

Preliminary Results of Review

As a result of our review, we preliminarily determine the following weighted-average dumping margins exist for the period November 1, 2011, through October 31, 2012:

Manufacturer/Exporter	Weighted-average margin (percent)
JBF RAK LLC	1.41
FLEX Middle East FZE	7.11

Disclosure and Public Comment

The Department intends to disclose the calculations used in our analysis to parties in this review within five days of the date of publication of this notice in accordance with 19 CFR 351.224(b). Interested parties are invited to comment on the preliminary results of this review. Pursuant to 19 CFR 351.309(c)(1)(ii), interested parties may submit case briefs not later than 30 days after the date of publication of this notice. Rebuttal briefs, limited to issues raised in the case briefs, may not be filed later than five days after the time limit for filing case briefs.² Parties who submit case briefs or rebuttal briefs in this review are requested to submit with each brief: (1) A statement of the issue, (2) a brief summary of the argument, and (3) a table of authorities.³ Executive summaries should be limited to five pages total, including footnotes.⁴

Pursuant to 19 CFR 351.310(c), any interested party may request a hearing within 30 days of the publication of this notice in the **Federal Register**. If a hearing is requested, the Department will notify interested parties of the hearing schedule. Interested parties who wish to request a hearing, or to participate if one is requested, must submit a written request to the Assistant Secretary for Enforcement and Compliance, filed electronically via IA ACCESS within 30 days after the date of publication of this notice. Requests should contain: (1) The party's name, address, and telephone number; (2) the number of participants; and (3) a list of the issues to be discussed. Issues raised in the hearing will be limited to those raised in the respective case briefs.

We intend to issue the final results of this administrative review, including the results of our analysis of issues raised by the parties in the written comments, within 120 days of publication of these preliminary results

in the **Federal Register**, unless otherwise extended.⁵

Assessment Rates

Upon issuing the final results of the review, the Department shall determine, and U.S. Customs and Border Protection (CBP) shall assess, antidumping duties on all appropriate entries. The Department intends to issue assessment instructions to CBP 15 days after the date of publication of the final results of review.

For any individually examined respondents whose weighted-average dumping margin is above *de minimis*, we will calculate importer-specific *ad valorem* duty assessment rates based on the ratio of the total amount of dumping calculated for the importer's examined sales to the total entered value of those same sales in accordance with 19 CFR 351.212(b)(1).⁶ We will instruct CBP to assess antidumping duties on all appropriate entries covered by this review when the importer-specific assessment rate calculated in the final results of this review is above *de minimis*. Where either the respondent's weighted-average dumping margin is zero or *de minimis*, or an importer-specific assessment rate is zero or *de minimis*, we will instruct CBP to liquidate the appropriate entries without regard to antidumping duties.

The final results of this review shall be the basis for the assessment of antidumping duties on entries of merchandise covered by the final results of this review and for future deposits of estimated duties, where applicable.

Cash Deposit Requirements

The following deposit requirements will be effective for all shipments of PET Film from the UAE entered, or withdrawn from warehouse, for consumption on or after the date of publication of the final results of this administrative review, as provided for by section 751(a)(2)(C) of the Act: (1) The cash deposit rate for the companies under review will be the rate established in the final results of this review (except, if the rate is zero or *de minimis*, no cash deposit will be required); (2) for previously reviewed or investigated companies not listed above, the cash deposit rate will continue to be the company-specific rate published for the most recent period; (3) if the

exporter is not a firm covered in this review, a prior review, or the less-than-fair-value investigation, but the manufacturer is, the cash deposit rate will be the rate established for the most recent period for the manufacturer of the merchandise; and (4) the cash deposit rate for all other manufacturers or exporters will continue to be 4.05 percent, the all-others rate established in the investigation.⁷ These cash deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers

This notice also serves as a preliminary reminder to importers of their responsibility under 19 CFR 351.402(f) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Department's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

These preliminary results of administrative review are issued and published in accordance with sections 751(a)(1) and 777(i)(1) of the Act.

Dated: December 17, 2013.

Ronald K. Lorentzen,

Acting Assistant Secretary for Enforcement and Compliance.

International Trade Administration, Department of Commerce.

SUMMARY: As a result of the determinations by the Department of Commerce (the “Department”) and the International Trade Commission (the “ITC”) that revocation of the antidumping duty order on low enriched uranium (“LEU”) from France would likely lead to a continuation or recurrence of dumping and material injury to an industry in the United States, the Department is publishing a notice of continuation of the antidumping duty order.

DATES: *Effective Date:* December 24, 2013.

FOR FURTHER INFORMATION CONTACT: Hilary Sadler, AD/CVD Operations, Office VII, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue NW., Washington, DC 20230; telephone (202) 482–4340.

SUPPLEMENTARY INFORMATION:

Background

On December 3, 2012, the Department initiated a sunset review of the antidumping duty order on LEU from France, pursuant to section 751(c) of the Tariff Act of 1930, as amended (the “Act”).¹ As a result of its review, the Department determined that revocation of the order on LEU from France would likely lead to a continuation or recurrence of dumping and, therefore, notified the ITC of the magnitude of the margins likely to prevail should the order be revoked.² On December 12, 2013, the ITC published its determination, pursuant to section 751(c) of the Act that revocation of the antidumping duty order on LEU from France would lead to a continuation or recurrence of material injury to an industry in the United States within a reasonably foreseeable time.³

Scope of the Order

The product covered by the order is all low enriched uranium (“LEU”). LEU is enriched uranium hexafluoride (UF₆) with a U²³⁵ product assay of less than 20 percent that has not been converted into another chemical form, such as UO₂, or fabricated into nuclear fuel assemblies, regardless of the means by

which the LEU is produced (including LEU produced through the downblending of highly enriched uranium).

Certain merchandise is outside the scope of the order. Specifically, the order does not cover enriched uranium hexafluoride with a U²³⁵ assay of 20 percent or greater, also known as highly enriched uranium. In addition, fabricated LEU is not covered by the scope of the order. For purposes of the order, fabricated uranium is defined as enriched uranium dioxide (UO₂), whether or not contained in nuclear fuel rods or assemblies. Natural uranium concentrates (U₃O₈) with a U²³⁵ concentration of no greater than 0.711 percent and natural uranium concentrates converted into uranium hexafluoride with a U²³⁵ concentration of no greater than 0.711 percent are not covered by the scope of the order.

Also excluded from the order is LEU owned by a foreign utility end-user and imported into the United States by or for such end-user solely for purposes of conversion by a U.S. fabricator into uranium dioxide (UO₂) and/or fabrication into fuel assemblies so long as the uranium dioxide and/or fuel assemblies deemed to incorporate such imported LEU (i) remain in the possession and control of the U.S. fabricator, the foreign end-user, or their designed transporter(s) while in U.S. customs territory, and (ii) are reexported within eighteen (18) months of entry of the LEU for consumption by the end-user in a nuclear reactor outside the United States. Such entries must be accompanied by the certifications of the importer and end user.

The merchandise subject to this order is classified in the Harmonized Tariff Schedule of the United States (“HTSUS”) at subheading 2844.20.0020. Subject merchandise may also enter under 2844.20.0030, 2844.20.0050, and 2844.40.00. Although the HTSUS subheadings are provided for convenience and customs purposes, the written description of the merchandise subject to the order is dispositive.

Continuation of the Order

As a result of the determinations by the Department and the ITC that revocation of the antidumping duty order would likely lead to a continuation or recurrence of dumping and material injury to an industry in the United States, pursuant to Section 751(d)(2) of the Act, the Department hereby orders the continuation of the antidumping duty order on LEU from France. U.S. Customs and Border Protection will continue to collect antidumping duty cash deposits at the

rates in effect at the time of entry for all imports of subject merchandise. The effective date of the continuation of the order will be the date of publication in the **Federal Register** of this notice of continuation. Pursuant to section 751(c)(2) of the Act, the Department intends to initiate the next five-year review of the order not later than 30 days prior to the effective date of the continuation.

The five-year (“sunset”) review and this notice are in accordance with section 751(c) of the Act and published pursuant to section 777(i)(1) of the Act.

Dated: December 17, 2013.

Ronald K. Lorentzen,

Acting Assistant Secretary for Enforcement and Compliance.

Seamless Refined Copper Pipe and Tube From Mexico: Preliminary Results of Antidumping Duty Administrative Review; 2011–2012

AGENCY: Enforcement and Compliance, formerly Import Administration, International Trade Administration, Department of Commerce.

SUMMARY: The Department of Commerce (the Department) is conducting an administrative review of the antidumping duty order on seamless refined copper pipe and tube from Mexico.¹ The review covers two producers/exporters of the subject merchandise, GD Affiliates S. de R.L. de C.V. (Golden Dragon)² and Nacional de Cobre, S.A. de C.V. (Nacobre). The period of review (POR) is November 1, 2011, through October 31, 2012. We

² The Department has previously treated GD Affiliates S. de R.L. de C.V. as part of a single entity including: 1) GD Copper Cooperatief U.A.; 2) Hong Kong GD Trading Co. Ltd.; 3) Golden Dragon Holding (Hong Kong) International, Ltd.; 4) GD Copper U.S.A. Inc.; 5) GD Affiliates Servicios S. de R.L. de C.V.; and 6) GD Affiliates S. de R.L. de C.V., which is collectively referred to as Golden Dragon. See, e.g., *Seamless Refined Copper Pipe and Tube From Mexico: Final Results of Antidumping Duty New Shipper Review*, 77 FR 59178 (Sept. 26, 2012), and accompanying Issues and Decision Memorandum. In addition, Counsel for GD Affiliates S. de R.L. de C.V. submitted a letter to the Department, on behalf of the Golden Dragon affiliates listed above, and entered an appearance and requested an administrative review of GD Affiliates S. de R.L. de C.V., on November 30, 2012.
