

(GAN); or we may send you an email containing a link to access an electronic version of your GAN. We may notify you informally, also.

If your application is not evaluated or not selected for funding, we notify you.

2. *Administrative and National Policy Requirements:* We identify administrative and national policy requirements in the application package and reference these and other requirements in the *Applicable Regulations* section of this notice.

We reference the regulations outlining the terms and conditions of an award in the *Applicable Regulations* section of this notice and include these and other specific conditions in the GAN. The GAN also incorporates your approved application as part of your binding commitments under the grant.

3. *Grant Administration:* Applicants should budget to attend an annual three-day meeting for project directors to be held in Washington, DC, a two-day November 2014 meeting of grantees under the Jacob K. Javits Gifted and Talented Students Education program to be held in either Baltimore or Washington, DC, and a one-day meeting in Washington, DC, in the second year of the grant to discuss the evaluation plan for the last three years of the project.

4. *Reporting:* (a) If you apply for a grant under one of the competitions announced in this notice, you must ensure that you have in place the necessary processes and systems to comply with the reporting requirements in 2 CFR part 170 should you receive funding under the competition. This does not apply if you have an exception under 2 CFR 170.110(b).

(b) At the end of your project period, you must submit a final performance report, including financial information, as directed by the Secretary. If you receive a multi-year award, you must submit an annual performance report that provides the most current performance and financial expenditure information as directed by the Secretary under 34 CFR 75.118. The Secretary may also require more frequent performance reports under 34 CFR 75.720(c). For specific requirements on reporting, please go to www.ed.gov/fund/grant/apply/appforms/appforms.html.

5. *Performance Measures:* To evaluate the overall success of its education research grant program, the Institute annually assesses the number of IES-supported interventions with evidence of efficacy in improving student outcomes including school readiness, academic outcomes (reading, writing, mathematics, and science), high school

graduation and dropout, postsecondary enrollment and completion, and in enhancing teacher characteristics that have been shown to have a positive effect on student outcomes.

The data for these annual measures are based on What Works Clearinghouse (WWC) reviews of initial findings on interventions from Institute research grants, such as findings that will have been presented as papers at a convention or working papers provided to the Institute by its grantees. The WWC reviews these reports and rates them using the WWC published standards to determine whether the evidence from these research grants meets evidence standards of the WWC and demonstrates a statistically significant positive effect in improving the relevant outcome.

6. *Continuation Awards:* In making a continuation award, the Secretary may consider, under 34 CFR 75.253, the extent to which a grantee has made “substantial progress toward meeting the objectives in its approved application.” This consideration includes the review of a grantee’s progress in meeting the targets and projected outcomes in its approved application, and whether the grantee has expended funds in a manner that is consistent with its approved application and budget. In making a continuation grant, the Secretary also considers whether the grantee is operating in compliance with the assurances in its approved application, including those applicable to Federal civil rights laws that prohibit discrimination in programs or activities receiving Federal financial assistance from the Department (34 CFR 100.4, 104.5, 106.4, 108.8, and 110.23).
