SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-72807; File No. SR-Phlx-2014-52]

Self-Regulatory Organizations; NASDAQ OMX PHLX LLC; Notice of Filing and Immediate Effectiveness of Proposed Rule Change Relating to the Customer Rebate Program

August 11, 2014.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act"),¹ and Rule 19b-4 thereunder,² notice is hereby given that on August 1, 2014, NASDAQ OMX PHLX LLC ("Phlx" or "Exchange") filed with the Securities and Exchange Commission ("SEC" or "Commission") the proposed rule change as described in Items I, II, and III, below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of the Substance of the Proposed Rule Change

The Exchange proposes to amend the Customer Rebate Program in Section B of the Pricing Schedule.

The text of the proposed rule change is available on the Exchange's Web site at <http://nasdaqomxphlx.cchwallstreet.com/>, at the principal office of the Exchange, and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to amend the "Customer Rebate Program," in Section B of the Pricing Schedule to provide

that the Category B rebate will not be paid when an electronically-delivered Customer Complex Order³ executes against another electronically-delivered Customer Complex Order. The Exchange believes that Customer Complex Order to Customer Complex Order transactions are rare and no longer believes that offering rebates pursuant to Section B for this scenario is necessary to attract Customer Complex Orders to the Exchange.

Currently, the Exchange has a Customer Rebate Program consisting of five tiers that pays Customer rebates on two Categories, A⁴ and B,⁵ of transactions.⁶ A Phlx member qualifies for a certain rebate tier based on the percentage of total national customer volume in multiply-listed options that it transacts monthly on Phlx. The Exchange calculates Customer volume in Multiply Listed Options by totaling electronically-delivered and executed volume, exclude volume associated with electronic Qualified Contingent Cross ("QCC") Orders,⁷ as defined in

³ A Complex Order is any order involving the simultaneous purchase and/or sale of two or more different options series in the same underlying security, priced at a net debit or credit based on the relative prices of the individual components, for the same account, for the purpose of executing a particular investment strategy. Furthermore, a Complex Order can also be a stock-option order, which is an order to buy or sell a stated number of units of an underlying stock or exchange-traded fund ("ETF") coupled with the purchase or sale of options contract(s). See Exchange Rule 1080, Commentary .08(a)(i).

⁴ Category A rebates are paid to members executing electronically-delivered Customer Simple Orders in Penny Pilot Options and Customer Simple Orders in Non-Penny Pilot Options in Section II symbols. Rebates are paid on Customer PIXL Orders in Section II symbols that execute against non-Initiating Order interest. In the instance where member organizations qualify for Tier 4 or higher in the Customer Rebate Program, Customer PIXL Orders that execute against a PIXL Initiating Order will be paid a rebate of \$0.14 per contract.

⁵ Category B rebates are paid to members executing electronically-delivered Customer Complex Orders in Penny Pilot Options and Non-Penny Pilot Options in Section II symbols. Rebates are paid on Customer PIXL Complex Orders in Section II symbols that execute against non-Initiating Order interest. In the instance where member organizations qualify for Tier 4 or higher in the Customer Rebate Program, Customer Complex PIXL Orders that execute against a Complex PIXL Initiating Order will be paid a rebate of \$0.17 per contract.

⁶ See Section B of the Pricing Schedule.

⁷ A QCC Order is comprised of an order to buy or sell at least 1000 contracts that is identified as being part of a qualified contingent trade, as that term is defined in Rule 1080(o)(3), coupled with a contra-side order to buy or sell an equal number of contracts. The QCC Order must be executed at a price at or between the National Best Bid and Offer and be rejected if a Customer order is resting on the Exchange book at the same price. A QCC Order shall only be submitted electronically from off the floor to the PHLX XL II System. See Rule 1080(o). See also Securities Exchange Act Release No. 64249

Continued

Exchange Rule 1080(o).⁸ The Exchange pays the following rebates:⁹

Customer rebate tiers	Percentage thresholds of national customer volume in Multiply-Listed Equity and ETF options Classes, excluding SPY options (monthly)	Category A	Category B
Tier 1	0.00%–0.60%	\$0.00	\$0.00
Tier 2	Above 0.60%–1.10%	* 0.10	* 0.17
Tier 3	Above 1.10%–1.60%	* 0.12	* 0.17
Tier 4	Above 1.60%–2.50%	0.16	0.19
Tier 5	Above 2.50%	0.17	0.19

Today, the Exchange pays Category B rebates to members executing electronically-delivered Customer Complex Orders in Penny Pilot Options and Non-Penny Pilot Options in Section II symbols. The Exchange proposes to exclude electronically-delivered Customer Complex Orders that execute against another electronically-delivered Customer Complex Orders from the Category B rebates.

2. Statutory Basis

The Exchange believes that the proposed rule change is consistent with the provisions of Section 6 of the Act,¹⁰ in general, and with Section 6(b)(4) and 6(b)(5) of the Act,¹¹ in particular, in that it provides for the equitable allocation of reasonable dues, fees and other charges among members and issuers and other persons using any facility or system that the Exchange operates or controls, and is not designed to permit unfair discrimination between customers, issuers, brokers, or dealers.

The Exchange's proposal to not pay a Category B rebate when an electronically-delivered Customer Complex Order executes against another electronically-delivered Customer Complex Order is reasonable because the Exchange does not believe it is necessary to pay rebates on Customer orders in the above scenario to attract Customer Complex Orders to the Exchange for execution. Further, the instances of electronically-delivered Customer Complex Orders that execute against other electronically-delivered Customer Complex Orders is rare and the Exchange believes it is reasonable to not incur negative revenue scenarios for Complex Orders as would be the case with the above described transaction. Also, the Exchange does not feel that the

Customer rebate incentive brings a greater number of Customer orders as a result of this incentive and therefore desires to exclude these types of transactions from the Category B rebate.

The Exchange's proposal to not pay a Category B rebate when an electronically-delivered Customer Complex Order executes against another electronically-delivered Customer Complex Order is equitable and not unfairly discriminatory because no market participant would be entitled to a Category B rebate for these type of transactions.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose an undue burden on competition not necessary or appropriate in furtherance of the purposes of the Act. The Exchange believes that the Customer Rebate Program will continue to encourage Customer order flow to be directed to the Exchange. While market participants will be encouraged to transact a greater number of Customer orders to qualify for a rebate, the Exchange does not believe the current rebate incentivizes a greater number of Customer Complex Orders executing against other electronically-delivered Customer Complex Orders on Phlx. The Exchange's proposal to not pay a Category B rebate on Customer Complex Orders executing against other electronically-delivered Customer Complex Orders will not impose an undue burden on competition because no market participant would be entitled to a Category B rebate for these type of transactions.

The Exchange operates in a highly competitive market, comprised of

twelve options exchanges, in which market participants can easily and readily direct order flow to competing venues if they deem fee levels at a particular venue to be excessive or rebates to be inadequate. Accordingly, the fees that are assessed and the rebates paid by the Exchange described in the above proposal are influenced by these robust market forces and therefore must remain competitive with fees charged and rebates paid by other venues and therefore must continue to be reasonable and equitably allocated to those members that opt to direct orders to the Exchange rather than competing venues.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

No written comments were either solicited or received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing rule change has become effective pursuant to Section 19(b)(3)(A)(ii) of the Act.¹² At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule should be approved or disapproved.

(April 7, 2011), 76 FR 20773 (April 13, 2011) (SR-Phlx-2011-47) (a rule change to establish a QCC Order to facilitate the execution of stock/option Qualified Contingent Trades ("QCTs") that satisfy the requirements of the trade through exemption in connection with Rule 611(d) of the Regulation NMS).

⁸ Members and member organizations under common ownership may aggregate their Customer volume for purposes of calculating the Customer Rebate Tiers and receiving rebates. Common ownership means members or member organizations under 75% common ownership or control.

⁹ SPY is included in the calculation of Customer volume in Multiply Listed Options that are

electronically-delivered and executed for purposes of the Customer Rebate Program, however, the rebates do not apply to electronic executions in SPY.

SUPPLEMENTARY INFORMATION:

1. Background

China became a Member of the WTO on December 11, 2001. In accordance with section 421 of the U.S.-China Relations Act of 2000 (Pub. L. 106-286), USTR is required to submit, by December 11 of each year, a report to

Congress on China's compliance with commitments made in connection with its accession to the WTO, including both multilateral commitments and any bilateral commitments made to the United States. In accordance with section 421, and to assist it in preparing this year's report, the TPSC is hereby soliciting public comment. Last year's report is available on USTR's Internet Web site (<http://www.ustr.gov/sites/default/files/2013-Report-to-Congress-China-WTO-Compliance.pdf>).

The terms of China's accession to the WTO are contained in the Protocol on the Accession of the People's Republic of China (including its annexes) (Protocol), the Report of the Working Party on the Accession of China (Working Party Report), and the WTO agreements. The Protocol and Working Party Report can be found on the Department of Commerce Web page, <http://www.mac.doc.gov/china/WTOAccessionPackageNEW.html>, or on the WTO Web site, <http://docsonline.wto.org> (document symbols: WT/L/432, WT/MIN(01)/3, WT/MIN(01)/3/Add.1, WT/MIN(01)/3/Add.2).

2. Public Comment and Hearing

USTR invites written comments and/or oral testimony of interested persons on China's compliance with commitments made in connection with its accession to the WTO, including, but not limited to, commitments in the following areas: (a) Trading rights; (b) import regulation (e.g., tariffs, tariff-rate quotas, quotas, import licenses); (c) export regulation; (d) internal policies affecting trade (e.g., subsidies, standards and technical regulations, sanitary and phytosanitary measures, government procurement, trade-related investment measures, taxes and charges levied on imports and exports); (e) intellectual property rights (including intellectual property rights enforcement); (f) services; (g) rule of law issues (e.g., transparency, judicial review, uniform administration of laws and regulations) and status of legal reform; and (h) other WTO commitments. In addition, given the United States' view that China should be held accountable as a full participant in, and beneficiary of, the international trading system, USTR requests that interested persons specifically identify unresolved compliance issues that warrant review and evaluation by USTR's China Enforcement Task Force.

Written comments must be received no later than Wednesday, September 17, 2014.

A hearing will be held on Wednesday, October 1, 2014, in Room 1, 1724 F

¹³ 17 CFR 200.30-3(a)(12).
