Comment Request for Information Collection for Veterans Retraining Assistance Program Participant (VRAP) Outreach Reporting, New Collection

AGENCY: Employment and Training Administration (ETA), Labor.

ACTION: Notice.

SUMMARY: The Department of Labor (Department), as part of its continuing effort to reduce paperwork and respondent burden, conducts a preclearance consultation program to provide the public and Federal agencies with an opportunity to comment on proposed and/or continuing collections of information in accordance with the Paperwork Reduction Act of 1995 [44 U.S.C. 3506(c)(2)(A)]. This program helps ensure that requested data can be provided in the desired format, reporting burden (time and financial resources) is minimized, collection instruments are clearly understood, and the impact of collection requirements on respondents can be properly assessed.

Currently, ETA is soliciting comments concerning the collection of data about "Veterans Retraining Assistance Program Participant Outreach Reporting" which is a request for a new data collection from State Workforce Agencies, collected on a quarterly basis. This information collection will be used to ensure that VRAP participants are offered employment services after they complete the program as required in the VOW to Hire Heroes Act of 2011.

DATES: Written comments must be submitted to the office listed in the **ADDRESSES** section below on or before April 8, 2013.

ADDRESSES: Submit written comments to Andrew Ridgeway, Office of Workforce Investment, Room S-4203, Employment and Training Administration, U.S. Department of Labor, 200 Constitution Avenue NW., Washington, DC 20210. SUPPLEMENTARY INFORMATION:

I. Background

The ETA seeks approval for the collection of quarterly outreach reports from the State Workforce Agencies (SWA) on the Veterans Retraining Assistance Program (VRAP), which is part of the VOW to Hire Heroes Act of 2011 (Pub. L. 112-56). VRAP is a new training program for eligible veterans, funded by the Department of Veterans Affairs (VA). The program requires the Department of Labor (DOL) to offer employment placement services to each veteran who participated in the VRAP within 30 days of their completion or termination. The Department of Veterans Affairs, in collaboration with the DOL, is required to submit a report to Congress by July 1, 2014, on the outcomes of the program. The statutorily required report must include the total number of eligible veterans who participated, the associates degrees or certificates awarded (or other similar evidence of the completion of the program of education or training earned), and data related to the employment status of eligible veterans who participated in the program. The program was authorized to enroll up to 45,000 veterans in Fiscal Year (FY) 2012, from July 1, 2012 through September 30, 2012, and up to 54,000 additional veterans from October 1, 2012, through October 1, 2013, with all training to conclude no later than March 31, 2014.

The VRAP provides up to 12 months of full-time retraining assistance (currently \$1,564 per month) in a "high demand" occupation to eligible veterans at a VA approved community college or technical school. The VRAP provides the benefit to veterans who fulfill the following eligibility criteria: As of date of application, is at least 35 years old and less than 60; discharged from active duty under conditions other than dishonorable; is unemployed as of date of application; is not eligible to receive other educational assistance from the VA; is not in receipt of compensation for a service-connected disability rated totally disabling by reason of unemployability; was not and is not enrolled in any Federal or state job training program within the previous 180 days; and, the application must be submitted not later than October 1, 2013.

Once the veteran has terminated or completed the VRAP, the VA is transmitting a secure participant report to DOL so that employment services can be offered to the participant and program outcomes can be reported. DOL will transmit a report to each state on VRAP participants within that state who

terminated or completed VRAP. DOL will transmit each state's file on a weekly basis using a secure File Transfer Protocol (sFTP) site. Each state will be able to access only its file so that it can disseminate the participant information securely to the appropriate American Job Center staff in the participant's local area enabling the American Job Center to offer employment services to the veteran.

In order for DOL to ensure employment services are being offered and outcomes are being tracked for all participants, ETA is proposing to collect quarterly reports from the states, with a 45-day reporting period following each quarter, on the outreach offered to VRAP participants. In order to reduce the amount of participant information being transferred, ETA is proposing to add two data fields to the participant report it sends to the states. The report will be in Microsoft Excel format and will include a "unique identifier" field (not personally identifiable information), assigned by ETA and an "Employment Assistance" field which will be blank. The collection instrument is included as an attachment in the Information Collection Request package. The "Employment Assistance" field will be completed by the state workforce

agencies tracking the outreach offered to each VRAP participant. ETA is seeking approval from OMB to collect from each state the "unique identifier" field and the "Employment Assistance" field on a quarterly basis.

This information collection is subject to the Paperwork Reduction Act (PRA). A Federal agency generally cannot conduct or sponsor a collection of information, and the public is generally not required to respond to an information collection, unless it is approved by the OMB under the PRA and displays a currently valid OMB Control Number. In addition, notwithstanding any other provisions of law, no person shall generally be subject to penalty for failing to comply with a collection of information if the collection of information does not display a valid OMB Control Number. See 5 CFR 1320.5(a) and 1320.6.

II. Review Focus

The Department is particularly interested in comments which:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

- Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;

- Enhance the quality, utility, and clarity of the information to be collected; and

- Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submissions of responses.
