*Because a timely withdrawal of review request was submitted, the Department is including Karlton Aluminum Company Ltd. (Karlton) and Zhaoqing New Zhongya Aluminum Co., Ltd. (Zhaoqing) in this rescission notice. However, we note that Zhaoqing is also known as Guangdong Zhongya Aluminum Company Ltd. (Guangdong).⁸ A review of Guangdong was requested and such request was not withdrawn. Furthermore, the Department previously has determined that Zhaoqing and Karlton are cross-owned affiliates with Zhongya Shaped Aluminum (HK) Holding Limited (Shaped) and that these companies are part of the company grouping known as Zhongya Companies.⁹ A review of Shaped was requested and not withdrawn.¹⁰ Therefore, Karlton and Zhaoqing remain subject to the review as part of the Zhongya Companies.¹¹ In light of the above, entries of the Zhongya Companies will remain suspended during the 2012 administrative review.

DEPARTMENT OF COMMERCE

International Trade Administration

Manufacturing Council

AGENCY: International Trade Administration, U.S. Department of Commerce.

ACTION: Notice of an Opportunity to Apply for Membership on the Manufacturing Council.

SUMMARY: The Department of Commerce is currently seeking applications from representatives of the U.S. manufacturing industry to fill five vacant positions on the Manufacturing Council (Council). The purpose of the Council is to advise the Secretary of Commerce on government policies and programs that affect U.S. manufacturing

⁷ In the *Initiation Notice*, the company's name was spelled "Zhongshan Gold Mountain Aluminum Factory Ltd." See *Initiation Notice*, 78 FR at 38937. However, according to ZGM's no shipment letter filed with the Department, the company name is spelled "Zhongshan Gold Mountain Aluminum Factory Ltd." as indicated above. See Letter from ZGM regarding "Notice of No Sales and Request to Terminate Review" (July 31, 2013).

⁸ See CBP message 2319302 (November 14, 2012) available at <http://addcvd.cbp.gov> and also IA ACCESS.

⁹ See *Aluminum Extrusions From the People's Republic of China: Final Affirmative Countervailing Duty Determination*, 76 FR 18521 (April 4, 2011), and accompanying Issues and Decision Memorandum (Aluminum Extrusions Decision Memorandum) at "Attribution of Subsidies."

¹⁰ See *Initiation Notice*, 78 FR at 38936-37.

¹¹ See Aluminum Extrusions Decision Memorandum at "Attribution of Subsidies."

and to provide a forum for regular communication between the U.S. Government and the manufacturing sector.

ADDRESSES: Please submit application information via email to oacie@trade.gov or by mail to Elizabeth Emanuel, Office of Advisory Committees, Manufacturing Council Executive Secretariat, U.S. Department of Commerce, Room 4043, 1401 Constitution Avenue NW., Washington, DC 20230.

DATES: All applications for immediate consideration for appointment must be received by the Office of Advisory Committees by close of business on December 6, 2013. After that date, the Office of Advisory Committees will continue to accept applications under this notice until July 31, 2014 to fill any new vacancies that may arise.

FOR FURTHER INFORMATION CONTACT: Elizabeth Emanuel, Manufacturing Council Executive Secretariat, Room 4043, 1401 Constitution Avenue NW., Washington, DC 20230, telephone: 202-482-1369, email: elizabeth.emmanuel@trade.gov.

Please visit the Manufacturing Council Web site at: <http://trade.gov/manufacturingcouncil/index.asp>.

SUPPLEMENTARY INFORMATION: The Office of Advisory Committees is accepting applications from representatives of the U.S. manufacturing industry for five vacant positions on the Council for the current member appointment terms that run through November 30, 2014. The Council was rechartered most recently on April 5, 2012. For the remainder of the current charter term, the Department is expanding the scope of entities eligible for representation on the Council to include U.S. businesses in the manufacturing industry that are controlled directly or indirectly by a foreign parent company (i.e., U.S. subsidiaries of foreign companies).

The Department previously had limited eligibility to U.S. entities incorporated in the United States (or an unincorporated firm with its principal place of business in the United States) that are controlled by U.S. citizens or another U.S. entity, as determined by direct or indirect control of the entity's stock or ownership interests. The Department is expanding the eligibility criteria for the remainder of this charter term to allow for appointment to the Council of representatives of U.S. businesses that are controlled directly or indirectly by foreign companies. U.S. businesses that are controlled directly or indirectly by foreign companies play an important role in the U.S. economy, including in the U.S. manufacturing

sector. Expanding the scope of entities eligible for representation on the Council is expected to enhance the recommendations and advice received from the Council, particularly with respect to the Council's duty to provide recommendations on "ways to ensure that the United States remains the preeminent destination for investment in manufacturing throughout the world" as provided for in Section 4 of the current Council charter.

Because U.S. manufacturers that are subsidiaries of foreign companies are not currently represented on the Council, applicants requesting to represent such entities are particularly encouraged to apply. However, all eligible applicants will be considered to fill the five vacant positions.

Members will be selected, in accordance with applicable Department of Commerce guidelines, based on each individual's ability to advise the Secretary of Commerce on matters relating to the U.S. manufacturing sector, to act as a liaison among the stakeholders represented by the membership and to represent the viewpoint of those stakeholders on current and emerging issues in the manufacturing sector. In assessing this ability, the Department will consider such factors as, but not limited to, the candidate's proven experience in promoting, developing and marketing programs in support of manufacturing industries, job creation in the manufacturing sector, or the candidate's proven abilities to manage manufacturing organizations. Given the duties and objectives of the Council, the Department particularly seeks applicants who are active manufacturing executives (Chief Executive Officer, President, or a comparable level of responsibility) that are leaders within their local manufacturing communities and industry sectors. The Council's membership shall reflect the diversity of American manufacturing by representing a balanced cross-section of the U.S. manufacturing industry in terms of industry sectors, geographic locations, demographics, and company size, particularly seeking the representation of small- and medium-sized enterprises.

The Secretary of Commerce appoints all Council members. All Council members serve at the discretion of the Secretary of Commerce. Council members shall serve in a representative capacity, representing the views and interests of a U.S. entity in the manufacturing industry and its particular sector. For the purposes of eligibility, a U.S. entity is defined as a

firm incorporated in the United States or with its principal place of business in the United States that is (a) majority controlled (more than 50% ownership interest and/or voting stock) by U.S. citizens or by another U.S. entity or (b) majority controlled (more than 50% ownership interest and/or voting stock) directly or indirectly by a foreign parent company.

As noted above, Council members serve in a representative capacity, expressing the views and interests of a U.S. entity; they are, therefore, not Special Government Employees. Council members receive no compensation for their participation in Council activities. Members participating in Council meetings and events are responsible for their travel, living and other personal expenses. Meetings are held regularly and not less than annually, usually in Washington, DC. Members are required to attend a majority of the Council's meetings.

To be considered for membership, please provide the following:

1. Name and title of the individual requesting consideration.
2. A sponsor letter from the applicant on his or her entity's letterhead or, if the applicant is to represent an entity other than his or her employer, a letter from the entity to be represented, containing a brief statement of why the applicant should be considered for membership on the Council. This sponsor letter should also address the applicant's manufacturing-related experience, including any manufacturing trade policy experience.
3. The applicant's personal resume.
4. An affirmative statement that the applicant meets all eligibility criteria.
5. An affirmative statement that the applicant is not required to register as a foreign agent under the Foreign Agents Registration Act of 1938, as amended.
6. An affirmative statement that the applicant is not a federally registered lobbyist, and that the applicant understands that, if appointed, the applicant will not be allowed to continue to serve as a Council member if the applicant becomes a federally registered lobbyist.
7. Information regarding the control of the entity to be represented, including the governing structure and stock holdings, as appropriate, demonstrating compliance with the criteria set forth above.
8. The entity's size, place of incorporation or principal place of business, ownership, product or service line and major markets in which the entity operates.
9. Please include all relevant contact information such as mailing address,

fax, email, phone number, and support staff information where relevant.

Dated: November 4, 2013.

Elizabeth Emanuel,

Executive Secretary, Manufacturing Council.

BILLING CODE 3510-DR-P

DEPARTMENT OF COMMERCE

National Institute of Standards and Technology

[Docket No. 130712613-3613-01]

Notice of Limited, Program-Wide, Public Interest Waivers of Section 1605(a) (Buy American Requirement) of the American Recovery and Reinvestment Act of 2009

AGENCY: National Institute of Standards and Technology, U.S. Department of Commerce (Commerce).

ACTION: Notice.

SUMMARY: The National Institute of Standards and Technology (NIST) is hereby providing notice of two, program-wide, limited public interest waivers of the Buy American requirements set forth in the American Recovery and Reinvestment Act of 2009 (ARRA). The two limited, program-wide, public interest waivers set forth in this Notice apply to projects constructed by recipients receiving financial assistance awards (grants) pursuant to the NIST ARRA Construction Grant Program to which the ARRA Buy American requirements apply.

The first limited, program-wide, public interest waiver applies to a grant recipient's use of a de minimis amount of non-domestic iron, steel or manufactured goods that, in the aggregate, comprises no more than five percent of the total cost of the iron, steel and manufactured goods used in a grant recipient's ARRA construction project. The second limited, program-wide, public interest waiver applies to a grant recipient's use of non-domestic manufactured goods where such non-domestic goods are necessary for the integration and operation of the recipient's construction project into the recipient's existing safety and security systems. Both program-wide, public interest waivers of the Buy American requirements apply over the entire award period of the grant projects. The two, limited, public interest Buy American waivers set forth in this Notice do not apply to procurement contracts issued pursuant to the NIST ARRA Construction of Research Facilities program.
