SUPPLEMENTARY INFORMATION:

Title: Financial Information Security Request Form.

OMB Number: 0596-0204.

Expiration Date of Approval: 02/28/2014.

Type of Request: Extension without change of a currently approved Information Collection.

Abstract: The majority of the Forest Service's financial records are in databases stored at the National Finance Center (NFC). The Forest Service uses employees and contractors to maintain these financial records. The employees and contractors must have access to the NFC database to perform their duties.

The Forest Service uses an electronic form FS-6500-214, *Financial Information Security Request Form*, to apply to NFC for database access for certain employees or contractors. This form is used to add, modify, and/or

delete authorized users of the different system modules.

The information collected includes: Name, work email, work telephone number, and job title. The contractor checks the box for a non-federal employee and provides the expiration date of the contract. The contractor then selects the databases and actions needed. Based on the database(s) selected, the contractor provides additional information regarding the financial systems, work location, access scope, etc. Once the form is submitted to the client security officer, a one-page agreement automatically prints, which the contractor and client security officer sign. The agreement is a certification statement that acknowledges the contractor's recognition of the sensitive nature of the information and the agreement to use the information only for authorized purposes. The information collected is shared with those managing or overseeing the financial systems used by the Forest Service; this includes auditors.

Estimate of Burden per Response: 10 minutes.

Type of Respondents: Federal and contracted employees.

Estimated Annual Number of Respondents: 9,549.

Estimated Annual Number of Responses per Respondent: 3.

Estimated Total Annual Burden on Respondents: 4,774 hours.

Comment is invited on: (1) Whether this collection of information is necessary for the stated purposes and the proper performance of the functions of the Agency, including whether the information will have practical or scientific utility; (2) the accuracy of the Agency's estimate of the burden of the collection of information, including the validity of the methodology and assumptions used; (3) ways to enhance the quality, utility, and clarity of the information to be collected; and (4) ways to minimize the burden of the collection of information on respondents, including the use of automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

All comments received in response to this notice, including names and addresses when provided, will be a matter of public record. Comments will be summarized and included in the request for Office of Management and Budget approval.

Dated: December 2, 2013.

Publicly Managed Recreation Opportunities, Recreation Fees

AGENCY: Forest Service, USDA.

ACTION: Notice of issuance of final directive.

SUMMARY: The Forest Service is issuing a final directive providing direction on recreation fees in chapter 30 of new Forest Service Handbook (FSH) 2309.13. This chapter enumerates the requirements for recreation fees charged by the Forest Service under the Federal Lands Recreation Enhancement Act (REA) (16 U.S.C. 6801-6814), which was enacted December 8, 2004. This chapter replaces the Forest Service's interim implementation guidelines on REA and obsolete direction on recreation fees in FSM 2330.

DATES: This final directive is effective December 9, 2013.

FOR FURTHER INFORMATION CONTACT: Chris Hartman, chartman01@fs.fed.us, 202-205-1227.

SUPPLEMENTARY INFORMATION:

Background and Need for the Final Directive

REA authorizes the Federal land management agencies, including the Forest Service, to charge several types of recreation fees and to invest the recreation fees at the sites and areas where they were collected to enhanced facilities and services provided to visitors. REA replaced the recreation fee authority under section 4 of the Land and Water Conservation Fund Act (16 U.S.C. 4601-6a) and the Recreational Fee Demonstration Program statute (Pub. L. 104-134, § 315).

On April 25, 2005, the Forest Service issued *Federal Lands Recreation Enhancement Act (REA): Forest Service Interim Implementation Guidelines* (Guidelines). The statutory direction in REA has been appropriately integrated
