

Phillips, Coast Guard Marine Safety Detachment Nashville at 615-736-5421, or Chad.e.phillips@uscg.mil.

SUPPLEMENTARY INFORMATION: The Coast Guard will enforce the Special Local Regulation for the annual "Music City Triathlon" listed in 33 CFR 100.801 Table 1, Sector Ohio Valley, No. 16 on July 27, 2014 from 6:00 a.m. until 9:30 a.m.

Under the provisions of 33 CFR 100.801, entry into the regulated area listed in Table 1, Sector Ohio Valley, No. 16 is prohibited unless authorized by the Captain of the Port or a designated representative. Persons or vessels desiring to enter into or passage through the Special Local Regulation must request permission from the Captain of the Port or a designated representative. If permission is granted, all persons and vessels shall comply with the instructions of the Captain of the Port or designated representative.

This notice is issued under authority of 5 U.S.C. 552(a), and 33 U.S.C. 1233. In addition to this notice in the **Federal Register**, the Coast Guard will provide the maritime community with advance notification of this enforcement period via Local Notice to Mariners and Marine Information Broadcasts.

If the Captain of the Port Ohio Valley or Patrol Commander determines that the Special Local Regulation need not be enforced for the full duration stated in this notice of enforcement, he or she may use a Broadcast Notice to Mariners to grant general permission to enter the regulated area.

Dated: June 6, 2014.

R. V. Timme,

Captain, U.S. Coast Guard, Captain of the Port Ohio Valley.

33 CFR Part 117

[Docket No. USCG-2014-0525]

Drawbridge Operation Regulation; Lake Washington Ship Canal, Seattle, WA

AGENCY: Coast Guard, DHS.

ACTION: Notice of deviation from drawbridge regulation.

SUMMARY: The Coast Guard has issued a temporary deviation from the operating schedule that governs the University Bridge, mile 4.3, across Lake

Washington Ship Canal at Seattle, WA. The deviation is necessary to allow King County Metro Transit to perform essential maintenance on the University Bridge. This deviation allows the bridges to remain in the closed position and need not open to marine traffic.

DATES: This deviation is effective from 10 p.m. on July 11, 2014 to 8 a.m. on July 20, 2014.

ADDRESSES: The docket for this deviation, [USCG-2014-0525] is available at <http://www.regulations.gov>. Type the docket number in the "SEARCH" box and click "SEARCH." Click on Open Docket Folder on the line associated with this deviation. You may also visit the Docket Management Facility in Room W12-140 on the ground floor of the Department of Transportation West Building, 1200 New Jersey Avenue SE., Washington, DC 20590, between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays.

FOR FURTHER INFORMATION CONTACT: If you have questions on this temporary deviation, call or email Mr. Steven Fischer, Bridge Administrator, Thirteenth Coast Guard District; telephone 206-220-7282, email Steven.M.Fischer3@uscg.mil. If you have questions on viewing the docket, call Cheryl Collins, Program Manager, Docket Operations, telephone 202-366-9826.

SUPPLEMENTARY INFORMATION: The Seattle Department of Transportation has requested a temporary deviation from the operating schedule for the University Bridge, mile 4.3, across the Lake Washington Ship Canal at Seattle, WA. The requested deviation is to allow King County Metro Transit to perform essential maintenance on the University Bridge. The plan is to re-cable all the metro trolley lines on the bridge. To facilitate this maintenance period, the draws of the bridge will be maintained in the closed-to-navigation position on July 11th, 12th, and 13th, 2014 from 10 p.m. to 8 a.m. the following morning, then again on the 18th, 19th, and 20th, 2014 from 10 p.m. to 8 a.m. the following morning. Vessels which do not require bridge openings may continue to transit beneath the bridge during the closure periods. The University Bridge, mile 4.3, provides a vertical clearance of 30 feet in the closed position; clearances are referenced to the mean water elevation of Lake Washington. The current operating schedule for the bridge is set out in 33 CFR 117.1051. The normal operating schedule for the University Bridge states that the bridge need not open from 7 a.m. to 9 a.m. and from 4

p.m. to 6 p.m. Monday through Friday for vessels less than 1000 tons. The normal operating schedule for the bridge also requires one hour advance notification for bridge openings between 11 p.m. and 7 a.m. daily. Waterway usage on the Lake Washington Ship Canal ranges from commercial tug and barge to small pleasure craft. Vessels able to pass through the bridge in the closed positions may do so at anytime. The bridge will not be able to open for emergencies and there is no immediate alternate route for vessels to pass. The Coast Guard will also inform the users of the waterways through our Local and Broadcast Notices to Mariners of the change in operating schedule for the bridge so that vessels can arrange their transits to minimize any impact caused by the temporary deviation.

In accordance with 33 CFR 117.35(e), the drawbridge must return to its regular operating schedule immediately at the end of the designated time period. This deviation from the operating regulations is authorized under 33 CFR 117.35.

Dated: June 25, 2014.

Steven M. Fischer,

Bridge Administrator, Thirteenth Coast Guard District.

RIN 2070-AJ53

Withdrawal of Labeling of Pesticide Products and Devices for Export

AGENCY: Environmental Protection Agency (EPA).

ACTION: Withdrawal of direct final rule.

SUMMARY: In the **Federal Register** of April 30, 2014, EPA published a direct final rule amending the regulations that pertain to the labeling of pesticide products and devices intended solely for export. In accordance with the procedures described in the April 30, 2014 **Federal Register** document, EPA is withdrawing the direct final rule, because the Agency received adverse comments.

DATES: Effective July 11, 2014 the rule published in the **Federal Register** of April 30, 2014 (79 FR 24347) (FRL-9909-82) is withdrawn.

FOR FURTHER INFORMATION CONTACT: Kathryn Boyle, Field and External Affairs Division (7506P), Office of

Pesticide Programs, Environmental Protection Agency, 1200 Pennsylvania Ave. NW., Washington, DC 20460-0001; telephone number: (703) 305-6304; email address: boyle.kathryn@epa.gov.

SUPPLEMENTARY INFORMATION:

I. Does this action apply to me?

A list of potentially affected entities is provided in the April 30, 2014 **Federal Register** document. If you have questions regarding the applicability of this action to a particular entity, consult the person listed under **FOR FURTHER INFORMATION CONTACT**.

II. What rule is being withdrawn?

In the April 30, 2014 **Federal Register** document, EPA amended the labeling regulations for pesticide products and devices intended solely for export to allow placement of required information on collateral labeling attached to a shipping container of such products rather than on the label of each individual product in such a shipment by direct final rule. In accordance with the procedures described in the April 30, 2014 **Federal Register** document, EPA is withdrawing the direct final rule, because the Agency received adverse comments, copies of which are available in the docket. Elsewhere in this **Federal Register**, EPA is proposing a rule to seek public comment on the labeling regulations and the issues raised by the adverse comments received.

III. How do I access the docket?

To access the docket, please go to <http://www.regulations.gov> and follow the online instructions using the docket ID number EPA-HQ-OPP-2009-0607. Additional information about the Docket Facility is also provided under **ADDRESSES** in the April 30, 2014 **Federal Register** document. If you have questions, consult the person listed under **FOR FURTHER INFORMATION CONTACT**.

IV. Good Cause Finding

EPA finds that there is “good cause” under the Administrative Procedure Act (APA) (5 U.S.C. 553(b)(3)(B)) to withdraw the rule discussed in this document without prior notice and comment. For this document, notice and comment is impracticable and unnecessary because EPA is under a time limit to publish this withdrawal. It was determined that this document is not subject to the 30-day delay of effective date generally required by 5 U.S.C. 553(d). This withdrawal must become effective prior to the effective date of the rule being withdrawn.

V. Statutory and Executive Order Reviews

This document withdraws regulatory requirements that have not gone into effect. As such, the Agency has determined that this withdrawal will not have any adverse impacts, economic or otherwise. The statutory and Executive Order review requirements applicable to the rule being withdrawn were discussed in the April 30, 2014 **Federal Register** document. Those review requirements do not apply to this action because it is a withdrawal and does not contain any new or amended requirements.

VI. Congressional Review Act (CRA)

Pursuant to the CRA (5 U.S.C. 801 *et seq.*), EPA will submit a report containing this rule and other required information to the U.S. Senate, the U.S. House of Representatives, and the Comptroller General of the United States prior to publication of the rule in the **Federal Register**. This action is not a “major rule” as defined by 5 U.S.C. 804(2). Section 808 of the CRA allows the issuing agency to make a rule effective sooner than otherwise provided by CRA if the agency makes a good cause finding that notice and public procedure is impracticable, unnecessary, or contrary to the public interest. As required by 5 U.S.C. 808(2), this determination is supported by a brief statement in Unit IV.
