Corrections and Clarifications to the Export Administration Regulations; Correction

AGENCY: Bureau of Industry and Security, Commerce.

ACTION: Final rule; correcting amendments.

SUMMARY: The Bureau of Industry and Security (BIS) is correcting certain

provisions of the Export Administration Regulations that were amended by two final rules appearing in the **Federal Register** on June 5, 2014 and on May 13, 2014. Both rules amended a number of the same provisions of the Export Administration Regulations, and certain language was either removed or changed inadvertently. This final rule corrects those provisions to accurately reflect the revisions made by both rules.

DATES: This rule is effective August 18, 2014.

FOR FURTHER INFORMATION CONTACT:

Timothy Mooney, Regulatory Policy Division, Bureau of Industry and Security, Department of Commerce, Phone: (202) 482-2440, Fax: (202) 482-3355, Email: rpd2@bis.doc.gov.

SUPPLEMENTARY INFORMATION:

Background

The Bureau of Industry and Security (BIS) publishes this final rule to make corrections to certain provisions of the Export Administration Regulations that were amended by two final rules appearing in the **Federal Register** on June 5, 2014 (79 FR 32612) and on May 13, 2014 (79 FR 27417). These two rules were drafted and finalized simultaneously, however they separately revised some of the same provisions of the Export Administration Regulations and certain language was either removed or changed inadvertently. This final rule corrects those provisions to accurately reflect the revisions made by both rules. These corrections include reinserting two sentences inadvertently removed because of an incorrect instruction in the June 5 rule, and reinserting a phrase inadvertently removed by the May 13 rule, which did not reflect a correction made in a final rule published on October 3, 2013 (78 FR 61745).

Rulemaking Requirements

1. Executive Orders 13563 and 12866 direct agencies to assess all costs and benefits of available regulatory alternatives and, if regulation is necessary, to select regulatory approaches that maximize net benefits (including potential economic, environmental, public health and safety effects, distribute impacts, and equity). Executive Order 13563 emphasizes the importance of quantifying both costs and benefits, of reducing costs, of harmonizing rules, and of promoting flexibility. This final rule, which is a consolidation of corrections and clarifications of final rules published in 2013 and 2014, has been determined to be not significant for purposes of Executive Order 12866.

2. The Department of Commerce finds that there is good cause under 5 U.S.C. 553(b)(B) to waive the provisions of the Administrative Procedure Act otherwise requiring prior notice and the opportunity for public comment because they are unnecessary. The revisions made by this rule are technical corrections to provisions that have already been subject to public notice and the opportunity to comment. These revisions in this rule are important to get in place as soon as possible to avoid confusion by the public regarding the intent and meaning of recent changes to the EAR. In addition, BIS finds good cause to waive the 30-day delay in effectiveness under 5 U.S.C. 553(d)(3). As mentioned previously, the revisions made by this rule are technical corrections that need to be in place as soon as possible to avoid confusion by the public regarding the intent and meaning of recent changes to the EAR.

3. Because a notice of proposed rulemaking and an opportunity for public comment are not required to be given for these amendments by 5 U.S.C. 553, or by any other law, the analytical requirements of the Regulatory Flexibility Act, 5 U.S.C. 601 *et seq.*, are not applicable.
