Section 3506(c)(2)(A) of the PRA, 44 U.S.C. 3506(c)(2)(A), requires Federal agencies to provide a 60-day notice in the **Federal Register** concerning each proposed collection of information, including each proposed extension of an existing collection of information, before submitting the collection to OMB for approval. To comply with this requirement, the CFTC is publishing notice of the proposed collection of information listed below.

- Ways to enhance the quality, usefulness, and clarity of the information to be collected; and

- Ways to minimize the burden of collection of information on those who

are to respond, including through the use of appropriate automated electronic, mechanical, or other technological collection techniques or other forms of information technology; *e.g.*, permitting electronic submission of responses.

All comments must be submitted in English, or if not, accompanied by an English translation. Comments will be posted as received to <http://www.cftc.gov>. The Commission reserves the right, but shall have no obligation, to review, pre-screen, filter, redact, refuse or remove any or all of your submission from <http://www.cftc.gov> that it may deem to be inappropriate for publication, such as obscene language. All submissions that have been redacted or removed that contain comments on the merits of the ICR will be retained in the public comment file and will be considered as required under the Administrative Procedure Act and other applicable laws, and may be accessible under the Freedom of Information Act.

SUPPLEMENTARY INFORMATION: The National Assessment Governing Board (Board) is established under section 302 of the National Assessment of Educational Progress Authorization Act.

The Board is established to formulate policy guidelines for the National Assessment of Educational Progress (NAEP). The Board's responsibilities include the following: selecting subject areas to be assessed, developing assessment frameworks and specifications, developing appropriate student achievement levels for each grade and subject tested, developing standards and procedures for interstate and national comparisons, developing guidelines for reporting and disseminating results, and releasing initial NAEP results to the public.

On July 31, 2014, from 8:30 a.m. to 4:00 p.m. the Assessment Development Committee will meet in closed session to review secure NAEP test items in grades 4, 8 and 12 for the 2015 operational assessment in science. The Committee will review and discuss secure test items that cannot be discussed in an open meeting to protect the confidentiality of the secure assessment materials. Premature disclosure of these results would significantly impede implementation of the NAEP assessment program, and is therefore protected by exemption 9(B) of section 552(b)(c) of Title 5 United States Code.

The Board's Assessment Literacy Work Group will meet in open session on July 31, 2014, from 2:00 p.m. to 4:00 p.m. The Work Group will discuss strategies and timelines related to their work on promoting a better understanding of educational tests among parents and members of the general public.
