The Commission revised FCC Form 602 by removing question 1b the reporting of Cellular cross Ownership Interests, which was sunset per 47 CFR 1.919(I)(3). The revised form is available via the Commission's Web site and the Universal Licensing System electronic form has been updated. The purpose of the FCC Form 602 is to obtain the identity of the filer and to elicit information required by 47 CFR 1.2112 of the Commission's rules regarding: (1) Persons or entities holding a 10 percent or greater direct or indirect ownership interest or any general partners in a general partnership holding a direct or indirect ownership interest in the applicant ("Disclosable Interest Holders"); and (2) All FCC-regulated entities in which the filer or any of its Disclosable Interest Holders owns a 10 percent or greater interest. The data collected on the FCC Form 602 includes the FCC Registration Number (FRN), which serves as a "common link" for all filings an entity has with the FCC. The Debt Collection Improvement Act of 1996 requires that entities filing with the Commission use a FRN. The FCC Form 602 was designed for, and must be filed electronically by, all licensees that hold licenses in auctionable services. The information collected on the form is used by the FCC to determine whether the filer is legally, technically and financially qualified to be a licensee. Without such information, the Commission could not determine whether to issue licenses to applicants that provide telecommunications services to the public and fulfill its statutory responsibilities in accordance with the Communications Act of 1934, as amended.
