SUPPLEMENTARY INFORMATION: This ICR seeks to extend PRA authority for the Suspension of Pension Benefits Pursuant to Regulations 29 CFR 2530.203-3 information collection requirements. Employee Retirement Income Security Act (ERISA) section 203(a)(3)(B), 29 U.S.C. 1103(a)(3)(B), and its implementing regulations govern the circumstances under which a pension plan may suspend pension benefit payments to a retiree who returns to work or of a participant who continues to work beyond normal retirement age. In order for a plan to suspend benefits, it must notify the affected retiree or participant during the first calendar month or payroll period in which the plan withholds payment that benefits are suspended. The notice must include the specific reasons for such suspension, a general description of the plan provisions authorizing the suspension, a copy of the relevant plan provisions, and a statement indicating where the applicable regulations may be found, i.e., 29 CFR 2530.203-3. The suspension notification must also inform the retiree or participant of the plan's procedure for affording a review of the suspension of benefits. ERISA section 203 authorizes this information collection. See 29 U.S.C. 1103.

This information collection is subject to the PRA. A Federal agency generally cannot conduct or sponsor a collection of information, and the public is generally not required to respond to an information collection, unless it is approved by the OMB under the PRA and displays a currently valid OMB Control Number. In addition, notwithstanding any other provisions of law, no person shall generally be subject to penalty for failing to comply with a collection of information that does not display a valid Control Number. See 5 CFR 1320.5(a) and 1320.6. The DOL obtains OMB approval for this information collection under Control Number 1210-0048.

OMB authorization for an ICR cannot be for more than three (3) years without renewal, and the current approval for this collection is scheduled to expire on June 30, 2014. The DOL seeks to extend PRA authorization for this information collection for three (3) more years, without any change to existing requirements. The DOL notes that existing information collection requirements submitted to the OMB receive a month-to-month extension while they undergo review. For additional substantive information about this ICR, see the related notice published in the **Federal Register** on November 29, 2013 (78 FR 71668).

Interested parties are encouraged to send comments to the OMB, Office of Information and Regulatory Affairs at the address shown in the **ADDRESSES** section within 30 days of publication of this notice in the **Federal Register**. In order to help ensure appropriate consideration, comments should mention OMB Control Number 1210–0048. The OMB is particularly interested in comments that:
