expenditures of anglers who fish in the rivers of California's Central Valley. NMFS has engaged in major habitat restoration in the Central Valley to promote recovery of three ESA-listed salmonids (Sacramento River winter Chinook, Central Valley spring Chinook, Central Valley steelhead). The survey is intended to estimate the economic impact of the Central Valley recreational fishery and potential recreational benefits associated with habitat restoration such as improved fish passage. Information to be collected pertains to anglers' recreational fishing patterns, expenditures and demographics, and factors affecting trip frequency and location (e.g., travel distance, amenities, landscape features as well as quality of fishing). The data collected will provide NMFS, as well as state agency partners such as the California Department of Fish and Wildlife, with information useful for understanding the economic importance of Central Valley fisheries and potential recreational benefits associated with salmonid habitat restoration.

II. Method of Collection

A random sample of recreational anglers who fish on Central Valley rivers will be asked to complete a voluntary mail-based survey questionnaire.

Meeting of the National Commission on the Structure of the Air Force

AGENCY: Director of Administration and Management, DoD.

ACTION: Notice of advisory committee meeting.

DATES: *Dates of Closed Meeting:* Wednesday, December 4, 2013 from 12:00 p.m. to 5:30 p.m.; Thursday, December 5, 2013 from 8:00 a.m. to 5:00 p.m.; and Friday, December 6, 2013, from 9:00 a.m. to 12:00 p.m.

ADDRESSES: 2521 South Clark Street, Suite 200, Crystal City, VA 22202 and, as necessary, a secure video teleconferencing line.

FOR FURTHER INFORMATION CONTACT: Mrs. Marcia Moore, Designated Federal Officer, National Commission on the Structure of the Air Force, 1950 Defense Pentagon, Room 3A874, Washington, DC 20301–1950. Email: *marcia.l.moore12.civ@mail.mil.* Desk (703) 545–9113. Facsimile (703) 692–5625.

SUPPLEMENTARY INFORMATION: Due to difficulties finalizing the meeting agenda for the scheduled meeting of the National Commission on the Structure of the Air Force for December 4–6, 2013, the requirements of 41 CFR 102–3.150(a) were not met. Accordingly, the Advisory Committee Management Officer for the Department of Defense, pursuant to 41 CFR 102–3.150(b), waives the 15-calendar day notification requirement.

Purpose of Meeting: This meeting was held under the provisions of the Federal Advisory Committee Act (FACA) of 1972 (5 U.S.C., Appendix, as amended), the Government in the Sunshine Act of 1976 (5 U.S.C. 552b, as amended), and 41 CFR 102–3.150. The 3-day meeting was held to conduct a wargame among staff and Commissioner participants while exploring issues concerning the mix of the Active and Reserve Components and how to better invest in and manage human capital assets.

Relative to the force structure mix among the Active Component, Reserve Component, and the Air National Guard, the objectives of the wargame are to (1) assess the advantages and disadvantages of contending approaches to the future structure of the U.S. Air Force; (2) identify current policies, procedures, practices and legislation that need to change in order to make the future structure of the U.S. Air Force more effective; and (3) understand stakeholder interests in the future structure of the U.S. Air Force and assess their anticipated responses to the Commissions' findings and recommendations. Commissioners will pose as key stakeholders, which include the Secretary of Defense, the Joint Chiefs of Staff, the Secretary of the U.S. Air Force, the Chief of Staff of the U.S. Air Force, and the Combatant Commanders. As a result of the wargame, Commissioners will have a sharper understanding of the policies under consideration, a more rigorous analysis of the implications of their emerging findings, and a more credible basis for their recommendations.

Three teams will be formed and each will be assigned to develop a unique mix among the Active Component, Reserve Component, and the Air National Guard. One team will be instructed to develop a future U.S. Air Force with 65% Active Component and 35% Reserve Component. This force mix matches the force mix planned for fiscal year 2015. A second team will build a future U.S. Air Force with 55% Active Component and 45% Reserve Component. The third team will plan a future U.S. Air Force with 35% Active Component and 65% Reserve Component and Air National Guard. The team assignments, assumptions, and resources are designed solely for analytical purposes and must not be construed to imply the Commissioner's preference for any particular force structure as stated in this notice. The outcomes of the Active Component and Reserve Component force mix in the wargame will provide insight—not final answers. The insights gained from the wargame will highlight issues requiring further analysis. The first day of the wargame will be dedicated to reviewing how the wargame will be conducted. All teams are to be given the same set of assumptions, such as their resources will be constrained by the Budget Control Act and sequestration in accordance with the most stressing forecast developed by the DoD Office of Cost Assessment and Program Evaluation. Classified data will also be
