

requirements, when imposed, shall remain in effect until further notice.

Reimbursement of Duties

This notice also serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this POR. Failure to comply with this requirement could result in the Department's presumption that reimbursement of antidumping duties has occurred and the subsequent assessment of doubled antidumping duties.

Administrative Protective Orders

This notice also serves as a reminder to parties subject to administrative protective order ("APO") of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305, which continues to govern business proprietary information in this segment of the proceeding. Timely written notification of the return or destruction of APO materials, or conversion to judicial protective order, is hereby requested. Failure to comply with the regulations and terms of an APO is a violation which is subject to sanction.

Notification to Interested Parties

These amended final results are published in accordance with sections 751(h) and 777(i)(1) of the Act.

Dated: August 6, 2014.

Paul Piquado,

Assistant Secretary for Enforcement and Compliance.

Notice of Scope Rulings

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

DATES: *Effective Date:* August 12, 2014.

SUMMARY: The Department of Commerce ("Department") hereby publishes a list of scope rulings and anticircumvention determinations made between April 1, 2014, and June 30, 2014, inclusive. We intend to publish future lists after the close of the next calendar quarter.

FOR FURTHER INFORMATION CONTACT:

Brenda E. Waters, AD/CVD Operations, Customs Liaison Unit, Enforcement and Compliance, International Trade

Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue NW., Washington, DC 20230; telephone: 202-482-4735.

SUPPLEMENTARY INFORMATION:

Background

The Department's regulations provide that the Secretary will publish in the **Federal Register** a list of scope rulings on a quarterly basis.¹ Our most recent notification of scope rulings was published on May 29, 2014.² This current notice covers all scope rulings and anticircumvention determinations made by Enforcement and Compliance between April 1, 2014, and June 30, 2014, inclusive. Subsequent lists will follow after the close of each calendar quarter.

Scope Rulings Made Between April 1, 2014 and June 30, 2014

Brazil

A-351-841: Polyethylene Terephthalate Film Sheet and Strip From Brazil

Requestor: Evertis Packaging Solutions: Ecoblock C products in thicknesses of 14 or 16 millimeters produced by Evertis Packaging Solutions are not within the scope of the antidumping order because they are amorphous polyethylene terephthalate film which lack biaxial orientation; May 2, 2104

People's Republic of China

A-570-967 and C-570-968: Aluminum Extrusions From the People's Republic of China

Requestor: N.R. Windows Inc.; NR Windows' window wall kits, composed of non-weight bearing extruded aluminum window frames, sheet aluminum, fasteners, gaskets, glazing sealants, and glass panes, are outside the scope of the order because the window wall kits contain, at the time of importation, all of the necessary parts to fully assemble a final finished good, require no further finishing or fabrication, and are assembled "as is" into a finished product and, thus, meet the exclusion criteria for finished goods kits; June 19, 2014.

A-570-967 and C-570-968: Aluminum Extrusions From the People's Republic of China

Requestor: Glenmore Industries LLC; Glenmore's trade booth kits, composed of polyester knit fabric-covered aluminum wall panels, fabric covered aluminum headers, aluminum posts

(columns), and crossbeams, contain, upon importation, all of the components required and necessary to assemble complete commercial display spaces for use at trade shows, conventions, fairs and similar exhibitions and displays and, thus, constitute finished goods kits that meet the exclusion criteria of the scope; June 23, 2014.

A-570-970 and C-570-971: Multilayered Wood Flooring From the People's Republic of China

Requestor: Shenzhenshi Huanwei Woods Co., Ltd. (Huanwei); multilayered wood flooring exported by Huanwei is not within the scope of the antidumping and countervailing duty orders because Huanwei's product is composed of only two-layers—a top layer of veneer and a base layer, whereas the scope language requires the merchandise to be composed of at least two layers, or plies, of wood veneer in combination with a core; May 13, 2014.

A-570-918: Steel Wire Garment Hangers From the People's Republic of China

Requestor: Trendsformers, LLC; hanging jewelry organizers ("Hang It Jewelry Organizers") are outside the scope of the antidumping duty order because they are manufactured and used in manners distinct from subject merchandise. Specifically, these hangers, sold in jewelry departments, are intended for use in the home to hold earrings, bracelets and necklaces. These hangers are not sold to dry cleaners, laundries, uniform rental services, or similar industrial operations; June 19, 2014.

A-570-890: Wooden Bedroom From the People's Republic of China

Requestor: Ethan Allen Operations Inc.; Marlene, Nadine, Serpentine, and Vivica chests are all covered by the scope of the antidumping duty order because of similarities with subject chests described in the scope; May 27, 2014.

Interested parties are invited to comment on the completeness of this list of completed scope and anticircumvention inquiries. Any comments should be submitted to the Deputy Assistant Secretary for AD/CVD Operations, Enforcement and Compliance, International Trade Administration, 14th Street and Constitution Avenue NW., APO/Dockets Unit, Room 1870, Washington, DC 20230.

This notice is published in accordance with 19 CFR 351.225(o).

National Oceanic and Atmospheric Administration

RIN 0648-XD401

Magnuson-Stevens Act Provisions; General Provisions for Domestic Fisheries; Application for Exempted Fishing Permits

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice; request for comments.

SUMMARY: The Assistant Regional Administrator for Sustainable Fisheries, Greater Atlantic Region, NMFS (Assistant Regional Administrator), has made a preliminary determination that two separate exempted fishing permit applications contain all of the required information and warrant further consideration. The exempted fishing permits would facilitate compensation fishing under the Monkfish Research Set-Aside Program by exempting vessels from monkfish days-at-sea possession limits. The compensation fishing is in support of two 2014/2015 Monkfish Research Set-Aside projects.

Regulations under the Magnuson-Stevens Fishery Conservation and Management Act require publication of this notification to provide interested parties the opportunity to comment on applications for proposed exempted fishing permits.

DATES: Comments must be received on or before August 27, 2014.

ADDRESSES: You may submit written comments by any of the following methods:

- *Email:* nero.efp@noaa.gov. Include in the subject line "Comments on UNE and SMAST Monkfish RSA EFPs."
- *Mail:* John K. Bullard, Regional Administrator, NMFS, Greater Atlantic Regional Fisheries Office, 55 Great Republic Drive, Gloucester, MA 01930. Mark the outside of the envelope "Comments on UNE and SMAST monkfish RSA EFPs."

FOR FURTHER INFORMATION CONTACT: Brett Alger, Fishery Management Specialist, 978-675-2153.

SUPPLEMENTARY INFORMATION: The Northeast Fisheries Science Center has

awarded grants to the University of New England (UNE) and the University of Massachusetts, Dartmouth, School for Marine Science and Technology (SMAST), under the 2014 and 2015 Monkfish Research Set-Aside (RSA) Program. UNE and SMAST have submitted exempted fishing permit (EFP) applications requesting an exemption from monkfish possession limits for vessels operating under a monkfish RSA day-at-sea (DAS) to facilitate monkfish RSA compensation fishing.

Monkfish EFPs that waive possession limits have been routinely approved since 2007 to increase operational efficiency and to optimize research funds generated from the Monkfish RSA Program. To ensure that the amount of monkfish harvested by vessels operating under the EFPs is similar to the amount of monkfish that was anticipated to be harvested under the 500 RSA DAS set-aside by the New England and Mid-Atlantic Fishery Management Councils, we have associated an amount of monkfish equal to twice the possession limit of Permit Category A and C vessels fishing in the Southern Fishery Management Area (SFMA) of the monkfish fishery with each RSA DAS. Under the 2014/2015 Monkfish RSA Program, each monkfish RSA DAS equates to 3,200 lb (1,452 kg) of whole monkfish. This is considered a reasonable approximation because it is reflective of how the standard monkfish commercial fishery operates. It is likely that RSA grant recipients would optimize their RSA DAS award by utilizing vessels that have this possession limit.

UNE submitted a complete application for an EFP on June 3, 2014. The primary goal of their study is to investigate the immediate and short-term discard mortality rates of winter skates that are captured in sink gillnets in the targeted monkfish fishery. The EFP would exempt vessels from monkfish DAS possession limits in either of the monkfish management areas, in order to conduct monkfish compensation fishing through May 2016. Fishing activity would otherwise be conducted under normal monkfish commercial fishing practices. The vessels would use standard commercial gear and land monkfish for sale. UNE has been awarded 607 RSA DAS: 359 RSA DAS in 2014 and 248 RSA DAS in 2015. If approved, participating vessels operating under the 2014 EFP could use up to 359 DAS, or catch up to 1,148,800 lb (521,087 kg) of whole monkfish, and under the 2015 EFP, vessels could use up to 248 RSA DAS, or catch up to

793,600 lb (359,971 kg) of whole monkfish.

SMAST submitted a complete application for an EFP on June 30, 2014. The primary goal of their study is to investigate large-scale movement patterns of monkfish using data storage tags and to validate monkfish aging. The EFP would exempt up to 42 vessels from the monkfish possession limits in either of the monkfish management areas, in order to conduct monkfish compensation fishing through May 2016. Fishing activity would otherwise be conducted under normal monkfish commercial fishing practices. The vessels would use standard commercial gear and land monkfish for sale. SMAST has been awarded 393 RSA DAS: 141 RSA DAS in 2014 and 252 RSA DAS in 2015. If approved, participating vessels operating under the 2014 EFP could use up to 141 DAS, or catch up to 451,200 lb (204,661 kg) of whole monkfish, and under the 2015 EFP, vessels could use up to 252 RSA DAS, or catch up to 806,400 lb (365,777 kg) of whole monkfish.

Fishing under either EFP would stop if either the DAS are all used, or the associated pounds are caught, whichever occurs first. While these exemption requests are for both 2014 and 2015, the 2015 EFPs would not be issued until the start of the 2015 fishing year.

If approved, either applicant may request minor modifications and extensions to the EFP throughout the year. EFP modifications and extensions may be granted without further notice if they are deemed essential to facilitate completion of the proposed research and have minimal impacts that do not change the scope or impact of the initially approved EFP request. Any fishing activity conducted outside the scope of the exempted fishing activity would be prohibited.
