

connection with the acquisition or production of depreciable property to be used in the taxpayer's trade or business are limited to amounts expended for research or experimentation within the meaning of section 174 and paragraph (a) of this section.

(5) *Examples.* The following examples illustrate the application of paragraph (b) of this section.

*Example 1. Amounts paid to others for research or experimentation resulting in depreciable property.* X is a tool manufacturer. X has developed a new tool design, and orders a specially-built machine from Y to produce X's new tool. The machine is built upon X's order and at X's risk, and Y does not provide a guarantee of economic utility. There is uncertainty regarding the appropriate design of the machine. Under X's contract with Y, X pays \$15,000 for Y's engineering and design labor, \$5,000 for materials and supplies used to develop the appropriate design of the machine, and \$10,000 for Y's machine production materials and labor. The \$15,000 of engineering and design labor costs and the \$5,000 of materials and supplies costs represent research and development costs in the experimental or laboratory sense. Therefore, the \$15,000 X pays Y for Y's engineering and design labor and the \$5,000 for materials and supplies used to develop the appropriate design of the machine are for research or experimentation under section 174. However, section 174 does not apply to the \$10,000 of production costs of the machine because those costs were not incurred for research or experimentation. See paragraph (a)(2) of this section (relating to production costs) and paragraph (b)(4) of this section (limiting deduction to amounts expended for research or experimentation).

*Example 2. Expenditures with respect to other property.* Z is an aircraft manufacturer. Z incurs \$5,000,000 to construct a new test bed that will be used in the development and improvement of Z's aircraft. No portion of Z's \$5,000,000 of costs to construct the new test bed represent research and development costs in the experimental or laboratory sense to develop or improve the test bed. Because no portion of the costs to construct the new test bed were incurred for research or experimentation, the \$5,000,000 will be considered an amount paid or incurred in the production of depreciable property to be used in the taxpayer's trade or business that are not allowable under section 174. However, the allowances for depreciation of the test bed are considered research and experimental expenditures of other products, for purposes of section 174, to the extent the test bed is used in connection with research or experimentation of other products. See paragraph (b)(1) of this section (depreciation allowances may be considered research or experimental expenditures).

*Example 3. Expenditure resulting in depreciable property.* Assume the same facts as *Example 2*, except that \$50,000 of the costs of the test bed relates to costs to resolve uncertainties regarding the new test bed design. The \$50,000 of costs represents research and development costs in the

experimental or laboratory sense. Because \$50,000 of Z's costs to construct the new test bed was incurred for research and experimentation, the costs qualify as research or experimental expenditures under section 174. Paragraph (b)(2) of this section applies to \$50,000 of Z's costs for the test bed because they are expenditures for research or experimentation that result in depreciable property to be used in the taxpayer's trade or business. Z's remaining \$4,950,000 of costs is not allowable under section 174 because these costs were not incurred for research or experimentation.

(d) *Effective/applicability date.* The eighth and ninth sentences of § 1.174-2(a)(1); § 1.174-2(a)(2); § 1.174-2(a)(4); § 1.174-2(a)(5); § 1.174-2(a)(11) *Example 3* through *Example 10*; § 1.174-2(b)(4); and § 1.174-2(b)(5) apply to taxable years ending on or after July 21, 2014. Taxpayers may apply the provisions enumerated in the preceding sentence to taxable years for which the limitations for assessment of tax has not expired.

**John Dalrymple,**  
*Deputy Commissioner for Services and Enforcement.*

Approved: June 27, 2014.

**Mark J. Mazur,**  
*Assistant Secretary of the Treasury (Tax Policy).*

[Docket Number USCG-2014-0095]

RIN 1625-AA00, AA08

#### Special Local Regulations and Safety Zones; Recurring Marine Events and Fireworks Displays Within the Fifth Coast Guard District

**AGENCY:** Coast Guard, DHS.

**ACTION:** Final rule.

**SUMMARY:** This document adopts as a final rule, without change, an interim final rule amending the Coast Guard regulations established for recurring marine events and fireworks displays that take place within the Fifth Coast Guard District area of responsibility. Under that rule, the list of recurring marine events requiring special local regulations or safety zones is updated with revisions, additional events, and removal of events that no longer take place in the Fifth Coast Guard District.

When these regulations are enforced, certain restrictions are placed on marine traffic in specified areas. This rulemaking project promotes efficiency by eliminating the need to produce a separate rule for each individual recurring event, and serves to provide notice of the known recurring events requiring a special local regulation or safety zone throughout the year.

**DATES:** This rule is effective August 20, 2014.

**ADDRESSES:** Documents mentioned in this preamble are part of docket [USCG-2014-0095]. To view documents mentioned in this preamble as being available in the docket, go to <http://www.regulations.gov>, type the docket number in the "SEARCH" box and click "SEARCH." Click on Open Docket Folder on the line associated with this rulemaking. You may also visit the Docket Management Facility in Room W12-140 on the ground floor of the Department of Transportation West Building, 1200 New Jersey Avenue SE., Washington, DC 20590, between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays.

**FOR FURTHER INFORMATION CONTACT:** If you have questions on this rule, call or email Dennis Sens, Fifth Coast Guard District, Prevention Division, (757) 398-6204, [Dennis.M.Sens@uscg.mil](mailto:Dennis.M.Sens@uscg.mil). #### A. Regulatory History and Information

The Coast Guard published an interim final rule and request for comments on May 27, 2014 (79 FR 30025). The special local regulations listed in 33 CFR 100.501 and safety zones in 33 CFR 165.506 were last amended on May 21, 2013 (78 FR 29629).

#### B. Basis and Purpose

This rulemaking updates the list of permanent special local regulations at 33 CFR 100.501 and safety zones at 33 CFR 165.506, established for recurring marine events and fireworks displays at various locations within the Fifth Coast Guard District area of responsibility (AOR). The Fifth Coast Guard District AOR is defined in 33 CFR 3.25.

Publishing these regulatory updates in a single rulemaking promotes efficiency

and provides the public with notice through publication in the **Federal Register** of the upcoming recurring marine events and fireworks displays and their accompanying regulations, special local regulations, and safety zones.

### C. Discussion of Comments, Changes and the Final Rule

The Coast Guard did not receive comments in response to the interim final rule and request for comments published in the **Federal Register**. Accordingly, the Coast Guard will

enforce 50 special local regulations for marine events and 78 safety zones for fireworks displays on the specified navigable waters as listed within the Table to § 100.501 and § 165.506 respectively.

### D. Discussion of the Final Rule

#### Special Local Regulations

This rule adds 2 new marine events with special local regulations, removes 2 events, and revises 10 previously established marine events in the Table to § 100.501.

The two newly added marine events to 33 CFR 100.501 affect the Middle River, Essex, MD and the Atlantic Ocean, Ocean City, MD. The two removed events no longer listed in 33 CFR 100.501 are the Tri Rock Triathlon, Annapolis, MD, and the Virginia Beach, VA, Hydroplane Races. The 10 existing special local regulations that involve changes to marine event date(s) and coordinates are shown in Table 1, with reference by section as printed in the Table to § 100.501.

TABLE 1

Table to § 100.501 section	Location	Revision (date/coordinates)
1. (a.) 4 .....	N. Atlantic Ocean, Atlantic City, NJ .....	date.
2. (b.) 7 .....	Severn River, Annapolis, MD .....	coordinates.
3. (b.) 20 .....	Patuxent River, Solomons Island, MD .....	date.

9. (c.) 8 .....	Back River, Poquoson, VA .....	dates.
10. (c.) 9 .....	Mattaponi River, Wakema, VA .....	dates.

Based on the nature of marine events, large number of participants and spectators, and event locations, the Coast Guard has determined that the events listed in this rule could pose a risk to participants or waterway users if normal vessel traffic were to interfere with the event. Possible hazards include risks of participant injury or death resulting from near or actual contact with non-participant vessels traversing through the regulated areas. In order to protect the safety of all waterway users including event participants and spectators, this rule establishes special local regulations for the time and location of each marine event.

This rule prevents vessels from entering, transiting, mooring or anchoring within areas specifically designated as regulated areas during the periods of enforcement unless authorized by the Captain of the Port (COTP), or designated Coast Guard Patrol Commander. The designated "Patrol Commander" includes Coast Guard commissioned, warrant, or petty officer who has been designated by the COTP to act on their behalf. On-scene patrol commander may be augmented by local, State or Federal officials authorized to act in support of the Coast Guard.

#### Safety Zones

This rule adds 2 new events with safety zones and revises 17 previously established safety zones from the Table to § 165.506. The two newly added safety zones are for fireworks events on the Patapsco River, Baltimore Harbor, Baltimore, MD and on the Atlantic Intra Coastal Waterway, Swansboro, NC. The 17 revisions to existing safety zones in 165.506 involve changes to event date(s) and coordinates. These revised safety zones are shown in Table 2, with reference by section as printed in the Table to § 165.506.

Each year, organizations in the Fifth Coast Guard District sponsor fireworks displays in the same general location and time period. Each event uses a barge or an on-shore site near the shoreline as the fireworks launch platform. A safety zone is used to control vessel movement within a specified distance surrounding the launch platforms to ensure the safety of persons and property. Coast Guard personnel on scene may allow boaters within the safety zone if conditions permit.

The enforcement period for these safety zones is from 5:30 p.m. to 1 a.m. local time. However, vessels may enter, remain in, or transit through these safety zones during this time frame if authorized by the COTP or designated Coast Guard patrol commander on scene, as provided for in 33 CFR 165.23. This rule provides for the safety of life on navigable waters during the events.

#### E. Regulatory Analyses

We developed this rule after considering numerous statutes and executive orders related to rulemaking. Below we summarize our analyses based on these statutes and executive orders.

##### 1. Regulatory Planning and Review

This rule is not a significant regulatory action under section 3(f) of Executive Order 12866, Regulatory Planning and Review, as supplemented by Executive Order 13563, Improving Regulation and Regulatory Review, and does not require an assessment of potential costs and benefits under section 6(a)(3) of Executive Order 12866 or under section 1 of Executive Order 13563. The Office of Management and Budget has not reviewed it under those Orders.

We expect the economic impact of this rule to be so minimal that a full Regulatory Evaluation is unnecessary. This finding is based on the short amount of time that vessels will be restricted from regulated areas, and the small size of these areas that are usually positioned away from high vessel traffic zones. Generally vessels would not be precluded from getting underway, or mooring at any piers or marinas currently located in the vicinity of the regulated areas. Advance notifications would also be made to the local maritime community by issuance of

Local Notice to Mariners, Broadcast Notice to Mariners, Marine information and facsimile broadcasts so mariners can adjust their plans accordingly. Notifications to the public for most events will typically be made by local newspapers, radio and TV stations. The Coast Guard anticipates that these special local regulated areas and safety zones will only be enforced one to three times per year.

##### 2. Impact on Small Entities

The Regulatory Flexibility Act of 1980 (RFA), 5 U.S.C. 601–612, as amended, requires federal agencies to consider the potential impact of regulations on small entities during rulemaking. The term “small entities” comprises small businesses, not-for-profit organizations that are independently owned and operated and are not dominant in their fields, and governmental jurisdictions with populations of less than 50,000. The Coast Guard received no comments from the Small Business Administration on this rule. The Coast Guard certifies under 5 U.S.C. 605(b) that this rule will not have a significant economic impact on a substantial number of small entities. This rule will affect the following entities some of which may be small entities: The owners and operators of vessels intending to transit or anchor in these regulated areas during the times the zones are enforced.

These special local regulated areas and safety zones will not have a significant economic impact on a substantial number of small entities for the following reasons: The Coast Guard will ensure that small entities are able to operate in the areas where events are occurring to the extent possible while ensuring the safety of event participants and spectators. The enforcement period will be short in duration and, in many of the areas, vessels can transit safely around the regulated area. Generally, blanket permission to enter, remain in, or transit through these regulated areas will be given, except during the period that the Coast Guard patrol vessel is present. Before the enforcement period, we will issue maritime advisories widely.

##### 3. Assistance for Small Entities

Under section 213(a) of the Small Business Regulatory Enforcement Fairness Act of 1996 (Pub. L. 104–121),

we want to assist small entities in understanding this rule. If the rule would affect your small business, organization, or governmental jurisdiction and you have questions concerning its provisions or options for compliance, please contact the person listed in the **FOR FURTHER INFORMATION CONTACT**, above.

Small businesses may send comments on the actions of Federal employees who enforce, or otherwise determine compliance with, Federal regulations to the Small Business and Agriculture Regulatory Enforcement Ombudsman and the Regional Small Business Regulatory Fairness Boards. The Ombudsman evaluates these actions annually and rates each agency’s responsiveness to small business. If you wish to comment on actions by employees of the Coast Guard, call 1–888–REG–FAIR (1–888–734–3247). The Coast Guard will not retaliate against small entities that question or complain about this rule or any policy or action of the Coast Guard.

##### 4. Collection of Information

This rule will not call for a new collection of information under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501–3520).

##### 5. Federalism

A rule has implications for federalism under Executive Order 13132, Federalism, if it has a substantial direct effect on the States, on the relationship between the national government and the States, or on the distribution of power and responsibilities among the various levels of government. We have analyzed this rule under that Order and determined that this rule does not have implications for federalism.

##### 6. Protest Activities

The Coast Guard respects the First Amendment rights of protesters. Protesters are asked to contact the person listed in the **FOR FURTHER INFORMATION CONTACT** section to coordinate protest activities so that your message can be received without jeopardizing the safety or security of people, places or vessels.

##### 7. Unfunded Mandates Reform Act

The Unfunded Mandates Reform Act of 1995 (2 U.S.C. 1531–1538) requires

Federal agencies to assess the effects of their discretionary regulatory actions. In particular, the Act addresses actions that may result in the expenditure by a State, local, or tribal government, in the aggregate, or by the private sector of \$100,000,000 (adjusted for inflation) or more in any one year. Though this rule will not result in such an expenditure, we do discuss the effects of this rule elsewhere in this preamble.

8. Taking of Private Property

This rule will not cause a taking of private property or otherwise have taking implications under Executive Order 12630, Governmental Actions and Interference with Constitutionally Protected Property Rights.

9. Civil Justice Reform

This rule meets applicable standards in sections 3(a) and 3(b)(2) of Executive Order 12988, Civil Justice Reform, to minimize litigation, eliminate ambiguity, and reduce burden.

10. Protection of Children

We have analyzed this rule under Executive Order 13045, Protection of Children from Environmental Health Risks and Safety Risks. This rule is not an economically significant rule and does not create an environmental risk to health or risk to safety that may disproportionately affect children.

11. Indian Tribal Governments

This rule does not have tribal implications under Executive Order 13175, Consultation and Coordination with Indian Tribal Governments, because it does not have a substantial direct effect on one or more Indian tribes, on the relationship between the Federal Government and Indian tribes, or on the distribution of power and responsibilities between the Federal Government and Indian tribes.

12. Energy Effects

This action is not a “significant energy action” under Executive Order

13211, Actions Concerning Regulations That Significantly Affect Energy Supply, Distribution, or Use.

13. Technical Standards

This rule does not use technical standards. Therefore, we did not consider the use of voluntary consensus standards.

14. Environment

We have analyzed this rule under Department of Homeland Security Management Directive 023–01 and Commandant Instruction M16475.ID, which guide the Coast Guard in complying with the National Environmental Policy Act of 1969 (NEPA) (42 U.S.C. 4321–4370f), and have determined that this action is one of a category of actions that do not individually or cumulatively have a significant effect on the human environment. This rule involves implementation of regulations within 33 CFR Part 100 that apply to organized marine events on the navigable waters of the United States. Some marine events by their nature may introduce potential for adverse impact on the safety or other interest of waterway users or waterfront infrastructure within or close proximity to the event area. The category of water activities includes but is not limited to sail boat regattas, boat parades, power boat racing, swimming events, crew racing, and sail board racing. This section of the rule is categorically excluded from further review under paragraph 34(h) of Figure 2–1 of the Commandant Instruction. An environmental analysis checklist supporting this determination and a Categorical Exclusion Determination are not required for this section of the rule.

This rule involves implementation of regulations at 33 CFR Part 165 that establish safety zones on navigable waters of the United States for fireworks events. These safety zones are enforced for the duration of fireworks display events. The fireworks are generally

launched from or immediately adjacent to navigable waters of the United States. The category of activities includes fireworks launched from barges or at the shoreline that generally rely on the use of navigable waters as a safety buffer. Fireworks displays may introduce potential hazards such as accidental discharge of fireworks, dangerous projectiles, and falling hot embers or other debris. This section of the rule is categorically excluded from further review under paragraph 34(g) of Figure 2–1 of the Commandant Instruction. A preliminary environmental analysis checklist supporting this determination and a Categorical Exclusion Determination are available in the docket where indicated under ADDRESSES.

[Docket No. USCG-2012-0730]

RIN 1625-AA00

**Safety Zone; Annual Events Requiring Safety Zones in the Captain of the Port Detroit Zone****AGENCY:** Coast Guard, DHS.**ACTION:** Notice of enforcement of regulation.

**SUMMARY:** The Coast Guard will enforce the safety zone on Lake Erie in Cedar Point, Ohio, for the Revolution 3 Triathlon in Cedar Point, Ohio. This zone will be enforced from 6 a.m. until 10 a.m. on each day of September 6 and 7, 2014. This action is necessary and intended to ensure safety of life on navigable waters during the Revolution 3 Triathlon. During the aforementioned periods, the Coast Guard will enforce restrictions upon, and control movement of, vessels in the safety zone. No person or vessel may enter the safety zone while it is being enforced without permission of the Captain of the Port Detroit.

**DATES:** The regulations in 33 CFR 165.941 will be enforced for safety zone (a)(60) in § 165.941, from 6 a.m. until 10 a.m. on each day of September 6 and 7, 2014.

**FOR FURTHER INFORMATION CONTACT:** If you have questions on this document, call or email MST2 Daniel O'Leary, Prevention Department, Marine Safety Unit Toledo, 420 Madison Ave., Suite 700, Toledo, OH 43604; telephone (419) 418-6040; email *daniel.s.oleary@uscg.mil*.

**SUPPLEMENTARY INFORMATION:** The Coast Guard will enforce the Revolution 3 Triathlon safety zone listed as item (a)(60) of 33 CFR 165.941. Section 165.941 lists many annual events requiring safety zones in the Captain of the Port Detroit zone. This Revolution 3 Triathlon zone encompasses all waters and adjacent shoreline of Lake Erie located within an area that is approximately 200 yards. The area is within positions 41°29'00.04" N 082°40'48.16" W to 41°29'19.28" N 082°40'38.97" W to 41°29'02.51" N 082°40'20.82" W to 41°28'45.52" N 082°40'35.75" W then following the shoreline to the point of origin on Lake Erie during the annual Revolution 3 Triathlon from 6 a.m. until 10 a.m. on September 6 and 7, 2014.

All vessels must obtain permission from the Captain of the Port Detroit, or his or her on-scene representative to enter, move within, or exit the safety zone. Requests must be made in advance and approved by the Captain of the Port before transits will be authorized. Approvals will be granted

on a case by case basis. Vessels and persons granted permission to enter the safety zone must obey all lawful orders or directions of the Captain of the Port Detroit, or his or her designated representative.

This document is issued under authority of 33 CFR 165.941, Safety Zones; Annual events requiring safety zones in the Captain of the Port Detroit zone, and 5 U.S.C. 552(a). In addition to this publication in the **Federal Register**, the Coast Guard will provide the maritime community with advance notification of this event via Broadcast Notice to Mariners or Local Notice to Mariners. The Captain of the Port Detroit, or his or her on-scene representative, may be contacted via VHF Channel 16.

Dated: July 3, 2014.
