Paperwork Reduction Act

The Paperwork Reduction Act requires Federal agencies to seek and obtain Office of Management and Budget (OMB) approval before undertaking a collection of information directed to ten or more persons. In accordance with the Paperwork Reduction Act of 1995 (44 U.S.C. I. Funding Opportunity

This funding opportunity announces the availability of funds for the Delta Health Care Services (DHCS) and Delta Regional Authority (DRA) grant programs. The DHCS grant program is authorized under Section 379G of the Consolidated Farm and Rural Development Act (7 U.S.C. 2008u). The DRA grant program is authorized under Sections 382A and 382B of the Consolidated Farm and Rural Development Act (7 U.S.C. 2009aa and 2009aa-1). Both grant programs provide direct financial assistance to support the rural communities within the Delta Region. The purpose of this joint solicitation is to ensure a streamlined process for eligible applicants to leverage both programs while also strengthening the partnership between USDA and DRA in coordinating the assistance to the Delta Region and the management and monitoring of these awards.

The available funding for the DRA grant program is primarily for the purposes of assisting in the economic development of rural areas in the Delta Region by providing technical assistance for health care related business and economic development planning.

The DHCS grant program is designed to provide financial assistance to address the continued unmet health needs in the Delta Region through cooperation among health care professionals, institutions of higher education, research institutions, and other individuals and entities in the Delta Region. DHCS grant funds may be used for the development of health care services; health education programs, health care job training programs; and for the development and expansion of public health-related facilities in the rural Delta Region.

Grants will be awarded to eligible entities in the Delta Region serving communities of no more than 50,000 inhabitants.

The Agency will make awards and execute documents appropriate to the project prior to any advance of funds to successful applicants.

IV. Eligibility Information

An applicant must obtain a Dun and Bradstreet Data Universal Numbering System (DUNS) number (see Section IV.B.) and register in the System for Award Management (SAM), formerly Central Contractor Registry (CCR), prior to submitting an application. (See 2 CFR 25.200(b).) In addition, an applicant must maintain its registration in the SAM database during the time its application is active. Finally, an applicant must have the necessary processes and systems in place to comply with the reporting requirements in 2 CFR 170.200(b), as long as it is not exempted from reporting. Exemptions are identified at 2 CFR 170.110(b).

A. Eligible Applicants

DHCS and DRA grant programs have their own respective authorities and requirements. Eligible applicants may apply for one or both programs as long as proposed projects specifically comply with the following eligibility requirements.

DHCS: Grants funded through DHCS may be made to a Health Care Cooperative or a Consortium, as defined

in Section II of this Notice. The Health Care Cooperative must be legally organized and have authority to contract with the Federal Government. To apply as a Consortium, at least one member of the Consortium must be legally organized as an incorporated organization, or other legal entity, and have legal authority to contract with the Federal Government. The Consortium must be located in the Delta Region and must include at least three entities that

are regional institutions of higher education, academic health and research institutes, or economic development entities.

DRA: DRA funds may be made to public bodies, regional institutions of higher education, nonprofit corporations, Indian tribes on Federal or State reservations and other federally recognized tribal groups, and cooperatives within the Delta Region.

B. Eligible Activities

DRA grant funds may be used to assist in the economic development of rural areas by providing technical assistance for business development and economic development planning.

DHCS grant funds may be utilized for the development of health care services, health education programs, health care job training programs, and for the development and expansion of public health-related facilities in the Delta Region. Grants will be awarded to

eligible entities in the Delta Region serving communities of no more than 50,000 inhabitants to help to address the long standing and unmet health needs of the region. Awardees will be selected through a merit-based interagency grant process.

Note: If you are an eligible applicant for both DHCS and DRA grant programs (i.e. regional institutions of higher education and rural cooperatives), you may propose funding for both programs as long as proposals for each program are distinctly different. For example, DRA funds may be used to assist in the planning and creation of a new nurse training institute, while DHCS funds may be used for implementing the health care services carried out by the nurses. This would require one scope of work for each program.

C. Cost Sharing or Matching

Matching funds are not required.

D. Other Eligibility Requirements

An application must propose to use project funds, including grant and other contributions committed under the evaluation criteria for eligible purposes. Also, for the DHCS Program the Consortium must be located in the Delta

Region and the project must serve, and grant funds must be expended, in rural areas as defined in Section II of this Notice, within the Delta Region. However, the applicant need not propose to serve the entire Delta Region.

DRA funds cannot be used for construction, planning a facility, engineering work, or revolving loan funds. However, if you include funds in your budget that are for ineligible purposes, we will consider the application for funding if the ineligible purposes total 10 percent or less of an applicant's total project budget. However, if the application is successful, those ineligible costs must be removed before we will make the grant award. If we cannot determine the percentage of ineligible costs, the application will not be considered for funding.

The following additional applicant eligibility requirements apply to both programs:

1. Individuals are not eligible to apply.
 2. The applicant must be able to demonstrate at least 1 year of prior experience in addressing the health care issues in the Delta Region.
 3. If the applicant has an existing DHCS and/or DRA award, you must be performing satisfactorily to be considered eligible for a new award. Satisfactory performance includes, but is not limited to, being up-to-date on all financial and performance reports and being current on all tasks as approved in the work plan. The Agency will consider a one-time request to extend the period for up to 1 year during which grant funding is available.

the Consolidated and Further Continuing Appropriations Act, 2013, Pub.L. 113–6, sections 732 and 733 regarding corporate felony convictions and corporate federal tax delinquencies. You must provide representation as to whether your organization or any officers or agents of your organization has or has not been convicted of a felony criminal violation under Federal or State law in the 24 months preceding the date of application. In addition, you must provide representation as to whether your organization has or does not have any unpaid Federal tax liability that has been assessed, for which all judicial and administrative remedies have been exhausted or have lapsed, and that is not being paid in a timely manner pursuant to an agreement with the authority responsible for collecting the tax liability. To comply with these provisions, all applicants must complete paragraph (A) of this representation, and all corporate applicants also must complete paragraphs (B) and (C) of this representation:

(A) Applicant _____ [insert applicant name] is _____ not _____ (check one) and entity that has filed articles of incorporation in one of the fifty states, the District of Columbia, or the various territories of the United States including American Samoa, Federated States of Micronesia, Guam, Midway Islands, Northern Mariana Islands, Puerto Rico, Republic of Palau, Republic of the Marshall Islands, U.S. Virgin Islands.

a. Indirect Costs

In accordance with Section 704 of Consolidated and Further Continuing Appropriations Act, 2013, the total amount for salaries and wages,

administrative expenses, and recurring operating costs may not exceed 10 percent of the grant.

b. Environmental and Engineering Requirements

For proposals including construction under the DHCS program, this additional requirement applies. The applicant must provide details of the project's impact on the environment and historic preservation, and comply with 7 CFR part 1940, which contains the Agency's policies and procedures for implementing a variety of Federal statutes, regulations, and executive orders generally pertaining to the protection of the quality of the human environment. This must be contained in a separate section entitled "Environmental Impact of the Project" and must include the Environmental Questionnaire/Certification describing the impact of the project. The Environmental Questionnaire/Certification is available on the RBS Cooperative Programs Web site at: http://www.rurdev.usda.gov/bcp_deltahealthcare.html. Submission of the Environmental Questionnaire/Certification alone does not constitute compliance with 7 CFR part 1940.

Applications for technical assistance or planning projects are generally excluded from the environmental review process by 7 CFR 1940.333.

c. Funding Restrictions

Grant funds may not be used to:

1. Duplicate current services or replace or substitute support previously provided. If the current service is inadequate, however, grant funds may be used to expand the level of effort or a service beyond what is currently being provided;
2. Pay costs to prepare the application for funding under this program;
3. Pay costs of the project incurred prior to the effective date of the grant period;
4. Fund political activities;
5. Pay for assistance to any private business enterprise which does not have at least 51 percent ownership by those who are either citizens of the United States or reside in the United States after being legally admitted for permanent residence; or
6. Pay any judgment or debt owed to the United States. Any delinquent debt to the Federal Government shall cause the applicant to be ineligible to receive funds until the debt has been paid.

E. Completeness Eligibility

Your application will not be considered for funding if it does not provide sufficient information to

determine eligibility or is missing required elements. In particular, you must include a project budget that identifies each task to be performed, along with the period of performance for each task, and the amounts of grant funds and other contributions needed for each task.

VI. Application Review Information

A. Criteria

Grant applications are scored competitively and subject to the criteria listed below. Grant application scoring criteria are detailed in the DHCS and DRA Grant Application Guide which can be found at http://www.rurdev.usda.gov/BCP_DeltaHealthCare.html. There are four criteria that when totaled together can add up to a total of 100 points, broken down as follows:

1. Rurality of the project area and communities served—Up to 15 Points
2. Other Contributions—Up to 15 points
3. Community needs and benefits derived from the project—Up to 30 Points
4. Project management and organization capability—Up to 40 points

B. Grant Review Standards

1. All applications for grants must be delivered to RBS at the address specified in this Notice, or submitted electronically to <http://www.grants.gov/> (Grants.gov) to be eligible for funding. The Agency will review each application for conformance with the provisions of this Notice. The Agency may contact the applicant for additional information or clarification.

2. We will review each application to determine if it is eligible for assistance based on the requirements of this Notice as well as other applicable Federal regulations.

3. Applications conforming with this Notice will be evaluated competitively by the Agency, and will be awarded points in accordance with this Notice. Applications will be ranked and grants awarded in rank order until all grant funds are expended.

C. Scoring Guidelines

The Agency will review each application to determine if it is eligible for assistance based on the requirements of this Notice, as well as other applicable Federal regulations.

Applications conforming with this Notice will be evaluated competitively by the Agency and will be awarded points as described in the DHCS/DRA Grant Application Guide. Applications will be ranked and grants awarded in rank order until all grant funds are expended. The applicant must address each selection criterion outlined in this Notice. Any criterion not substantively addressed will receive zero points. The Agency may contact the applicant for additional information or clarification.

1. The applicant's rurality calculation will be checked and, if necessary, corrected by the Agency.

2. The Other Contributions score will be calculated based on documentation provided indicating who will be providing the other source of funds, the amount of funds, when those funds will be provided, and how the funds will be used in the project budget. The Agency will assess how well the applicant intends to leverage the use of additional contributions to extend the scope of the project.

3. The Community Needs and Benefits derived from the project score will be determined by the Agency based on information presented in the application. The Community Needs and Benefits score is a subjective score based on the reviewer's assessment of the supporting arguments made in the application. The score aims to assess how the project's purpose and goals benefit the residents in the Delta Region.

4. The Project Management and Organization Capability score will be determined by the Agency based on information presented in the application. The Agency will evaluate the applicant's experience, past performance, and accomplishments addressing health care issues to ensure effective project implementation.

D. Selection Process

Grant applications are ranked by final score. The Agency selects applications based on those rankings, subject to availability of funds. Rural Development has the authority to limit the number of applications selected in any one state, or from any applicant.

VII. Award Administration Information

A. Award Notices

The Agency recognizes that each funded project is unique, and therefore may attach conditions to different projects' award documents. The Agency generally notifies applicants whose projects are selected for awards by faxing an award letter. The Agency follows the award letter with a grant agreement that contains all the terms and conditions for the grant. An applicant must execute and return the grant agreement, accompanied by any additional items required by the grant agreement. If the application is not successful, the applicant will receive notification, including mediation procedures and appeal rights, by mail.

All adverse determinations regarding applicant eligibility and the awarding of points as part of the selection process are appealable to the National Appeals Division, USDA (see 7 CFR part 11).

Instructions on the appeal process will be provided at the time an applicant is notified of the adverse decision.

B. Administrative and National Policy Requirements
