

In a letter dated August 23, 2013, BTIC withdrew its request for review of itself. No other parties requested a review.

Scope of the Order

The merchandise covered by the order is seamless steel cylinders designed for storage or transport of compressed or liquefied gas ("high pressure steel cylinders"). High pressure steel cylinders are fabricated of chrome alloy steel including, but not limited to, chromium-molybdenum steel or chromium magnesium steel, and have permanently impressed into the steel, either before or after importation, the symbol of a U.S. Department of Transportation, Pipeline and Hazardous Materials Safety Administration ("DOT") approved high pressure steel cylinder manufacturer, as well as an approved DOT type marking of DOT 3A, 3AX, 3AA, 3AAX, 3B, 3E, 3HT, 3T, or DOT-E (followed by a specific exemption number) in accordance with the requirements of sections 178.36 through 178.68 of Title 49 of the Code of Federal Regulations, or any subsequent amendments thereof. High pressure steel cylinders covered by the investigation have a water capacity up to 450 liters, and a gas capacity ranging from 8 to 702 cubic feet, regardless of corresponding service pressure levels and regardless of physical dimensions, finish or coatings.

Excluded from the scope of the order are high pressure steel cylinders manufactured to UN-ISO-9809-1 and 2 specifications and permanently impressed with ISO or UN symbols. Also excluded from the investigation are acetylene cylinders, with or without internal porous mass, and permanently impressed with 8A or 8AL in accordance with DOT regulations.

Merchandise covered by the order is classified in the Harmonized Tariff Schedule of the United States ("HTSUS") under subheading 7311.00.00.30. Subject merchandise may also enter under HTSUS subheadings 7311.00.00.60 or 7311.00.00.90. Although the HTSUS subheadings are provided for convenience and customs purposes, the written description of the merchandise under the investigation is dispositive.

Rescission of Administrative Review

Pursuant to 19 CFR 351.213(d)(1), the Secretary will rescind an administrative review, in whole or in part, if the party that requested the review withdraws the

request within 90 days of the date of publication of the notice of initiation of the requested review. BTIC timely withdrew its request for review of itself. Because no other party requested a review, pursuant to 19 CFR 351.213(d)(1), the Department is rescinding the entire administrative review of the antidumping duty order on high pressure steel cylinders from the PRC for the period December 15, 2011, to May 31, 2013.

Assessment

The Department will instruct U.S. Customs and Border Protection ("CBP") to assess antidumping duties on all appropriate entries. Antidumping duties shall be assessed at rates equal to the cash deposit of estimated antidumping duties required at the time of entry, or withdrawal from warehouse, for consumption, in accordance with 19 CFR 351.212(c)(1)(i). The Department intends to issue assessment instructions directly to CBP 15 days after the date of publication of this notice in the **Federal Register**, if appropriate.

Notification to Importers

This notice serves as a reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Secretary's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

Notification Regarding Administrative Protective Orders

This notice also serves as a reminder to parties subject to administrative protective orders ("APO") of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305, which continues to govern business proprietary information in this segment of the proceeding. Timely written notification of the return or destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a violation which is subject to sanction.

This notice is issued and published in accordance with section 751(a) and 777(i) of the Tariff Act of 1930, as amended, and 19 CFR 351.213(d)(4).

Dated: September 5, 2013.

Christian Marsh,

Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations.

Small Diameter Graphite Electrodes From the People's Republic of China: Final Results of Antidumping Duty Administrative Review; 2011-2012

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

SUMMARY: On March 8, 2013, the Department of Commerce (the Department) published the preliminary results of the administrative review of the antidumping duty order on small diameter graphite electrodes from the People's Republic of China (the PRC). The period of review (POR) is February 1, 2011, through January 31, 2012. For the final results, we continue to find that certain companies covered by this review have not made sales of subject merchandise at less than normal value, and that other companies are now part of the PRC-wide entity.

DATES: *Effective Date:* September 11, 2013.

FOR FURTHER INFORMATION CONTACT:

Dmitry Vladimirov or Minoo Hatten, AD/CVD Operations, Office 1, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue NW., Washington, DC 20230; telephone: (202) 482-0665 or (202) 482-1690, respectively.

SUPPLEMENTARY INFORMATION:

Background

On March 8, 2013, the Department published the preliminary results of the administrative review of the antidumping duty order on small diameter graphite electrodes from the PRC.¹ We received case and rebuttal briefs with respect to the *Preliminary Results*.

We have conducted this administrative review in accordance with section 751 of the Tariff Act of 1930, as amended (the Act).

¹ See *Small Diameter Graphite Electrodes From the People's Republic of China: Preliminary Results of Antidumping Duty Administrative Review and Partial Rescission; 2011-2012*, 78 FR 14964 (March 8, 2013) (*Preliminary Results*), and accompanying Preliminary Decision Memorandum.

Notice. However, because June 30, 2013, was a Sunday, BTIC filed its request for review on the next business day, July 1, 2013. See 19 CFR 351.303(b).

Scope of the Order

The merchandise covered by the order includes all small diameter graphite electrodes with a nominal or actual diameter of 400 millimeters (16 inches) or less and graphite pin joining systems for small diameter graphite electrodes. Small diameter graphite electrodes and graphite pin joining systems for small diameter graphite electrodes that are subject to the order are currently classified under the Harmonized Tariff Schedule of the United States (HTSUS) subheadings 8545.11.0010 and 3801.10. The HTSUS numbers are provided for convenience and customs purposes. A full description of the scope of the order is contained in the Issues and Decision Memorandum,² which is hereby adopted by this notice. The written description of the scope of the order is dispositive.

Determination of No Shipments

UK Carbon and Graphite Co., Ltd. (UKCG) timely filed a “no shipment” certification stating that it had no entries of subject merchandise during the POR.³ We subsequently confirmed with U.S. Customs and Border Protection (CBP) the “no shipment” claim made by UKCG.⁴ Based on the certifications by UKCG and CBP’s confirmation, we determine that UKCG did not have any reviewable entries of subject merchandise during the POR, and will issue appropriate instructions that are consistent with our “automatic assessment” clarification, for these final results.⁵

Analysis of Comments Received

All issues raised in the case briefs by parties to this administrative review are addressed in the Issues and Decision Memorandum. A list of the issues raised is attached to this notice as Appendix 1. The Issues and Decision Memorandum is a public document and is on file electronically via Import Administration’s Antidumping and Countervailing Duty Centralized Electronic Service System (IA ACCESS). Access to IA ACCESS is available to

registered users at <http://iaaccess.trade.gov> and is available to all parties in the Central Records Unit, room 7046 of the main Department of Commerce building. In addition, a complete version of the Issues and Decision Memorandum can be accessed directly on the Import Administration Web site at <http://ia.ita.doc.gov/frn/index.html>. The signed Issues and Decision Memorandum and the electronic versions of the Issues and Decision Memorandum are identical in content.

Separate Rate for a Non-Selected Company

In the *Preliminary Results*, we found that Xinghe County Muzi Carbon Co., Ltd. (Muzi Carbon) demonstrated its eligibility for separate-rate status.⁶ We have not received any information since then that would lead us to reconsider our preliminary finding. Therefore, we continue to determine that Muzi Carbon is eligible for separate-rate status.

The PRC-Wide Entity

In the *Preliminary Results*, we determined that four companies⁷ for which a review was requested did not demonstrate their eligibility for a separate rate and are properly considered part of the PRC-wide entity.⁸ We have not received any information since then that would lead us to reconsider our preliminary determination with respect to these four companies. Therefore, we continue to find that these four companies should be treated as part of the PRC-wide entity and subject to the PRC-wide entity rate.

In the *Preliminary Results*, we stated our intent not to rescind the review for certain companies that remain a part of the PRC-wide entity, notwithstanding timely withdrawal of review requests for these companies, because the PRC-wide entity remains under review.⁹ Since the *Preliminary Results*, we did not receive any information that would cause us to revisit our preliminary determination not to rescind the review with respect to these companies.

Consistent with our practice, we will issue appropriate instructions to CBP for any entries made by the companies that remain a part of the PRC-wide entity during the POR.

Changes Since the Preliminary Results

Based on our analysis of the comments received, we have revised our calculation of the surrogate financial ratios used in the margin calculations for mandatory respondents, Fangda Group¹⁰ and Fushun Jinly Petrochemical Carbon Co., Ltd. (Fushun Jinly).¹¹ This revision did not change the weighted-average margins we calculated in the *Preliminary Results*.

Final Results of the Review

We determine that the following percentage weighted-average dumping margins exist for the period February 1, 2011, through January 31, 2012:

Company	Margin (percent)
Fushun Jinly Petrochemical Carbon Co., Ltd.	0.00
Beijing Fangda Carbon Tech Co., Ltd.	0.00
Chengdu Rongguang Carbon Co., Ltd.	0.00
Fangda Carbon New Material Co., Ltd.	0.00
Fushun Carbon Co., Ltd.	0.00
Hefei Carbon Co., Ltd.	0.00
Xinghe County Muzi Carbon Co., Ltd.	0.00
PRC-wide entity *	159.64

* The PRC-Wide entity includes the companies listed in Appendix 2.

Assessment

The Department will determine, and CBP shall assess, antidumping duties on all appropriate entries covered by this review pursuant to 19 CFR 351.212(b). We intend to issue assessment instructions to CBP 15 days after the date of publication of the final results of review.

For Fushun Jinly, Muzi Carbon, and the five companies comprising the Fangda Group we will instruct CBP to liquidate all entries during the POR without regard to antidumping duties because their weighted-average

dumping margins in these final results are zero.¹²

Cash Deposit Requirements

The following cash deposit requirements will be effective upon publication of these final results of review for all shipments of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the publication date as provided by section 751(a)(2)(C) of the Act: (1) No cash deposit will be required for subject merchandise exported by Fushun Jinly, Muzi Carbon, and the five companies comprising the Fangda Group because they received a rate of 0.00 percent in the final results of this administrative review; (2) for previously investigated or reviewed PRC and non-PRC exporters not listed above that received a separate rate in a prior segment of this proceeding, the cash deposit rate will continue to be the existing exporter-specific rate; (3) for all PRC exporters of subject merchandise that have not been found to be entitled to a separate rate, the cash deposit rate will be that for the PRC-wide entity; and (4) for all non-PRC exporters of subject merchandise which have not received their own rate, the cash deposit rate will be the rate applicable to the PRC exporter that supplied that non-PRC exporter. These deposit requirements shall remain in effect until further notice.

Notifications

This notice serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Secretary's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

This notice also serves as a reminder to parties subject to administrative protective order (APO) of their responsibility concerning the destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3). Timely written notification of the return or destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a sanctionable violation.

Disclosure

We intend to disclose the calculations performed within five days of the date of publication of this notice to parties in this proceeding, in accordance with 19 CFR 351.224(b).

These final results of review are issued and published in accordance with sections 751(a)(1) and 777(i) of the Act.

Dated: September 4, 2013.

Paul Piquado,

Assistant Secretary for Import Administration.
