- *Email:* oir_submission@omb.eop.gov. Include the docket number in the subject line of the message.

- *Fax:* (202) 395-5806

Instructions: All submissions received must include the words "Department of Homeland Security" and the docket number for this action. Comments received will be posted without alteration at <http://www.regulations.gov>, including any personal information provided.

OMB is particularly interested in comments that:

1. Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

2. Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;

3. Enhance the quality, utility, and clarity of the information to be collected; and

4. Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submissions of responses.

FOR FURTHER INFORMATION CONTACT:

Steven P. Yonkers, DHS/NPPD/OBIM, Steve.Yonkers@dhs.gov.

SUPPLEMENTARY INFORMATION: DHS established OBIM, formerly the US-VISIT Program, to meet specific legislative mandates intended to strengthen border security, address critical needs in terms of providing decision-makers with critical information, and demonstrate progress toward performance goals for national security, expediting of trade and travel, and supporting immigration system improvements. DHS collects and disseminates biometric information (digital fingerprint images and facial photos) from individuals during their entry into the United States. This information is disseminated to specific DHS Components; other Federal agencies; Federal, state, and local law enforcement agencies; and the Intelligence Community to assist in the decisions they make related to, and in support of, the homeland security mission. Beginning on December 10, 2007, US-VISIT expanded the collection of fingerprints from two prints to ten. The new collection time of 35 seconds, an increase from the previous 15 seconds, is a result of this change, and includes officer instructions. Additionally, DHS published a final rule, entitled "United States Visitor and Immigrant Status Indicator Technology Program (US-VISIT); Enrollment of Additional Aliens in US-VISIT; Authority To Collect Biometric Data From Additional Travelers and Expansion to the 50 Most Highly Trafficked Land Border Ports of Entry," which became effective on January 18, 2009, and expanded the population of aliens subject to the requirement of having to provide biometrics in connection with their admission to the United States. *See* 73 FR 77473 (Dec. 19, 2008).
