

the modules/cells took place in Malaysia and Taiwan, are not subject to the scope of the AD and CVD orders because neither the solar modules nor the solar cells therein were manufactured in the PRC; January 10, 2014.

A-570-918: Steel Wire Garment Hangers From the People's Republic of China

Requestor: Dollar General Corporation, LLC ("Dollar General"); The Vinyl-Coated Hanger is within the scope of the antidumping duty order ("Order") because the physical description of this hanger does not meet any of the exclusions in the scope, while the Five-Tier Swing Arm Slack Rack Hanger, Chrome Tie/Belt Hanger, Slacker Hanger, and Four-Tier Skirt/Slack Hanger are outside the scope because they are distinct in production process, as well as form and shape (and use) from hangers covered by the scope of the antidumping duty order as determined by the Department of Commerce; January 16, 2014.

A-570-890: Wooden Bedroom Furniture From the People's Republic of China

Requestor: Stork Craft Manufacturing Inc. ("Stork Craft"); Stork Craft's bench/toy box is excluded from the scope of the order because it shares sufficient characteristics with excluded toy boxes, in addition to having elements consistent with excluded seating furniture; February 25, 2014.

Anticircumvention Determinations Made Between January 1, 2014, and March 31, 2014

A-570-866: Polyethylene Retail Carrier Bags From the People's Republic of China

Requestor: Hilex Poly Co., LLC and Superbag Corp.; exports of unfinished polyethylene retail carrier bags which are sealed on all four sides, cut to length, and which appear ready to undergo the final step in the production process (*i.e.*, to use a die press to stamp out the opening and create the handles of a finished polyethylene retail carrier bag) are circumventing the antidumping duty order; March 19, 2014.

A-570-928: Uncovered Innerspring Units From the People's Republic of China

Requestor: Leggett & Platt Incorporated; exports to the United States of uncovered innerspring units completed and assembled in Malaysia by Reztec Industries Sdn Bhd from PRC-origin innerspring components are circumventing the antidumping duty order; January 21, 2014.

Interested parties are invited to comment on the completeness of this list of completed scope and anticircumvention inquiries. Any comments should be submitted to the Deputy Assistant Secretary for AD/CVD Operations, Enforcement and Compliance, International Trade Administration, 14th Street and Constitution Avenue, NW., APO/Dockets Unit, Room 1870, Washington, DC 20230.

This notice is published in accordance with 19 CFR 351.225(o).

Dated: May 22, 2014.

Christian Marsh,

Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations.

BILLING CODE 3510-DS-P

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

RIN 0648-XD313

Endangered and Threatened Species; Take of Anadromous Fish

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Applications for two new scientific research permits.

SUMMARY: Notice is hereby given that NMFS has received two scientific research permit application requests relating to Pacific salmon and eulachon. The proposed research is intended to increase knowledge of species listed under the Endangered Species Act (ESA) and to help guide management and conservation efforts. The applications may be viewed online at: https://apps.nmfs.noaa.gov/preview/preview_open_for_comment.cfm.

DATES: Comments or requests for a public hearing on the applications must be received at the appropriate address or fax number (see **ADDRESSES**) no later than 5 p.m. Pacific standard time on June 30, 2014.

ADDRESSES: Written comments on the application should be sent to the Protected Resources Division, NMFS, 1201 NE Lloyd Blvd., Suite 1100, Portland, OR 97232-1274. Comments may also be sent via fax to 503-230-5441 or by email to nmfs.nwr.apps@noaa.gov.

FOR FURTHER INFORMATION CONTACT: Rob Clapp, Portland, OR (ph.: 503-231-2314), Fax: 503-230-5441, email: Robert.Clapp@noaa.gov. Permit

application instructions are available from the address above, or online at <https://apps.nmfs.noaa.gov>.

SUPPLEMENTARY INFORMATION:

Species Covered in This Notice

The following listed species are covered in this notice:

Chinook salmon (*Oncorhynchus tshawytscha*): threatened Puget Sound (PS).

Steelhead (*O. mykiss*): threatened PS.
Chum salmon (*O. Keta*): threatened PS.
Eulachon (*Thaleichthys pacificus*): threatened Southern.

Authority

Scientific research permits are issued in accordance with section 10(a)(1)(A) of the ESA (16 U.S.C. 1531 *et. seq*) and regulations governing listed fish and wildlife permits (50 CFR parts 222-226). NMFS issues permits based on findings that such permits: (1) Are applied for in good faith; (2) if granted and exercised, would not operate to the disadvantage of the listed species that are the subject of the permit; and (3) are consistent with the purposes and policy of section 2 of the ESA. The authority to take listed species is subject to conditions set forth in the permits.

Anyone requesting a hearing on an application listed in this notice should set out the specific reasons why a hearing on that application would be appropriate (see **ADDRESSES**). Such hearings are held at the discretion of the Assistant Administrator for Fisheries, NMFS.

Applications Received

Permit 18792

The Wild Fish Conservancy (WFC) is seeking a five-year permit to annually take juvenile PS Chinook salmon and subadult PS steelhead. The WFC research may also cause them to take Southern eulachon, a species for which there are currently no ESA take prohibitions. The purpose of the study is to test native salmonids for pathogens transmitted from salmon in net pens in the Puget Sound. The research would benefit the affected species by (1) determining the direction and distance potential pathogen plumes could move and thereby help managers place net pens where they would do the least amount of harm to native fishes, and (2) identifying areas where such plumes may affect salmonids. Sampling would take place in two locations in Puget Sound: Clam Bay (South Puget Sound) and Deepwater Bay (Whidbey Basin). The WFC proposes to use beach seines to capture fish twice each month at multiple sites near both locations. The

first ten juvenile coho, chum, pink, and hatchery Chinook captured during each sampling event would be killed and tissue samples (gill, kidney, heart) would be taken. Any remaining fish from each sample would be anesthetized, identified by species, measured, checked for sea lice, and released.

Permit 18819

The WFC is seeking a five-year permit to annually take juvenile and adult PS Chinook salmon, HCS chum salmon, and PS steelhead. The WFC research may also cause them to take Southern eulachon, a species for which there are currently no ESA take prohibitions. The purpose of the study is to determine the relative abundance, distribution, and emigration timing of juvenile chum salmon in the Hood Canal and tidally-influenced portions of its major tributaries. The research would benefit the affected species by determining juvenile salmonid out-migrant timing, use of nearshore rearing habitats, and key habitat associations (i.e. eelgrass and kelp beds, gravel beaches, mudflats, and modified vs. unmodified shorelines). Sampling would take place in 30 locations throughout Hood Canal. The WFC proposes to use fyke nets and beach seines to capture fish twice each month from December through May. The salmonids and steelhead would be identified by species and enumerated. A subset of all fish would also be measured, and tissue samples would be taken from the chum and wild Chinook salmon. Juvenile coded-wire tagged (CWT) coho and Chinook salmon would be sacrificed to determine their hatcheries of origin and to provide stock-specific information about how and where they use nearshore habitats. All other fish would be released after handling. The researchers do not propose to kill any other listed species being captured, but a small number may die as an unintended result of the activities.

This notice is provided pursuant to section 10(c) of the ESA. NMFS will evaluate the applications, associated documents, and comments submitted to determine whether the applications meet the requirements of section 10(a) of the ESA and Federal regulations. The final permit decisions will not be made until after the end of the 30-day comment period. NMFS will publish notice of its final action in the **Federal Register**.

Dated: May 23, 2014.

Angela Somma,

Chief, Endangered Species Division, Office of Protected Resources, National Marine Fisheries Service.

BILLING CODE 3510-22-P

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

RIN 0648-XD317

Pacific Fishery Management Council; Public Meeting

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice; public meeting.

SUMMARY: The Pacific Fishery Management Council's (Pacific Council) Highly Migratory Species Management Team (HMSMT) will hold a webinar, which is open to the public.

DATES: The HMSMT will hold the webinar on Monday, June 16, 2014, from 1 p.m. to 5 p.m., Pacific Time, or when business for the day is complete.

ADDRESSES: To attend the webinar, visit <http://www.joinwebinar.com>. Enter the Webinar ID: 749-475-639, and your name and email address (required). Once you have joined the webinar, choose either your computer's audio or select "Use Telephone." If you do not select "Use Telephone" you will be connected to audio using your computer's microphone and speakers (VoIP). It is recommended that you use a computer headset as GoToMeeting allows you to listen to the meeting using your computer headset and speakers. If you do not have a headset and speakers, you may use your telephone for the audio portion of the meeting by dialing this TOLL number 1-702-489-0008 (not a toll-free number); phone audio access code 749-475-639; audio phone pin shown after joining the webinar. System requirements for PC-based attendees: Required: Windows® 7, Vista, or XP; for Mac®-based attendees: Required: Mac OS® X 10.5 or newer; and for mobile attendees: Required: iPhone®, iPad®, Android™ phone or Android tablet (See the GoToMeeting Webinar Apps). You may also send an email to Mr. Kris Kleinschmidt or contact him at (503) 820-2280 for technical assistance. A listening station will also be provided at the Pacific Council office.

Council address: Pacific Council, 7700 NE Ambassador Place, Suite 101, Portland, OR 97220-1384.

FOR FURTHER INFORMATION CONTACT: Dr. Kit Dahl, Pacific Council; telephone: (503) 820-2422.

SUPPLEMENTARY INFORMATION: The HMSMT will discuss items on the Council's June meeting agenda. These are: Update on Regulations and International Activities, Drift Gillnet Transition Issues, Exempted Fishing Permit (EFP) Process Confirmation, Initial Scoping of Biennial Specifications and Management Measures.

Public comments during the webinar will be received from attendees at the discretion of the HMSMT Chair.

Although non-emergency issues not contained in the meeting agenda may be discussed, those issues may not be the subject of formal action during this meeting. Action will be restricted to those issues specifically listed in this document and any issues arising after publication of this document that require emergency action under section 305(c) of the Magnuson-Stevens Fishery Conservation and Management Act, provided the public has been notified of the intent to take final action to address the emergency.

Special Accommodations

The meeting is physically accessible to people with disabilities. Requests for sign language interpretation or other auxiliary aids should be directed to Mr. Kris Kleinschmidt at (503) 820-2280 at least 5 days prior to the meeting date.

Dated: May 23, 2014.

Tracey L. Thompson,

Acting Deputy Director, Office of Sustainable Fisheries, National Marine Fisheries Service.
