[Docket No. FAA-2013-589; Airspace
Docket No. 13-ACE-9]

**Proposed Amendment of Class E
Airspace; Eagle Grove, IA**

AGENCY: Federal Aviation
Administration (FAA), DOT.

ACTION: Notice of proposed rulemaking
(NPRM).

SUMMARY: This action proposes to amend Class E airspace at Eagle Grove, IA. Decommissioning of the Eagle Grove non-directional radio beacon (NDB) at Eagle Grove Municipal Airport has made airspace reconfiguration necessary for standard instrument approach procedures and for the safety and management of Instrument Flight Rules (IFR) operations at the airport. Geographic coordinates also would be adjusted.

DATES: 0901 UTC. Comments must be received on or before April 17, 2014.

ADDRESSES: Send comments on this proposal to the U.S. Department of Transportation, Docket Operations, 1200 New Jersey Avenue SE., West Building Ground Floor, Room W12-140, Washington, DC 20590-0001. You must identify the docket number FAA-2013-589/Airspace Docket No. 13-ACE-9, at the beginning of your comments. You may also submit comments through the Internet at <http://www.regulations.gov>. You may review the public docket containing the proposal, any comments received, and any final disposition in person in the Dockets Office between 9:00 a.m. and 5:00 p.m., Monday through Friday, except Federal holidays. The Docket Office (telephone 1-800-647-5527), is on the ground floor of the building at the above address.

FOR FURTHER INFORMATION CONTACT: Scott Enander, Central Service Center, Operations Support Group, Federal Aviation Administration, Southwest Region, 2601 Meacham Blvd., Fort Worth, TX 76137; telephone: 817-321-7716.

SUPPLEMENTARY INFORMATION:**Comments Invited**

Interested parties are invited to participate in this proposed rulemaking by submitting such written data, views, or arguments, as they may desire. Comments that provide the factual basis supporting the views and suggestions presented are particularly helpful in developing reasoned regulatory

decisions on the proposal. Comments are specifically invited on the overall regulatory, aeronautical, economic, environmental, and energy-related aspects of the proposal. Communications should identify both docket numbers and be submitted in triplicate to the address listed above. Commenters wishing the FAA to acknowledge receipt of their comments on this notice must submit with those comments a self-addressed, stamped postcard on which the following statement is made: "Comments to Docket No. FAA-2013-589/Airspace Docket No. 13-ACE-9." The postcard will be date/time stamped and returned to the commenter.

Availability of NPRMs

An electronic copy of this document may be downloaded through the Internet at <http://www.regulations.gov>. Recently published rulemaking documents can also be accessed through the FAA's Web page at <http://www.faa.gov/airports/airtraffic/air-traffic/publications/airspace-amendments/>.

You may review the public docket containing the proposal, any comments received and any final disposition in person in the Dockets Office (see **ADDRESSES** section for address and phone number) between 9:00 a.m. and 5:00 p.m., Monday through Friday, except Federal holidays. An informal docket may also be examined during normal business hours at the office of the Central Service Center, 2601 Meacham Blvd., Fort Worth, TX 76137.

Persons interested in being placed on a mailing list for future NPRMs should contact the FAA's Office of Rulemaking (202) 267-9677, to request a copy of Advisory Circular No. 11-2A, Notice of Proposed Rulemaking Distribution System, which describes the application procedure.

The Proposal

This action proposes to amend Title 14, Code of Federal Regulations (14 CFR), Part 71 by modifying Class E airspace extending upward from 700 feet above the surface at Eagle Grove Municipal Airport, Eagle Grove, IA, for standard instrument approach procedures at the airport. Airspace reconfiguration is necessary due to the decommissioning of the Eagle Grove NDB and the cancellation of the NDB approach. The segment northwest of the airport would now be within 2.6 miles each side of the 305° bearing from the airport. Controlled airspace is necessary for the safety and management of IFR operations at the airport. Geographic coordinates would also be adjusted to

coincide with the FAA's aeronautical database.

Class E airspace areas are published in Paragraph 6005 of FAA Order 7400.9X, dated August 7, 2013 and effective September 15, 2013, which is incorporated by reference in 14 CFR 71.1. The Class E airspace designation listed in this document would be published subsequently in the Order.

The FAA has determined that this proposed regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current. It, therefore, (1) is not a "significant regulatory action" under Executive Order 12866; (2) is not a "significant rule" under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a Regulatory Evaluation as the anticipated impact is so minimal. Since this is a routine matter that will only affect air traffic procedures and air navigation, it is certified that this rule, when promulgated, will not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

The FAA's authority to issue rules regarding aviation safety is found in Title 49 of the U.S. Code. Subtitle 1, Section 106 describes the authority of the FAA Administrator. Subtitle VII, Aviation Programs, describes in more detail the scope of the agency's authority. This rulemaking is promulgated under the authority described in Subtitle VII, Part A, Subpart I, Section 40103. Under that section, the FAA is charged with prescribing regulations to assign the use of airspace necessary to ensure the safety of aircraft and the efficient use of airspace. This regulation is within the scope of that authority as it would amend controlled airspace at Eagle Grove Municipal Airport, Eagle Grove, IA.

Environmental Review

This proposal will be subject to an environmental analysis in accordance with FAA Order 1050.1E, "Environmental Impacts: Policies and Procedures" prior to any FAA final regulatory action.

Certification Program for Access to the Death Master File

AGENCY: National Technical Information Service, U.S. Department of Commerce.

ACTION: Request for Information and Advance Notice of Public Meeting.

SUMMARY: Section 203 of the Bipartisan Budget Act of 2013 (Act), directed the Secretary of Commerce to establish a certification program under which persons may obtain immediate access to the publicly available Death Master File (DMF). The National Technical Information Service is requesting comments from the public regarding the

establishment and implementation of a certification program for access to the DMF. It is expected that information gathered through this RFI will inform NTIS's approach to the development of a certification program, which will be promulgated by NTIS by Notice and Comment Rulemaking.

In addition, NTIS will hold a public meeting at which members of the public will be invited to provide comments in person. More information about the public meeting is provided under **SUPPLEMENTARY INFORMATION**.

DATES: Comments are due on or before 5:00 p.m. Eastern time March 18, 2014. The public meeting will take place on Tuesday, March 4, 2014, from 9:00 a.m. to 12:00 p.m. Eastern time at the place noted under **ADDRESSES**, and comments made orally during the public comment portion of the public meeting will be recorded and transcribed.

ADDRESSES: Written comments must be submitted to John Hounsell by email at jhounsell@ntis.gov, or in paper form at NTIS, 5301 Shawnee Road, Alexandria, VA 22312. The public meeting will take place at the United States Patent and Trademark Office, Madison Building West, 600 Dulany Street, Alexandria, VA 22314. The public meeting will also be webcast.

FOR FURTHER INFORMATION CONTACT: John Hounsell at jhounsell@ntis.gov or 703–605–6184.

SUPPLEMENTARY INFORMATION: This Request for Information (RFI) seeks comments from the public regarding the establishment by the National Technical Information Service (NTIS) of the new certification program for persons who seek access to the Social Security Administration's Public Death Master File (DMF) at any time within the three-calendar-year period following an individual's death, as required by Section 203 of the Bipartisan Budget Act of 2013 (Pub. L. 113–67) (Act). The Act prohibits disclosure of DMF information during the three-calendar-year period following death unless the person requesting the information has been certified under a program established by the Secretary of Commerce. The Act directs the Secretary of Commerce to establish a certification program for such access to the DMF. Section 203, "Restriction on Access to the Death Master File," requires a fee-based certification program for allowable uses of DMF data for any deceased individual within three calendar years of the individual's death. Authority to carry out Section 203 has been delegated by the Secretary of Commerce to the National Technical Information Service (NTIS).

NTIS will establish the certification program in a manner consistent with the Act and its mission, to promote American innovation and economic growth by collecting and disseminating scientific, technical and engineering information to the public and industry, by providing information management solutions to other Federal agencies, and by doing all without appropriated funding. A summary of the provisions of Section 203 is provided below.

Section 203, "Restriction on Access to the Death Master File"

Section 203(a) of the Act directs that the Secretary of Commerce (Secretary) "shall not disclose to any person information contained on the Death Master File with respect to any deceased individual at any time during the 3-calendar-year period beginning on the date of the individual's death, unless such person is certified under the program established under subsection (b)" of Section 203.

Section 203(b)(1) of the Act directs the Secretary to "establish a program (A) to certify persons who are eligible to access the information described in subsection (a) contained on the Death Master File, and (B) to perform periodic and unscheduled audits of certified persons to determine the compliance by such certified persons with the requirements of the program."

Under Section 203(b)(2) of the Act, a person "shall not be certified under the program established under paragraph (1) unless such person certifies that access to the information described in subsection (a) is appropriate because such person (A) has (i) a legitimate fraud prevention interest, or (ii) a legitimate business purpose pursuant to a law, governmental rule, regulation, or fiduciary duty, and (B) has systems, facilities, and procedures in place to safeguard such information, and experience in maintaining the confidentiality, security, and appropriate use of such information, pursuant to requirements similar to the requirements of section 6103(p)(4) of the Internal Revenue Code of 1986 (IRC), and (C) agrees to satisfy the requirements of such section 6103(p)(4) as if such section applied to such person."

Section 203(b)(3)(A) of the Act directs the Secretary to "establish under section 9701 of title 31, United States Code, a program for the charge of fees sufficient to cover (but not to exceed) all costs associated with evaluating applications for certification and auditing, inspecting, and monitoring certified persons under the program. Any fees so collected shall be deposited and
