Product Cancellation Order for Certain Pesticide Registrations

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: This notice announces EPA's order for the cancellations, voluntarily requested by the registrants and accepted by the Agency, of the products listed in Table 1 and Table 2 of Unit II., pursuant to the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA). This cancellation order follows a July 6, 2012 **Federal Register** Notice of Receipt of Requests from the registrants listed in Table 3 of Unit II., to voluntarily cancel these product registrations. In the July 6, 2012 notice, EPA indicated that it would issue an order implementing the cancellations, unless the Agency received substantive comments within the 180 day comment period that would merit its further

review of these requests, or unless the registrants withdrew their requests. The Agency received one comment on the notice but it did not merit its further review of the request. Further, the registrants did not withdraw their requests. Accordingly, EPA hereby issues in this notice a cancellation order granting the requested cancellations. Any distribution, sale, or use of the products subject to this cancellation order is permitted only in accordance with the terms of this order, including any existing stocks provisions.

DATES: The cancellations are effective February 6, 2013.

FOR FURTHER INFORMATION CONTACT: John W. Pates, Jr., Pesticide Re-Evaluation Division (7508P), Office of Pesticide Programs, Environmental Protection Agency, 1200 Pennsylvania Ave., NW., Washington, DC 20460-0001; telephone number: (703) 308-8195; email address: pates.john@epa.gov.

III. Summary of Public Comments Received and Agency Response to Comments

During the public comment period provided, EPA received one comment in response to the July 6, 2012 **Federal Register** notice (77 FR 40039) (FRL–9351–8) announcing the Agency's receipt of the requests for voluntary cancellations of product listed in Table 1 of Unit II. The Agency does not

believe that the comment submitted during the comment period merits further review or a denial of the request for voluntary cancellation.

IV. Cancellation Order

Pursuant to FIFRA section 6(f), EPA hereby approves the requested cancellations of the registrations identified in Table 1 of Unit II. Accordingly, the Agency hereby orders

that the product registrations identified in Table 1 of Unit II., are canceled. The effective date of the cancellations that are the subject of this notice is February 6, 2013. Any distribution, sale, or use of existing stocks of the products identified in Table 1 of Unit II., in a manner inconsistent with any of the provisions for disposition of existing stocks set forth in Unit VI., will be a violation of FIFRA.

V. What is the agency's authority for taking this action?

Section 6(f)(1) of FIFRA provides that a registrant of a pesticide product may at any time request that any of its pesticide registrations be canceled or amended to terminate one or more uses. FIFRA further provides that, before acting on the request, EPA must publish a notice of receipt of any such request in the **Federal Register**. Thereafter, following the public comment period, the EPA Administrator may approve such a request. The notice of receipt for this action was published for comment in the **Federal Register** of July 6, 2012. The comment period closed on January 2, 2013.

VI. Provisions for Disposition of Existing Stocks

Existing stocks are those stocks of registered pesticide products which are currently in the United States and which were packaged, labeled, and released for shipment prior to the effective date of the cancellation action. The existing stocks provisions for the products subject to this order are as follows.

A. Registrations Listed in Table I of Unit II

The registrants may continue to sell and distribute existing stocks of products listed in Table 1 of Unit II., until February 6, 2014, which is 1 year after the publication of the Cancellation Order in the **Federal Register**. Thereafter, the registrants are prohibited from selling or distributing products listed in Table 1 of Unit II., except for export in accordance with FIFRA section 17, or proper disposal. Persons other than the registrants may sell, distribute, or use existing stocks of products listed in Table 1 of Unit II., until existing stocks are exhausted, provided that such sale, distribution, or use is consistent with the terms of the previously approved labeling on, or that accompanied, the canceled products.

B. Registrations Listed in Table 2 of Unit II, Except Nos. CA860037, ID060003, and OR060017

The effective date of cancellation is the date of this cancellation order. The Agency had allowed registrants to sell and distribute existing stocks of these products until January 13, 2013, which is 1 year after the date on which the maintenance fee was due. Thereafter, registrants will be prohibited from selling or distributing the pesticides identified in Table 2 of Unit II., except for export consistent with FIFRA section 17 or for proper disposal. Persons other than registrants will generally be

allowed to sell, distribute, or use existing stocks until such stocks are exhausted, provided that such sale, distribution, or use is consistent with the terms of the previously approved labeling on, or that accompanied, the cancelled products.

C. Registration Nos. CA860037, ID060003, and OR060017

The effective date of cancellation of these products is the date of publication of the cancellation order in the **Federal Register**. EPA will prohibit the continued sale and distribution of existing stocks of these products after the effective date of this cancellation.

Chlorpyrifos Registration Review; Preliminary Evaluation of the Potential Risk From Volatilization; Notice of Availability

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: This notice announces the availability of EPA's preliminary volatilization assessment for the registration review of chlorpyrifos and opens a public comment period on this document. Registration review is EPA's periodic review of pesticide registrations to ensure that each pesticide continues to satisfy the statutory standard for registration, that is, the pesticide can perform its intended function without unreasonable adverse effects on human health or the environment. As part of the registration review process, the Agency has completed a preliminary volatilization assessment for chlorpyrifos uses. After reviewing comments received during the public comment period, EPA will issue a revised volatilization assessment, explain any changes to the preliminary volatilization assessment, respond to comments, and evaluate the need for risk mitigation for chlorpyrifos. Through this program, EPA is ensuring that each pesticide's registration is based on current scientific and other

knowledge, including its effects on human health and the environment.

DATES: Comments must be received on or before March 8, 2013.
