SUPPLEMENTARY INFORMATION: Section 337 of the Tariff Act of 1930 provides that if the Commission finds a violation it shall exclude the articles concerned from the United States: unless, after considering the effect of such exclusion upon the public health and welfare, competition conditions in the United States economy, the production of like or directly competitive articles in the United States consumers, it finds that such articles should not be excluded from entry. 19 U.S.C. § 1337(d)(1).

The Commission is interested in further development of the record on the public interest in its investigations. Accordingly, members of the public are invited to file submissions of no more than five (5) pages, inclusive of attachments, concerning the public interest in light of the administrative law judge's Recommended Determination on Remedy and Bonding issued in this investigation on July 16, 2014. Comments should address whether issuance of an exclusion order in this investigation could affect the public health and welfare in the United States, competitive conditions in the United States economy, the production of like or directly competitive articles in the United States, or United States consumers.

In particular, the Commission is interested in comments that:

(i) explain how the articles potentially subject to the order are used in the United States;

(ii) identify any public health, safety, or welfare concerns in the United States relating to the potential order;

(iii) indicate the extent to which like or directly competitive articles are produced in the United States or are otherwise available in the United States, with respect to the articles potentially subject to the order;

(iv) indicate whether Complainant, Complainant's licensees, and/or third party suppliers have the capacity to replace the volume of articles potentially subject to an exclusion order within a commercially reasonable time; and

(v) explain how the exclusion order would impact consumers in the United States.

Written submissions must be filed no later than by close of business on August 14, 2014.

Persons filing written submissions must file the original document electronically on or before the deadlines

stated above and submit 8 true paper copies to the Office of the Secretary by noon the next day pursuant to Commission rule 210.4(f), 19 C.F.R. § 210.4(f). Submissions should refer to the investigation number ("Inv. No. 337-TA-882") in a prominent place on the cover page and/or the first page. (See Handbook for Electronic Filing Procedures, http://www.usitc.gov/secretary/fed_reg_notices/rules/handbook_on_electronic_filing.pdf). Persons with questions regarding filing should contact the Secretary (202-205-2000).

Any person desiring to submit a document (or portion thereof) to the Commission in confidence must request confidential treatment unless the information has already been granted such treatment during the proceedings. All such requests should be directed to the Secretary of the Commission and must include a full statement of the reasons why the Commission should grant such treatment. See section 201.6 of the Commission's Rules of Practice and Procedure, 19 C.F.R. § 201.6. Documents for which confidential treatment by the Commission is sought will be treated accordingly. All nonconfidential written submissions will be available for public inspection at the Office of the Secretary.

This action is taken under authority of section 337 of the Tariff Act of 1930, as amended, 19 U.S.C. § 1337, and Part 210 of the Commission's Rules of Practice and Procedure (19 C.F.R. Part 210).

DEPARTMENT OF JUSTICE

Notice of Lodging of Proposed Consent Decree Under the Clean Air Act

On July 16, 2014, the Department of Justice lodged a proposed consent decree with the United States District Court for the District of Minnesota in the lawsuit entitled *United States and State of Minnesota by its Minnesota Pollution Control Agency v. Allete, Inc. d/b/a Minnesota Power*, Civil Action No. 0:14-cv-2911-ADM-LIB.

The United States and the State of Minnesota by its Minnesota Pollution Control Agency, filed this lawsuit under the Clean Air Act. The United States' and the State's complaint seeks injunctive relief and civil penalties for violations of the New Source Review (NSR) and Title V provisions of the Clean Air Act, at the defendant's Boswell and Laskin coal-fired power

plants located, respectively, in Cohasset and Hoyt Lakes, Minnesota. The consent decree requires Minnesota Power to perform injunctive relief to reduce sulfur dioxide, nitrogen oxides, and particulate matter emissions at these plants, as well as at Minnesota Power's Taconite Harbor Energy coal-fired power plant in Schroeder, Minnesota, and at Minnesota Power's Rapids Energy coal and biomass-fired plant in Grand Rapids, Minnesota. The emission reductions will be achieved through a combination of pollution controls, unit retirements, refueling or repowering, and emission caps. The consent decree also requires Minnesota Power to spend at least \$4.2 million on environmentally beneficial projects to mitigate the adverse effects of the past emissions alleged to have been illegal, and to pay a \$1.4 million civil penalty. The consent decree would resolve NSR and related Title V and New Source Performance Standards (NSPS) claims for past violations at the plants.
