

should notify Brian Mills as provided above, with their paper-or-electronic preference.

EIS Preparation and Schedule

In preparing the draft EIS, DOE will consider comments submitted during the scoping period. Comments can be submitted to Brian Mills either electronically or by paper copy; if the latter, consider using a delivery service because materials submitted by regular mail are subject to security screening, which both causes extended delay and potential damage to the contents. DOE will summarize all comments received in a "Scoping Report" that will be available on a project EIS Web site, and will be distributed either electronically to all parties of record or by mailing paper copies upon request. DOE expects to issue the draft NECPL EIS in April 2015 and the final EIS in October 2015.

Issued in Washington, DC, on August 20, 2014.

Assistant Secretary, Office of Electricity Delivery and Energy Reliability.
