OMB Control Number: 2900–0422.

Type of Review: Extension of a currently approved collection.

Abstract: The information contained Department of Veterans Acquisition Regulation (VAAR) Clauses 852.236–72, Alternate I to 852.236–80, 852.236–82, 852.236–83, 852.236–84, and 852.236–88 is necessary for VA to administer construction contracts, and to carry out its responsibility to construct, maintain and repair real property for the Department.

a. VAAR Clause 852.236–72, Performance of Work by the Contractor, requires contractors awarded a construction contract containing Federal Acquisition Regulation (FAR) clause 52.236–1, to submit a statement designating the branch or branches of contract work to be performed by the contractor’s own forces. The VAAR clause implements the FAR clause by requiring the contractor to provide information to the contracting officer on how the contractor intends to fulfill this contractual obligation. The contracting officer uses this information to ensure that the contractor complies with the contract requirements.

b. Alternate I to Clause 852.236–80, Work Coordination, require construction contractors, on contracts involving complex mechanical-electrical work, to furnish coordination drawings showing the manner in which utility lines will fit into available spaces and relate to each other and to the existing building elements. The information is used by the contracting officer and VA engineer assigned to the project to resolve any problems relating to the installation of utilities on construction contract.

c. VAAR Clause 852.236–82, Payments Under Fixed-Price Construction Contracts (without NAS), requires construction contractors to submit a schedule of costs for work to be performed under the contract. If the contract includes guarantee period services, Alternate I requires contractor to submit information on the total and itemized costs of the guarantee period services and to submit a performance plan/program. The information is needed to allow the contracting officer to determine the correct amount to pay the contractor as work progresses and to properly proportion the amount paid for guarantee period services.
