

Diamond sawblade cores with a Rockwell C hardness of less than 25 are excluded from the scope of the order. Diamond sawblades and/or diamond segment(s) with diamonds that predominantly have a mesh size number greater than 240 (such as 250 or 260) are excluded from the scope of the order.

Merchandise subject to the order is typically imported under heading 8202.39.00.00 of the Harmonized Tariff Schedule of the United States (HTSUS). When packaged together as a set for retail sale with an item that is separately classified under headings 8202 to 8205 of the HTSUS, diamond sawblades or parts thereof may be imported under heading 8206.00.00.00 of the HTSUS. On October 11, 2011, the Department included the 6804.21.00.00 HTSUS classification number to the customs case reference file, pursuant to a request by U.S. Customs and Border Protection (CBP).⁴

The tariff classification is provided for convenience and customs purposes; however, the written description of the scope of the order is dispositive.

Final Results of Changed Circumstances Review

Because no parties have submitted comments opposing the Department's *Preliminary Results*, and because there is no other information or evidence on the record that calls into question the *Preliminary Results*, the Department determines that Husqvarna (Hebei) Co., Ltd. is the successor-in-interest to Hebei Husqvarna Jikai Diamond Tools Co., Ltd. for the purpose of determining antidumping duty liability.

Instructions to U.S. Customs and Border Protection

As a result of this determination, we find that Husqvarna (Hebei) Co., Ltd. should receive the cash deposit rate previously assigned to Hebei Husqvarna Jikai Diamond Tools Co., Ltd. in the most recently completed review of the antidumping duty order on diamond sawblades and parts thereof from the People's Republic of China. Consequently, the Department will instruct CBP to collect estimated antidumping duties for all shipments of subject merchandise exported by Husqvarna (Hebei) Co., Ltd. and entered, or withdrawn from warehouse, for consumption on or after the publication date of this notice in the **Federal Register** at the current cash deposit rate for Hebei Husqvarna Jikai Diamond Tools Co., Ltd., which is 0.00

Failure to comply with the regulations and terms of an APO is a sanctionable violation.

SUPPLEMENTARY INFORMATION:

Background

On June 25, 2013, the Department disclosed to interested parties its calculations for the *Final Results*.² On July 1, 2013, we received ministerial error comments from Petitioners. No other interested party submitted comments.

Scope of the Order

For a full description of the products covered by the antidumping duty order, see I&D Memo.

Ministerial Errors

Section 751(h) of the Tariff Act of 1930, as amended ("the Act"), and 19 CFR 351.224(f) define a "ministerial error" as an error "in addition, subtraction, or other arithmetic function, clerical error resulting from inaccurate copying, duplication, or the like, and any similar type of unintentional error which the Secretary considers ministerial." After analyzing Petitioners' ministerial error comments, we have determined, in accordance with section 751(h) of the Act and 19 CFR 351.224(e), that we made a ministerial error in our calculation for the *Final Results*. For a detailed discussion of all alleged ministerial errors, as well as the Department's analysis, see Memorandum to Paul Piquado, Assistant Secretary for Import Administration, through Gary Taverman, Senior Advisor for Antidumping and Countervailing Duty Operations, from James C. Doyle, Director, Office 9, "Antidumping Duty New Shipper Reviews, 2011-2012, of Certain Frozen Fish Fillets from the Socialist Republic of Vietnam: Ministerial Error Allegation Memorandum," dated concurrently with this notice.

In accordance with section 751(h) of the Act and 19 CFR 351.224(e), we are amending the *Final Results* of the new shipper review of fish fillets from Vietnam for Hoang Long. The revised weighted-average dumping margin for Hoang Long is detailed below. We have

² The interested parties include: The Catfish Farmers of America, and individual U.S. catfish processors (collectively "Petitioners"), Quang Minh Seafood Co., Ltd. ("Quang Minh"), Dai Thanh Seafoods Company Limited ("Dathaco"), Fatifish Company Limited ("Fatifish"), and Hoang Long Seafood Processing Co., Ltd. ("Hoang Long").

not revised the weighted-average dumping margins and cash deposit requirements for the other companies subject to the *Final Results* because the ministerial error referenced above does

not affect the calculation of their margins.

Amended Final Results of the New Shipper Review

The amended weighted-average dumping margin calculated for Hoang Long in the new shipper review is as follows:

Exporter	Producer	Weighted-average margin (dollars per kilogram)
Hoang Long Seafood Processing Co., Ltd	Hoang Long Seafood Processing Co., Ltd	0.83

Disclosure

We will disclose the calculations performed for these amended final results to interested parties within five days of the date of publication of this notice in accordance with 19 CFR 351.224(b).

Assessment Rates

Pursuant to section 751(a)(2)(A) of the Act and 19 CFR 351.212(b), the Department will determine, and U.S. Customs and Border Protection (“CBP”) shall assess, antidumping duties on all appropriate entries of subject merchandise in accordance with the amended final results of this review. The Department intends to issue appropriate assessment instructions directly to CBP 15 days after publication of the amended final results of this new shipper review.

For assessment purposes, we calculated importer (or customer)-specific assessment rates for merchandise subject to this review. We will continue to direct CBP to assess importer-specific assessment rates based on the resulting per-unit (*i.e.*, per-kilogram) rates by the weight in kilograms of each entry of the subject merchandise during the POR. Specifically, we calculated importer-specific duty assessment rates on a per-unit rate basis by dividing the total dumping margins (calculated as the difference between normal value and export price or constructed export price) for each importer by the total sales quantity of subject merchandise sold to that importer during the POR. We will instruct CBP to assess antidumping duties on all appropriate entries covered by this review if any importer-specific assessment rate calculated in the final results of this review is above *de minimis* (*i.e.*, 0.50 percent or more). Where either the respondent’s weighted-average dumping margin is zero or *de minimis*, or an importer-specific assessment rate is zero or *de minimis*, we will instruct CBP to liquidate the appropriate entries without regard to

antidumping duties, in accordance with 19 CFR 351.106(c)(2).

Cash Deposit Requirements

The following cash deposit requirements will be effective retroactively on any entries made after July 2, 2013, the date of publication of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the publication date of the amended final results of these new shipper reviews, as provided for by section 751(a)(2)(C) of the Act: (1) For subject merchandise produced and exported by Hoang Long, the cash deposit rate will be the rate established in the amended final results of this new shipper review; (2) for subject merchandise exported by Hoang Long, but not manufactured by Hoang Long, the cash deposit rate will continue to be the Vietnam-wide rate (*i.e.*, \$2.11/kilogram);³ and (3) for subject merchandise manufactured by Hoang Long, but exported by any other party, the cash deposit rate will be the rate applicable to the exporter. The cash deposit requirement, when imposed, shall remain in effect until further notice.

Reimbursement of Duties

This notice also serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this POR. Failure to comply with this requirement could result in the Department’s presumption that reimbursement of antidumping duties has occurred and the subsequent assessment of doubled antidumping duties.

Administrative Protective Orders

This notice also serves as a reminder to parties subject to administrative protective order (“APO”) of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305, which continues to govern business proprietary information in this segment of the proceeding. Timely written notification of the return or destruction of APO materials, or conversion to judicial protective order, is hereby requested. Failure to comply with the regulations and terms of an APO is a violation which is subject to sanction.

These amended final results are published in accordance with sections 751(h) and 777(i)(1) of the Act.
