FEDERAL COMMUNICATIONS COMMISSION

Information Collection Being Reviewed by the Federal Communications Commission Under Delegated Authority

AGENCY: Federal Communications Commission.

ACTION: Notice and request for comments.

SUMMARY: As part of its continuing effort to reduce paperwork burdens, and as required by the Paperwork Reduction Act (PRA) of 1995 (44 U.S.C. 3501-3520), the Federal Communications Commission (FCC or the Commission) invites the general public and other Federal agencies to take this opportunity to comment on the following information collection. Comments are requested concerning: Whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information shall have practical utility; the accuracy of the Commission's burden estimate; ways to enhance the quality, utility, and clarity of the information collected; ways to minimize the burden of the collection of information on the respondents, including the use of automated

collection techniques or other forms of information technology; and ways to further reduce the information collection burden on small business concerns with fewer than 25 employees.

The FCC may not conduct or sponsor a collection of information unless it displays a currently valid control number. No person shall be subject to any penalty for failing to comply with a collection of information subject to the PRA that does not display a valid Office of Management and Budget (OMB) control number.

DATES: Written PRA comments should be submitted on or before July 7, 2014. If you anticipate that you will be submitting comments, but find it difficult to do so within the period of time allowed by this notice, you should advise the contact listed below as soon as possible.

ADDRESSES: Direct all PRA comments to Cathy Williams, FCC, via email PRA@fcc.gov <<mailto:PRA@fcc.gov>> and to Cathy.Williams@fcc.gov <<mailto:Cathy.Williams@fcc.gov>>.

FOR FURTHER INFORMATION CONTACT: For additional information about the information collection, contact Cathy Williams at (202) 418-2918.

SUPPLEMENTARY INFORMATION:

OMB Control No.: 3060-0347.

Title: Section 97.311, Spread Spectrum (SS) Emission Types.

Form No.: Not applicable.

Type of Review: Extension of a currently approved collection.

Respondents: Individuals or households.

Number of Respondents and

Responses: 10 respondents; 10 responses.

Estimated Time Per Response: .017 hours (1 minute).

Frequency of Response: Recordkeeping requirement.

Obligation to Respond: Required to obtain and retain benefits. The statutory authority for this collection of information is contained in 47 U.S.C. 154, 303, 151-155 and 301-609.

Total Annual Burden: 1 hour.

Annual Cost Burden: None.

Privacy Act Impact Assessment: Yes.

Nature and Extent of Confidentiality: There is no need for confidentiality with this collection of information.

Needs and Uses: The recordkeeping requirement in Section 97.311 is necessary to document all spread spectrum (ss) transmissions by amateur radio operators. This requirement is necessary so that quick resolution of any harmful interference problems can be achieved and to ensure that the station is operating in accordance with the Communications Act of 1934, as

amended. The information is used by FCC staff during inspections and investigations to ensure compliance with applicable rules, statutes, and treaties. In the absence of this recordkeeping requirement, field inspections and investigations related to the solution of cases of harmful interference would be severely hampered and needlessly prolonged due to the inability to quickly obtain vital information used to demodulate spread spectrum transmissions.

GENERAL SERVICES ADMINISTRATION

[Notice-MX-2014-01; Docket No. 2014-0002; Sequence 18]

Announcement of Requirements and Registration for the “Public Sector Program Management—a Vision for the Future” Ideation Challenge

AGENCY: Performance Improvement Council (PIC), General Services Administration (GSA).

ACTION: Notice.

SUMMARY: The Performance Improvement Council (PIC) located in the General Services Administration (GSA) announces the “Public Sector Program Management—A Vision for the Future” ideation challenge. GSA is interested in initiating a public dialog on the future of program management in the government context. The contest challenges the public to look ahead 25 years and imagine how advances in technology and the skill set of a new generation will drive the development of public sector program management.

DATES: The challenge begins May 13, 2014 and ends May 27, 2014 (1:59 p.m. Eastern Daylight Time). Contestants must register and submit all entries by the contest end date. Public voting for a “Most Popular” entry begins May 13, 2014 and extends through June 03, 2014 (1:59 p.m. Eastern Daylight Time). GSA expects to announce winners in June, 2014. GSA reserves the right to extend the registration and submission period, and delay the award announcement, for any reason. The challenge can be viewed at <https://www.challenge.gov/>.

FOR FURTHER INFORMATION CONTACT:

Bethany Blakey, Performance Improvement Council, General Services Administration at 202-694-2981 and/or via email: bethany.blakey@gsa.gov.

SUPPLEMENTARY INFORMATION:

1. *Subject of the Competition:* GSA designed this challenge to generate a discussion about the coming state of program management in the public sector. Planning, project management, financial management, employee engagement, and reporting are among the key responsibilities of today's public sector program managers. The approach to each of these and so many others is defined, in part, by the state of existing technology, access to data, and the ability of a skilled workforce to take full advantage of those resources. Today's tools and resources both enable and limit program managers' ability to deliver the best service to the public, efficiently and within budget, while adjusting to changes in political direction and mission focus.
