In accordance with Section 223 of the Trade Act of 1974, as amended ("Act"), 19 U.S.C. 2273, the Department of Labor issued a Certification of Eligibility to Apply for Worker Adjustment Assistance on May 9, 2013, applicable to workers of First Advantage Corporation, St. Petersburg, Florida. The Department's notice of determination was published in the **Federal Register** on May 30, 2013 (78 FR 32464).

At the request of a company official, the Department reviewed the certification for workers of the subject firm. The workers are engaged in talent acquisition services.

The company official reports that workers in Charlotte, North Carolina; Bolingbrook, Illinois; Dallas, Texas; and Alpharetta, Georgia have been separated or are threatened with separation due to the same shift of services to a foreign country that has contributed importantly to separations in St. Petersburg, Florida. The worker group includes workers tele-working from their homes reporting to these locations.

The amended notice applicable to TA-W-82,455 is hereby issued as follows:

All workers of First Advantage Corporation, including on-site leased workers from Tapfin, Staffworks, Aerotek Professional Services, Randstad, Insight Global, LLC, and RemX Specialty Staffing, St. Petersburg, Florida (TA-W-82,455), Charlotte, North Carolina (TA-W-82,455A), Bolingbrook, Illinois (TA-W-82,455B), Dallas, Texas (TA-W-82,455C), and Alpharetta, Georgia (TA-W-82,455D), who became totally or partially

[TA-W-82,697]

**AT&T Corporation, a Subsidiary of AT&T Inc., Business Billing Customer Care, Pittsburgh, Pennsylvania; Notice of Affirmative Determination Regarding Application for Reconsideration**

By application dated July 8, 2013, the Communication Workers of America Union, Local 13550, requested administrative reconsideration of the negative determination regarding workers' eligibility to apply for Trade Adjustment Assistance (TAA) applicable to workers and former workers of AT&T Corporation, a subsidiary of AT&T Inc., Business Billing Customer Care, Pittsburgh, Pennsylvania (subject firm). The determination was issued on June 6, 2013. The Department's Notice of determination was published in the **Federal Register** on July 2, 2013 (78 FR 39776). Workers at the subject firm were engaged in activities related to the supply of billing inquiry and billing dispute resolution services.

The negative determination was based on the Department's findings, with respect to Section 222(a)(2)(A)(ii) of the Trade Act of 1974, as amended (the Act), of no increased imports, during the relevant period, of services like or directly competitive with those supplied by the subject workers.

With respect to Section 222(a)(2)(B) of the Act, the initial investigation revealed that the subject firm has not shifted the supply of services like or directly competitive with the billing inquiry and billing dispute resolution services supplied by the workers to a foreign country or acquired the supply of like or directly competitive services from a foreign country.

Rather, the initial investigation confirmed that the worker separations

are attributable to a shift of the services supplied by Business Billing Customer Care to other locations within the United States.

With respect to Section 222(b)(2) of the Act, the initial investigation revealed that the subject firm is not a Supplier to, or act as a Downstream Producer to, a firm that employed a group of workers who received a certification of eligibility under Section 222(a) of the Act, 19 U.S.C. 2272(a).

Finally, the initial investigation revealed that the group eligibility requirements under Section 222(e) of the Act have not been satisfied because the workers' firm has not been publicly identified by name by the International Trade Commission as a member of a domestic industry in an investigation resulting in an affirmative finding of serious injury, market disruption, or material injury, or threat thereof.

The request for reconsideration alleges that the subject firm has shifted billing services, ordering services, and/or customer support services to Slovakia, Mexico, India, and/or the Philippines. The petitioner also supplied additional information in regard to employment figures at the aforementioned locations.

The Department has carefully reviewed the request for reconsideration and the existing record, and will conduct further investigation to determine if the workers meet the eligibility requirements of the Trade Act of 1974, as amended.

### Conclusion

After careful review of the application, I conclude that the claim is of sufficient weight to justify reconsideration of the U.S. Department of Labor's prior decision. The application is, therefore, granted.

Signed at Washington, DC, this 23rd day of October, 2013.

**AGENCY:** Employment and Training Administration, Labor.

**ACTION:** Notice of solicitation for grant applications.

*Funding Opportunity Number:* SGA/ DFA PY-13-01.

**SUMMARY:** The Employment and Training Administration (ETA), U.S. Department of Labor (DOL), announces the availability of approximately \$100 million in grant funds, authorized under Section 414(c) of the American Competitiveness and Workforce Improvement Act of 1998 (ACWIA), as amended (codified at 29 U.S.C. 2916a), for the *Youth CareerConnect* grant program. The program is designed to provide high school students with education and training that combines rigorous academic and technical curricula focused on specific in-demand occupations and industries for which employers are using H-1B visas to hire foreign workers as well as the related activities necessary to support such training to increase participants' employability in H-1B in-demand industries and occupations. Furthermore, given the large number of H-1B visas in science, technology, engineering and math (STEM) industries, pending high quality proposals, DOL expects a large share of the grants to support education and training in STEM industries. The ultimate goals for the program are to ensure that participants gain academic and occupational skills by completing the program and graduating from high school; move into a positive placement following high school that includes unsubsidized employment, post-secondary education, long-term occupational skills training, or Registered Apprenticeship; obtain an industry-recognized credential in an H-1B industry or occupation for those industries where credential attainment is feasible by program completion, in addition to a high school diploma; and earn post-secondary credit towards a degree or credit-bearing certificate issued by an institution of higher education.

As stated under Section 414(c) of ACWIA, grants under this SGA will be awarded to partnerships of public and private sector entities. Approximately \$100 million is expected to be available to fund approximately 25 to 40 grants. DOL intends to fund grants ranging from \$2 million to \$7 million. Grants can be used to fund programs in a single site or to fund multi-site programs.

The complete SGA and any subsequent SGA amendments in connection with this solicitation are described in further detail on ETA's Web site at <http://www.doleta.gov/grants/> or on <http://www.grants.gov>. The Web sites provide application information, eligibility requirements,

review and selection procedures, and other program requirements governing this solicitation.
