

direction to reduce human use impacts and conflicts in this area.

The purpose of the public scoping process is to determine relevant issues that will influence the scope of the environmental analysis, including alternatives, and guide the process. BLM personnel; Federal, State, and local agencies; and other stakeholders have identified the following preliminary issues for the plan amendment area:

- Special Recreation Management Area boundary determination;
- Travel management system to accommodate many uses while maintaining recreation settings;
- Cross country ski trails for winter recreation and motorized winter travel opportunities;
- Dispersed target shooting that maintains public safety;
- Managing a terrain park for motor-cross users;
- Human impacts from rock climbing;
- Camping impacts;
- Facility development;
- Public outreach and education;
- Law enforcement;
- Deer and elk winter range;
- Threatened and endangered species;
- Cultural resources and Native American concerns;
- Soils and erosion;
- Fire and fuels management; and
- Invasive non-native weed species.

You may submit comments on preliminary issues and planning criteria in writing to the BLM at any public scoping meeting, or you may submit them to the BLM using one of the methods listed in the **ADDRESSES** section above. To be most helpful, you should submit comments by the close of the 30-day scoping period or within 15 days after the last public meeting, whichever is later.

The BLM has also identified preliminary planning criteria, which include:

1. The BLM will continue to manage the Gunnison Resource Area to protect resources in accordance with FLPMA (43 U.S.C. 1701 *et seq.*), and other applicable laws and regulations.
2. The BLM will use a collaborative and multi-jurisdictional approach, where possible, to jointly determine the desired future condition of public lands, such as continued consultation with the Shooting Sports Roundtable.
3. The BLM will address the socioeconomic impacts of the alternatives.
4. The BLM will comply with NEPA, including the preparation of appropriate environmental analysis for the proposed action.
5. Planning decisions will strive to be compatible with existing plans and

policies of adjacent Federal, State, local and tribal agencies as long as the decisions are consistent with Federal law governing the administration of public land.

The BLM will use the NEPA public participation requirements to assist the agency in satisfying the public involvement requirements under Section 106 of the National Historic Preservation Act (NHPA) (16 U.S.C. 470(f)) pursuant to 36 CFR 800.2(d)(3). The information about historic and cultural resources within the area potentially affected by the proposed action will assist the BLM in identifying and evaluating impacts to such resources in the context of both NEPA and Section 106 of the NHPA.

The BLM will consult with Indian tribes on a government-to-government basis in accordance with Executive Order 13175 and other policies. Tribal concerns, including impacts on Indian trust assets and potential impacts to cultural resources, will be given due consideration. Federal, State and local agencies, along with tribes and other stakeholders that may be interested in or affected by the proposed action the BLM is evaluating, are invited to participate in the scoping process and, if eligible, may request or be requested by the BLM to participate in the development of the environmental analysis as a cooperating agency.

The BLM will use an interdisciplinary approach to develop the plan amendment to consider the variety of resource issues and concerns identified during public scoping. Disciplines involved in the planning process will include specialists with expertise in rangeland management, minerals and geology, forestry, outdoor recreation, law enforcement, archaeology, wildlife and fisheries, lands and realty, hydrology, soils, vegetation and fire. The BLM will notify the Governor of Colorado, County Commissioners, local tribes and potentially affected members of the public of the planning process. The public is encouraged to help identify questions and concerns during the scoping phase.

Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

In accordance with these statutory mandates, Commission regulations require Indian gaming operations to keep and maintain permanent financial records, and to submit to the Commission independent audits of their gaming operations on an annual basis.
