

TABLE 1—ESTIMATED ANNUAL REPORTING BURDEN ¹

21 CFR Section/activity	Number of respondents	Number of responses per respondent	Total annual responses	Average burden per response	Total hours
130.17(c)/Request for Permit	13	2	26	25	650
130.17(i)/Request for Extension	1	2	2	2	4
Total					654

¹ There are no capital costs or operating and maintenance costs associated with this collection of information.

The estimated number of temporary marketing permit applications and hours per response is an average based on our experience with applications received for the past 3 years, and information from firms that have submitted recent requests for temporary marketing permits. Based on this information, we estimate that there will be, on average, approximately 13 firms submitting requests for 2 temporary marketing permits per year over the next 3 years.

Thus, we estimate that 13 respondents will submit 2 requests for temporary marketing permits annually pursuant to § 130.17(c). The estimated number of respondents for § 130.17(i) is minimal because this section is seldom used by the respondents; therefore, the Agency estimates that there will be one or fewer respondents annually with two or fewer requests for extension of the marketing permit under § 130.17(i). The estimated number of hours per response is an average based on the Agency's experience and information from firms that have submitted recent requests for temporary marketing permits. We estimate that 13 respondents each will submit 2 requests for temporary marketing permits under § 130.17(c) and that it will take a respondent 25 hours per request to comply with the requirements of that section, for a total of 650 hours. We estimate that one respondent will submit two requests for extension of its temporary marketing permits under § 130.17(i) and that it will take a respondent 2 hours per request to comply with the requirements of that section, for a total of 4 hours.

Dated: May 29, 2014.

Leslie Kux,

Assistant Commissioner for Policy.

BILLING CODE 4160-01-P

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Health Resources and Services Administration

Discretionary Grant Program

AGENCY: Health Resources and Services Administration (HRSA), Department of Health and Human Services (HHS).

ACTION: Notice of Class Deviation from Competition Requirements for the Maternal and Child Health Bureau's (MCHB) Autism Intervention Research Network on Behavioral Health and Autism Intervention Research Network on Physical Health programs.

SUMMARY: HRSA will be issuing a 1-year non-competitive continuation budget period beyond the planned 3-year project period for the Autism Intervention Research Network on Behavioral Health (AIR-B Network) and the Autism Intervention Research Network on Physical Health (AIR-P Network) programs. Approximately \$1,500,000 in funding will be made available in the form of a cooperative agreement to the University of California Los Angeles (UCLA), Cooperative Agreement Number UA3MC11055, during the budget period of September 1, 2014, through August 31, 2015. Approximately \$3,000,000 in funding will be made available in the form of a cooperative agreement to the Massachusetts General Hospital (MGH), Cooperative Agreement Number UA3MC11054, during the budget period of September 1, 2014, through August 31, 2015.

The AIR-B Network (UA3MC 11055) and the AIR-P Network (UA3MC11054) programs, CFDA No. 93.110, are authorized by the Public Health Service Act, § 399BB(f) (42 U.S.C. 280i-1(f)), as amended by the Combating Autism Reauthorization Act of 2011 (Pub. L. 112-32), which is scheduled to sunset on September 30, 2014.

The AIR-B Network is an interdisciplinary, multi-site network of researchers working together with communities to provide national leadership in research to improve the

behavioral, mental, social, and/or cognitive health and wellbeing of children and adolescents with autism spectrum disorders (ASD) and other developmental disabilities. The AIR-B Network conducts protocol-based research to advance effective intervention strategies aimed at improving social and behavioral health and well-being among underserved children and adolescents with ASD, in both home and school settings; provides a research environment that is supportive of the professional development of emerging researchers interested in autism intervention research; disseminates critical information on its research findings to inform researchers, care providers, policymakers, other stakeholders in the field, and the public, including families with children and adolescents with ASD; and promotes the translation of network findings into practice settings and communities that will result in improved care.

The AIR-P Network is an interdisciplinary, multi-site research network of clinicians and researchers that provides national leadership in research to improve the physical health and well-being of children and adolescents with autism spectrum disorders (ASD) and other developmental disabilities. The AIR-P Network conducts protocol-based research to advance effective treatment strategies; develops and updates evidence-based guidelines and validates tools for interventions; provides a research environment that supports the professional development of emerging researchers interested in autism intervention research; disseminates critical information on its research findings to inform researchers, care providers, policymakers, other stakeholders in the field, and the public, including families with children and adolescents with ASD; and promotes the translation of findings into practice settings and communities that will result in improved care.

SUPPLEMENTARY INFORMATION:

Intended Recipients of the Award:
The grantees of record (listed below).

Amount of the Non-Competitive Award:

- Up to \$1,500,000 (AIR–B Network);
- Up to \$3,000,000 (AIR–P Network).

CFDA Number: 93.110.

Current Project Period: 09/01/2011—08/31/2014.

Period of Funding: 9/1/2014–8/31/2015.

Authority: Public Health Service Act, § 399BB(f) (codified at 42 U.S.C. 280i–1(f)) and the Combating Autism Act of 2006 (Pub. L. 109–416), as amended by the Combating Autism Reauthorization Act of 2011 (Pub. L. 112–32), which is scheduled to sunset on 9/30/2014.

Justification: MCHB is extending funding for the currently funded AIR–B Network on and AIR–P Network programs by 1 year because the authority for these programs is scheduled to sunset on September 30, 2014, and a potential lapse in the

authorization would result in the inability to continue to support them.

Should the legislation be reauthorized, a 1-year extension, beginning on September 1, 2014, will allow the grantees to wrap up current studies; strengthen dissemination efforts to stakeholders including providers, researchers, families, and partners in schools and communities that regularly serve children and adolescents with ASD and their families; and strengthen educational opportunities in communities by enhancing partnerships for community-based participatory research. The networks will also strengthen efforts in completing data analyses, manuscript submissions, and other products, and develop efforts within the approved scope of work for completion during the 1-year extension.

Because research networks are planned and developed as multi-year projects, without reauthorization, these

projects will be initiated but not completed as planned. Should reauthorization not occur, the programs can be completed by the end of the 1-year extension on August 31, 2015. Delaying the competing cycle of the programs by 1 year will also allow MCHB to further examine these autism research networks and develop more effective programs, given the developing science in autism intervention. This will enable MCHB to better address emerging needs from HRSA's perspective and respond to any legislative authority.

BILLING CODE 4165–15–P

DEPARTMENT OF HEALTH AND HUMAN SERVICES

National Institutes of Health

National Cancer Institute; Notice of Closed Meetings

Pursuant to section 10(d) of the Federal Advisory Committee Act, as amended (5 U.S.C. App.), notice is hereby given of the following meetings.

The meetings will be closed to the public in accordance with the provisions set forth in sections 552b(c)(4) and 552b(c)(6), Title 5 U.S.C., as amended. The grant applications/contract proposals and the discussions could disclose confidential trade secrets or commercial property such as patentable material, and personal information concerning individuals associated with the grant applications/contract proposals, the disclosure of which would constitute a clearly unwarranted invasion of personal privacy.

Name of Committee: National Cancer Institute Initial Review Group; Subcommittee F, Institutional Training and Education.

Date: June 19, 2014.

Time: 11:00 a.m. to 4:00 p.m.

Agenda: To review and evaluate grant applications.

Place: National Institutes of Health, National Cancer Institute, Room 2W904, 9609 Medical Center Drive, Rockville, MD 20852 (Telephone Conference Call).

Contact Person: Timothy C. Meeker, MD, Ph.D., Scientific Review Officer, Resources and Training Review Branch, Division of Extramural Activities, National Cancer Institute, 9609 Medical Center Drive, Room 7W624, Bethesda, MD 20892–8329, 240–276–6464, meekert@mail.nih.gov.

This notice is being published less than 15 days prior to the meeting due to the timing limitations imposed by the review and funding cycle.

Name of Committee: National Cancer Institute Special Emphasis Panel; Atomic Bomb Survivors.

Date: June 19, 2014.

Time: 11:00 a.m. to 4:00 p.m.

Agenda: To review and evaluate contract proposals.

Place: National Institutes of Health, National Cancer Institute, Room 7W102, 9609 Medical Center Drive, Rockville, MD 20852 (Telephone Conference Call).

Contact Person: Thomas M. Vollberg, Ph.D., Scientific Review Officer, Research Technology and Contract Review Branch, Division of Extramural Activities, National Cancer Institute, 9609 Medical Center Drive,

Room 7W102, Rockville, MD 20850, 240–276–6341, vollbert@mail.nih.gov.

This notice is being published less than 15 days prior to the meeting due to the timing limitations imposed by the review and funding cycle.

Information is also available on the Institute's/Center's home page: <http://deainfo.nci.nih.gov/advisory/sep/sep.htm> where an agenda and any additional information for the meeting will be posted when available.
