

losses have occurred and for which FSA has no discretion.

Paperwork Reduction Act Requirements

In accordance with the Paperwork Reduction Act of 1995 (44 U.S.C. chapter 35), FSA submitted an emergency information collection request on NAPFF so FSA can begin the application period upon publication of this NOFA. FSA is also requesting comments from all interested individuals and organizations on a new information collection request. This information collection is one-time activity. If FSA needs to continue this request, the information collection request will be merged with 0560–0175, Noninsured Crop Disaster Assistance Program information collection request upon the expiration date. Additionally, NAP is authorized by 7 CFR 7 U.S.C. 7333 and implemented under regulations in 7 CFR 1437. In NAP, the information FSA collects allows FSA to provide assistance under NAP for losses of commercial crops or other agricultural commodities (except livestock) for which catastrophic risk protection under 7 U.S.C. 1508(b) is not available, and that are not produced for food or fiber.

In the emergency request, NAPFF will only apply to 2012 annual fruit crops grown on bushes and trees. Therefore, FSA is making payments for losses to 2012 annual fruit crops grown on bushes or trees and located in counties that received Secretarial disaster designations, including counties contiguous to such counties, due to frost or freeze for the 2012 crop year.

Title: 2012 Noninsured Crop Assistance Program (NAP) Frost Freeze Program (NAPFF).

OMB Number: 0560–NEW.

Type of Request: New information collection.

Abstract: This information collection is needed for FSA to identify eligible producers of 2012 annual fruit crops grown on bushes or trees located in eligible counties and to make payments to those producers through NAPFF. FSA requires each producer to submit an application on a form specified by FSA to the FSA county office to apply for payments for losses to their eligible crops in eligible counties. The majority of producers will only need to submit the new application form (CCC–473) because the rest of their information will already be on-file from their 2012 NAP application and will be up to date in the FSA county office. However, some producers will also need to complete forms CCC–473, CCC–452, CCC–471, CCC–576, Part B and Part G,

FSA–578, CCC–860, CCC–941, CCC–902, AD–1026, and other required documentation if FSA does not have them on file as discussed above in the Application section.

The formula used to calculate the total burden hours is the estimated average time per response (including travel time) times the total estimated annual responses.

Respondents: Producers.

Estimated Number of Respondents: 3,191.

Estimated Number of Responses per Respondent: 1.

Estimated Total Annual Response: 3,191.

Estimated Average Time per Response (The average travel time, which is included in the average annual burden, is estimated to be 1 hour per respondent.): 5.2572 hours.

Estimated Total Annual Burden on Response: 16,776 hours.

We are requesting comments on this information collection to help us:

(1) Evaluate whether the collection of information is necessary for the proper performance of the agency, including whether the information will have practical utility;

(2) Evaluate the accuracy of the agency's estimate of burden, including the validity of the methodology and assumptions used;

(3) Enhance the quality, utility, and clarity of the information to be collected; or

(4) Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

All responses to this notice, including names and addresses, when provided, will be summarized and included in the request for OMB approval. All comments will also become a matter of public record.
