Bureau of Land Management

[LLMTB07900 09 L10100000 PH0000 LXAMANMS0000]

Notice of Public Meeting; Western Montana Resource Advisory Council

AGENCY: Bureau of Land Management, Interior.

ACTION: Notice of public meeting.

SUMMARY: In accordance with the Federal Land Policy and Management Act and the Federal Advisory Committee Act of 1972, the U.S. Department of the Interior, Bureau of Land Management (BLM) Western Montana Resource Advisory Council (RAC) will meet as indicated below.

DATES: The meeting will be held August 21, 2013. The meeting will begin at 9 a.m. with a 30-minute public comment period starting at 11:30 a.m. and will adjourn at 3 p.m.

ADDRESSES: The meeting will be in the BLM's Butte Field Office, 106 N. Parkmont in Butte, MT.

SUPPLEMENTARY INFORMATION: This 15-member council advises the Secretary of the Interior on a variety of management issues associated with public land management in Montana. During this meeting the council will participate in/discuss/act upon several topics, including a discussion of the Northern

Continental Divide grizzly bear conservation strategy, proposed recreation fees by the BLM and the U.S. Forest Service, and updates from the BLM's Butte, Missoula and Dillon field offices.

All RAC meetings are open to the public. The public may present written comments to the RAC. Each formal RAC meeting will also have time allocated for hearing public comments. Depending on the number of persons wishing to comment and time available, the time for individual oral comments may be limited.

FOR FURTHER INFORMATION CONTACT:

David Abrams, Western Montana Resource Advisory Council Coordinator, Butte Field Office, 106 North Parkmont, Butte, MT 59701, 406-533-7617, dabrams@blm.gov. Persons who use a telecommunications device for the deaf (TDD) may call the Federal Information Relay Service (FIRS) at 1-800-877-8339 to contact the above individual during normal business hours. The FIRS is available 24 hours a day, 7 days a week, to leave a message or question with the above individual. You will receive a reply during normal business hours.

Cornelia H. Hudson,

District Manager (Acting), Western Montana District.

[LLID9570000.LL14200000.BJ0000]

IDAHO: Filing of Plats of Survey

AGENCY: Bureau of Land Management, Interior.

ACTION: Notice of filing of plats of surveys.

SUMMARY: The Bureau of Land Management (BLM) has officially filed the plats of survey of the lands described below in the BLM Idaho State Office, Boise, Idaho, effective 9:00 a.m., on the dates specified.

FOR FURTHER INFORMATION CONTACT:

Bureau of Land Management, 1387 South Vinnell Way, Boise, Idaho 83709-1657.

SUPPLEMENTARY INFORMATION: These surveys were executed at the request of the Bureau of Land Management to meet their administrative needs. The lands surveyed are:

The plat representing the dependent resurvey of portions of the south boundary and subdivisional lines, and the subdivision of section 35, T., 11 N.,

R., 5 W., of the Boise Meridian, Idaho, Group Number 1362, was accepted June 5, 2013.

The plat representing the entire survey record of the dependent resurvey of a portion of the subdivisional lines, and the subdivision of section 34, T., 2 N., R., 17 E., of the Boise Meridian, Idaho, Group Number 1384, was accepted June 14, 2013.

The plat representing the entire survey record of the dependent resurvey of a portion of the west boundary and subdivisional lines, and the subdivision of section 7, and a metes-and-bounds survey in section 7, T., 7 S., R. 35 E., of the Boise Meridian, Idaho, Group Number 1312, was accepted June 24, 2013.

The plat representing the dependent resurvey of portions of the east boundary, subdivisional lines, and boundaries of certain mineral surveys, and the subdivision of sections 26 and 27, T., 48 N., R. 5 E., of the Boise Meridian, Idaho, Group Number 1275, was accepted June 28, 2013.

This survey was executed at the request of the Bureau of Indian Affairs to meet their administrative needs. The lands surveyed are:

The plat representing the dependent resurvey of portions of the east and north boundaries, subdivisional lines, and subdivision of section 3, and the additional subdivision of section 3, and the subdivision of sections 9 and 12, T. 34 N., R. 2 W., Boise Meridian, Idaho, Group Number 1353, was accepted May 9, 2013.

This survey was executed at the request of the Bureau of Reclamation to meet their administrative needs. The lands surveyed are:

The plat representing the dependent resurvey of portions of the subdivisional lines and the subdivision of sections 3, 4, 10, and 11, and the further subdivision of section 4, and metes-and-bounds surveys in sections 3, 4, 10, and 11, T. 2 N., R. 3 E., of the Boise Meridian, Idaho, Group Number 1366, was accepted May 29, 2013.

This survey was executed at the request of the USDA Forest Service to meet their administrative needs. The lands surveyed are:

The field notes representing the remonumentation of certain mile posts and angle points along the boundary between the states of Idaho and Montana, T. 27 N., Rs. 21 and 22 E., Boise Meridian, Idaho, Group Number 1500, was approved June 19, 2013.

Dated: July 10, 2013.

Stanley G. French,

Chief Cadastral Surveyor for Idaho.

National Park Service

[NPS-WASO-NAGPRA-13277;
PPWOCRADN0-PCU00RP14.R50000]

Notice of Inventory Completion: Hamilton County Department of Parks and Recreation, Hamilton County, IN

AGENCY: National Park Service, Interior.

ACTION: Notice.

SUMMARY: The Hamilton County Department of Parks and Recreation (here after referred to as "Park") has completed an inventory of human remains and associated funerary objects, in consultation with the appropriate Indian tribes or Native Hawaiian organizations, and has determined that there is no cultural affiliation between the human remains and associated funerary objects and any present-day Indian tribes or Native Hawaiian organizations. Representatives of any Indian tribe or Native Hawaiian organization not identified in this notice that wish to request transfer of control of these human remains and associated funerary objects should submit a written request to the Park. If no additional requestors come forward, transfer of control of the human remains and associated funerary objects to the Indian tribes or Native Hawaiian organizations stated in this notice may proceed.

DATES: Representatives of any Indian tribe or Native Hawaiian organization not identified in this notice that wish to request transfer of control of these human remains and associated funerary objects should submit a written request with information in support of the request to the Park at the address in this notice by August 29, 2013.

ADDRESSES: Hamilton County Department of Parks and Recreation, Attn: Mr. Allen Patterson, Director, 15513 South Union Street, Westfield, IN 46033, telephone (317) 770-4400, email allen.patterson@hamiltoncounty.in.gov.

SUPPLEMENTARY INFORMATION: Notice is hereby given in accordance with the Native American Graves Protection and Repatriation Act (NAGPRA), 25 U.S.C. 3003, of the completion of an inventory of human remains and associated funerary objects under the control of the Park. The human remains and associated funerary objects were

removed from the Strawtown Koteewi Park, Hamilton County, IN.

This notice is published as part of the National Park Service's administrative responsibilities under NAGPRA, 25 U.S.C. 3003(d)(3) and 43 CFR 10.11(d). The determinations in this notice are the sole responsibility of the museum, institution, or Federal agency that has control of the Native American human remains and associated funerary objects. The National Park Service is not responsible for the determinations in this notice.

Consultation

A detailed assessment of the human remains and associated funerary objects was made by the Park professional staff in consultation with representatives of the Absentee-Shawnee Tribe of Indians of Oklahoma; Eastern Shawnee Tribe of Oklahoma; Miami Tribe of Oklahoma; Pokagon Band of Potawatomi Indians, Michigan and Indiana; and the Shawnee Tribe. The Delaware Nation, Oklahoma, did not participate in the consultation but monitored the process through an agreement with the Miami Tribe of Oklahoma.

History and Description of the Remains

Between 2001 and 2011, human remains representing, at minimum, 34 individuals were removed from Strawtown Koteewi Park in Hamilton County, IN, during field schools and by professional archaeological teams investigating archaeological sites within the property boundaries. The human remains were recovered primarily from two archaeological locations within the park boundaries, site 12 H 883 (The Strawtown Enclosure) and site 12 H 3 (The Castor Farm site). Additionally, one phalange was recovered from site 12 H 1052 in 2011. During the course of these investigations, multiple isolated human remains and several burials were inadvertently encountered. No intact burials were removed and standard archaeological procedure when encountering a burial involved either: (a) Exposing and documenting the burial or (b) once a burial was encountered, all excavations were halted in the immediate area. All burials were covered again with soils from the excavated area.

In some instances, bone samples were removed from the burials to undergo further archaeological investigation. The bone samples that were recovered are included in the human remains intended for repatriation and are reflected in the minimum number of individuals (MNI). In addition, multiple, presumably secondarily deposited, isolated human remains were

encountered during archaeological fieldwork. Often, the isolated human remains were identified in the laboratory post active archaeological fieldwork. These individual elements and fragments were recovered from feature and unit contexts. These items are presumed to have been secondarily deposited after they were prehistorically encountered during construction of houses, storage pits, postholes, etc. Additionally, during the 2002 excavation year, a number of human remains were collected from the back dirt of an active groundhog hole within the enclosure.

A detailed osteological analysis of the human remains as a whole has not been completed. The human remains underwent archaeological processing and analysis under the direction of Indiana University Purdue University at Ft. Wayne and were then turned over to Hamilton County Parks and Recreation. They currently reside at the Taylor Center of Natural History located in Strawtown Koteewi Park, where they are awaiting repatriation in a secure curation facility. No known individuals were identified. The 151 associated funerary objects were removed from the two main excavation sites, as detailed below.

From site 12 H 883, the 115 associated funerary objects are 4 lots of animal bone (burned and unburned); 1 animal incisor tool; 1 antler indeterminate tool; 1 lot of antler non-formal tool; 2 lots of antler projectile point, partial and unrefined; 1 lot of antler tine flakers; 1 antler tine tool; 1 antler toggle; 1 lot of antler tool making debris; 1 bear maxilla; 1 bear tooth; 2 lots of bone awl fragments; 2 lots of bone beamers, partial; 1 bone fish hook fragment; 1 bone indeterminate tool fragment; 1 bone tool fragment; 1 lot of bone tool making debris; 3 lots of burned soil; 1 burned soil or coil tip; 1 chert biface tip; 5 chert bifaces, unrefined; 4 lots of chert core; 4 lots of chert debitage; 1 chert graver fragment; 4 lots of chert non-formal uniface; 2 lots of chert T-base drill; 1 chert triangular projectile point fragment; 2 lots of chert triangular projectile points; 2 lots of detritus; 1 dog skeleton from a dog burial, relatively complete; 1 lot of drill fragments; 4 lots of FCR; 2 lots of fish scale; 4 lots of flora; 1 lot of flotation; 1 lot of formal uniface; 1 lot of hammer stone; 1 lot of hammer stone with ochre residue; 1 lot of humpback knife; 1 lot of intermediate bone tool; 4 lots of light and heavy fraction; 1 modified animal tooth; 1 lot of mussel shell fragments; 1 lot of non-formal uniface; 2 lots of ochre; 1 pestle fragment; 1 pitted stone with ochre residue; 4 lots of pottery sherds; 1 lot of
