Current Action

CNCS seeks public comment on a new data collection instrument. The instrument contains elements of the Health and Retirement Study (<http://hrsonline.isr.umich.edu>) survey instrument and items used previously by Senior Corps to assess its Senior Companion and Foster Grandparent programs. We have added additional questions on employment or retirement status of volunteers (given recent evidence of potential employment benefits of volunteering), volunteer activity in RSVP (given the programs wider scope of service), and volunteer satisfaction.

The information collection will otherwise be used in the same manner as the existing application. CNCS also seeks to continue using the current application until the revised application is approved by OMB. The current application is due to expire on Expiration Date.
