A. Overview of Information Collection

Title of Information Collection: HUD Stakeholder Survey.

OMB Approval Number: 2501-0027.

Type of Request: Extension of currently approved collection.

Description of the need for the information and proposed use: The Department of Housing and Urban Development (HUD) hosts events with a variety of groups nationwide designed to educate stakeholders about HUD initiatives and policies. There are no similar surveys which allow for HUD to engage in a sustained, systematic collection of feedback from stakeholders on a broad range of HUD initiatives and events.

Respondents (i.e. affected public): HUD stakeholder groups that include (but are not limited to) public housing authorities, congressional members and staff, local government officials, assisted housing residents, HUD grantees, civil rights organizations, homeless advocacy organizations, the legal community, academics, organized labor representatives, HUD grantees, and members of the housing, nonprofit,

philanthropic, business and faith-based sectors.

SUPPLEMENTARY INFORMATION: This notice informs the public that HUD is seeking approval from OMB for the information collection described in Section A.

A. Overview of Information Collection

Title of Information Collection: Planning Phase Evaluation of the LGBTQ Youth Homelessness Prevention Initiative.

OMB Approval Number: N/A.

Type of Request: New.

Form Number: N/A.

Description of the need for the information and proposed use: The LGBTQ Youth Homelessness Prevention Initiative began in the summer of 2013 as part of a federal interagency initiative. The initiative's goal is to prevent homelessness among lesbian, gay, bisexual, transgender, and questioning (LGBTQ) youth, and to intervene early when homelessness occurs for these youth. Federal partners from the U.S. Departments of Education, Health, and Juvenile Justice, as well as the U.S. Interagency Council on Homelessness, support this HUD initiative. The initiative supports the federal goal to end youth homelessness by 2020 and contributes to the development of a model for preventing LGBT youth homelessness that other communities can replicate. There are two communities participating in this initiative and both receive technical assistance (TA) to support their initiative planning (and later in the process, their initiative implementation).

At this time, both communities are in the midst of their strategic planning and we do not currently have information on the strategies they plan to implement starting in fall 2014. Hence, this request for OMB clearance only covers the first evaluation phase. This planning phase evaluation will document how the two participating communities have approached their local plan development. Furthermore, it will examine the resources required to carry out the planning process, what worked well, what challenges emerged and how they were addressed, and lessons learned. To produce this information, HUD will collect quantitative and qualitative data from primary sources using four methods: Interviews, surveys, focus groups, and document review. Participants will consist of the local initiative leads as well as individuals involved in local initiative steering committees and subcommittees. Documents to be reviewed will not require new data collection—they are
