

that the community must change any existing ordinances that are more stringent in their floodplain management requirements. The community may at any time enact stricter requirements of its own or pursuant to policies established by other

Federal, State, or regional entities. The flood hazard determinations are in accordance with 44 CFR 65.4.

The affected communities are listed in the following table. Flood hazard determination information for each community is available for inspection at both the online location and the

respective community map repository address listed in the table below.

Additionally, the current effective FIRM and FIS report for each community are accessible online through the FEMA Map Service Center at www.msc.fema.gov for comparison.

BILLING CODE 9110-12-P

DEPARTMENT OF HOMELAND SECURITY

Federal Emergency Management Agency

[Docket No. FEMA-2013-0002; Internal Agency Docket No. FEMA-B-1322]

Proposed Flood Hazard Determinations

AGENCY: Federal Emergency Management Agency; DHS.

ACTION: Notice; correction.

SUMMARY: On June 17, 2013, FEMA published in the **Federal Register** (78 FR 36220-36222) a proposed flood hazard determination notice that contained an erroneous table. This notice provides corrections to that table, to be used in lieu of the information published at 78 FR 36220. The table provided here represents the proposed flood hazard determinations and communities affected for Orange County, Texas, and Incorporated Areas.

DATES: Comments are to be submitted on or before November 25, 2013.

ADDRESSES: The Preliminary Flood Insurance Rate Map (FIRM), and where applicable, the Flood Insurance Study (FIS) report for each community are available for inspection at both the online location and the respective Community Map Repository address listed in the table below. Additionally, the current effective FIRM and FIS report for each community are accessible online through the FEMA Map Service Center at www.msc.fema.gov for comparison.

You may submit comments, identified by Docket No. FEMA-B-1322, to Luis Rodriguez, Chief, Engineering Management Branch, Federal Insurance and Mitigation Administration, FEMA, 500 C Street SW., Washington, DC 20472, (202) 646-4064, or (email) Luis.Rodriguez3@fema.dhs.gov.

FOR FURTHER INFORMATION CONTACT: Luis Rodriguez, Chief, Engineering Management Branch, Federal Insurance and Mitigation Administration, FEMA, 500 C Street SW., Washington, DC 20472, (202) 646-4064 or (email) Luis.Rodriguez3@fema.dhs.gov; or visit the FEMA Map Information eXchange (FMIX) online at www.floodmaps.fema.gov/fhm/fmx_main.html.

SUPPLEMENTARY INFORMATION: FEMA proposes to make flood hazard determinations for each community listed in the table below, in accordance with Section 110 of the Flood Disaster

Protection Act of 1973, 42 U.S.C. 4104, and 44 CFR 67.4(a).

These proposed flood hazard determinations, together with the floodplain management criteria required by 44 CFR 60.3, are the minimum that are required. They should not be construed to mean that the community must change any existing ordinances that are more stringent in their floodplain management requirements. The community may at any time enact stricter requirements of its own, or pursuant to policies established by other Federal, State, or regional entities. These flood hazard determinations are used to meet the floodplain management requirements of the NFIP and are also used to calculate the appropriate flood insurance premium rates for new buildings built after the FIRM and FIS report become effective.

The communities affected by the flood hazard determinations are provided in the table below. Any request for reconsideration of the revised flood hazard determinations shown on the Preliminary FIRM and FIS report that satisfies the data requirements outlined in 44 CFR 67.6(b) is considered an appeal. Comments unrelated to the flood hazard determinations will also be considered before the FIRM and FIS report are made final.

Use of a Scientific Resolution Panel (SRP) is available to communities in support of the appeal resolution process. SRPs are independent panels of

experts in hydrology, hydraulics, and other pertinent sciences established to review conflicting scientific and technical data and provide recommendations for resolution. Use of the SRP may only be exercised after FEMA and local communities have been engaged in a collaborative consultation process for at least 60 days without a mutually acceptable resolution of an appeal. Additional information regarding the SRP process can be found online at http://www.fema.gov/pdf/media/factsheets/2010/srp_fs.pdf.

In the proposed flood hazard determination notice published at 78 FR 36220 in the June 17, 2013, issue of the **Federal Register**, FEMA published a table titled "Orange County, Texas, and Incorporated Areas." This table contained inaccurate information as to the watershed or communities affected by the proposed flood hazard determinations, or the associated community map repository or web addresses also featured in the table. In this document, FEMA is publishing a table containing the accurate information, to address these prior errors. The information provided below should be used in lieu of that previously published.

Correction

In Proposed rule FR Doc. 2013-14285, beginning on page 36220 in the issue of June 17, 2013, make the following correction. On page 36222, correct the Orange County, Texas table as follows:

Community	Local map repository address
Orange County, Texas, and Incorporated Areas	
Maps Available for Inspection Online at: www.riskmap6.com/Community.aspx?cid=430&sid=5	
City of Bridge City	City Hall, 260 Rachal Avenue, Bridge City, TX 77611.
City of Orange	Planning and Community Development Department, 303 8th Street, Orange, TX 77630.
City of Pine Forest	Pine Forest City Hall, 305 Nagel Drive, Vidor, TX 77662.
City of Pinehurst	Pinehurst City Hall, 2497 Martin Luther King Jr. Drive, Orange, TX 77630.
City of Rose City	Secretary's Office, 370 South Rose City Drive, Rose City, TX 77662.
City of Vidor	Public Works Department, 1395 North Main Street, Vidor, TX 77662.
City of West Orange	City Hall, 2700 Western Avenue, West Orange, TX 77630.
Unincorporated Areas of Orange County	Orange County Environmental Health and Code Compliance Department, 10984 FM 1442, Orange, TX 77630.

DEPARTMENT OF HOMELAND SECURITY

U.S. Customs and Border Protection

Accreditation and Approval of Inspectorate America Corporation, as a Commercial Gauger and Laboratory

AGENCY: U.S. Customs and Border Protection, Department of Homeland Security.

ACTION: Notice of accreditation and approval of Inspectorate America Corporation, as a commercial gauger and laboratory.

SUMMARY: Notice is hereby given, pursuant to CBP regulations, that Inspectorate America Corporation, has been approved to gauge and accredited to test petroleum and petroleum products, organic chemicals and vegetable oils for customs purposes for the next three years as of March 14, 2013.

DATES: *Effective Dates:* The accreditation and approval of Inspectorate America Corporation, as commercial gauger and laboratory became effective on March 14, 2013. The next triennial inspection date will be scheduled for March 2016.

FOR FURTHER INFORMATION CONTACT: Approved Gauger and Accredited Laboratories Manager, Laboratories and Scientific Services, U.S. Customs and Border Protection, 1331 Pennsylvania Avenue NW., Suite 1500N, Washington, DC 20229, tel. 202-344-1060.

SUPPLEMENTARY INFORMATION: Notice is hereby given pursuant to 19 CFR 151.12 and 19 CFR 151.13, that Inspectorate America Corporation, 3306 Loop 197 North, Texas City, TX 77590, has been approved to gauge and accredited to test petroleum and petroleum products, organic chemicals and vegetable oils for customs purposes, in accordance with the provisions of 19 CFR 151.12 and 19 CFR 151.13. Anyone wishing to employ this entity to conduct laboratory analyses and gauger services should request and receive written assurances from the entity that it is accredited or approved by the U.S. Customs and

Border Protection to conduct the specific test or gauger service requested. Alternatively, inquiries regarding the specific test or gauger service this entity is accredited or approved to perform may be directed to the U.S. Customs and Border Protection by calling (202) 344-1060. The inquiry may also be sent to cbp.labhq@dhs.gov. Please reference the Web site listed below for a complete listing of CBP approved gaugers and accredited laboratories: http://cbp.gov/linkhandler/cgov/trade/basic_trade/labs_scientific_svcs/commercial_gaugers/gaulist.ctt/gaulist.pdf.

Dated: August 14, 2013.

BILLING CODE 9111-14-P

DEPARTMENT OF HOMELAND SECURITY

U.S. Customs and Border Protection

Announcement of Test Concerning Manifesting and Entry of Residue Found in Instruments of International Traffic (IITs)

AGENCY: U.S. Customs and Border Protection, Department of Homeland Security.

ACTION: General notice.

SUMMARY: This document announces U.S. Customs and Border Protection's (CBP's) plan to conduct a test concerning the manifesting and entry of residual cargo found in containers arriving as Instruments of International Traffic (IIT). The document also announces that CBP will begin enforcement of HQ Ruling H026715, dated June 19, 2009, when the test announced in this document begins. In HQ Ruling H026715, CBP held that in order to ensure the safety and security of the transportation of IIT containers and the CBP Officers who may examine or work in close proximity to them, IIT containers with residual cargo should not be manifested as empty consistent with the advance cargo information reporting requirements authorized pursuant to 19 U.S.C. 2071 note. The
