Needs and Uses: On August 1, 2003, the Commission released the *Declaratory Ruling*, In the Matter of Telecommunication Relay Services and Speech-to-Speech Services for Individuals With Hearing and Speech Disabilities, CC Docket No. 98–67, published at 68 FR 55898, September 28, 2003. In the *Declaratory Ruling*, the Commission clarified that one-line captioned telephone voice carry over (VCO) service is a type of telecommunications relay service (TRS) and that eligible providers of such services are eligible to recover their costs in accordance with section 225 of the Communications Act. The Commission also clarified that certain TRS mandatory minimum standards do not apply to one-line captioned telephone VCO service and waived 47 CFR 64.604(a)(1) and (a)(3) for all current and future captioned telephone VCO service providers, for the same period of time beginning August 1, 2003. The waivers were contingent on the filing of annual reports, for a period of three years, with the Commission. Sections 64.604(a)(1) and (a)(3) of the Commission's rules, which contained information collection requirements under the PRA, became effective on March 26, 2004.

On July 19, 2005, the Commission released an *Order*, In the Matter of Telecommunication Relay Services and Speech-to-Speech Services for Individuals With Hearing and Speech Disabilities, CC Docket No. 98–67 and CG Docket No. 03–123, published at 70 FR 54294, September 14, 2005, clarifying that two-line captioned telephone VCO service, like one-line captioned telephone VCO service, is a type of TRS eligible for compensation from the Interstate TRS Fund. Also, the Commission clarified that certain TRS mandatory minimum standards do not apply to two-line captioned VCO service and waived 47 CFR 64.604(a)(1) and (a)(3) for providers who offer two-line captioned VCO service.

On January 11, 2007, the Commission released a *Declaratory Ruling*, In the Matter of Telecommunications Relay Services and Speech-to-Speech Services

for Individuals With Hearing and Speech Disabilities, CG Docket No. 03–123, published at 72 FR 6960, February 14, 2007, granting a request for clarification that Internet Protocol (IP) captioned telephone relay service (IP CTS) is a type of TRS eligible for compensation from the Interstate TRS Fund (Fund) when offered in compliance with the applicable TRS mandatory minimum standards.

On August 26, 2013, the Commission issued a *Report and Order*, In the Matter of Misuse of Internet Protocol (IP) Captioned Telephone Service; Telecommunications Relay Services and Speech-to-Speech Services for Individuals With Hearing and Speech Disabilities, CG Docket Nos. 13–24 and 03–123, published at 78 FR 53684, August 30, 2013, to regulate practices relating to the marketing of IP CTS, impose certain requirements for the provision of this service, and mandate registration and certification of IP CTS users. The Commission published a notice in the **Federal Register** pursuant to 5 CFR 1320.8(d) on September 25, 2013 (78 FR 59025), seeking comments from the public on the information collection requirements contained in the initial supporting statement. *Sorenson Communications, Inc.*, and its subsidiary *CaptionCall, LLC* (together, *CaptionCall*), filed comments on November 25, 2013, regarding the user registration and certification requirements adopted in the *Report and Order* as well as the certification, recordkeeping, and reporting requirements for hardship exemptions to the captions-off default setting requirement, also adopted in the *Report and Order*. *CaptionCall* did not comment on the other collections adopted in the *Report and Order*.

Subsequently, on December 6, 2013, the United States Court of Appeals for the District of Columbia Circuit stayed “the rule adopted by the Commission [in the *Report and Order*] prohibiting compensation to providers for minutes of use generated by equipment consumers received from providers for free or for less than \$75.” *Sorenson Communications, Inc. and CaptionCall, LLC v. FCC*, Order, D.C. Cir., No. 13–1246, December 6, 2013, at 1–2. (For convenience, this notice refers to the

requirement subject to the stay as “the \$75 equipment charge rule.”) In the revised supporting statement, the Commission sought OMB approval of the following requirements adopted in the *Report and Order*: (1) The requirements regarding the labeling of equipment, software and mobile applications; (2) the certification, recordkeeping, and reporting requirements for the hardship exemption to the captions default-off requirement; and (3) an additional information reporting requirement for IP CTS applicants that seek Commission certification to provide IP CTS and for IP CTS providers, requiring applicants to provide assurance that they will not request or collect payment from the TRS Fund for service to consumers who do not satisfy the Commission’s IP CTS registration and certification requirements. Because the registration and certification requirements adopted in the *Report and Order* are related to the \$75 equipment charge rule that was stayed by the court of appeals, the Commission did not seek OMB approval of those requirements at that time. See 79 FR 23354, April 28, 2014.

On June 18, 2014, OMB approved, for a period of three years, the information collection requirements specified above that are contained in the Commission’s *Report and Order*, FCC 11–118, published at 78 FR 53684, August 30, 2013. The OMB Control Number is 3060–1053.

On June 20, 2014, the D.C. Circuit vacated the \$75 equipment charge rule and the rule requiring providers to maintain captions-off as the default setting for IP CTS equipment. *Sorenson Communications, Inc. and CaptionCall, LLC v. FCC* (D.C. Cir., Nos. 13–1122 and 13–1246, June 20, 2014).

On July 11, 2014, the Commission published a notice in the **Federal Register**, at 79 FR 40003, a notification that information collection requirements (1) regarding the labeling of equipment, software and mobile applications; (2) the certification, recordkeeping, and reporting for the hardship exemption to the captions default-off requirement; and (3) for IP CTS applicants that seek Commission certification to provide IP CTS and for IP CTS providers to provide assurance that they will not request or

collect payment from the TRS Fund for service to consumers who do not satisfy the Commission’s IP CTS registration and certification requirements would become effective immediately. Because the court had not yet issued its mandate, the captions-off default requirement, 47 CFR 64.604(c)(10)(i), (iii), and (v), remained in effect, and the certification, recordkeeping, and reporting requirements for the hardship exemption to the captions default-off requirement, 47 CFR 64.604(c)(10)(iv), became effective at that time.

On August 19, 2014, the court issued its mandate vacating the \$75 equipment charge rule and the rule requiring providers to maintain captions-off as the default setting for IP CTS equipment. *Sorenson Communications, Inc. and CaptionCall, LLC v. FCC* (D.C. Cir., Nos. 13–1122 and 13–1246, August 19, 2014). Because the captions-off default requirement, 47 CFR 64.604(c)(10)(i), (iii), and (v), has been vacated, at a later time the Commission will remove from the supporting statement the certification, recordkeeping, and reporting requirements for the hardship exemption to the captions default-off requirement, 47 CFR 64.604(c)(10)(iv).

On August 5, 2014, OMB approved, for a period of six months, the information collection requirements pertaining to the user registration and certification requirements adopted in the *IP CTS Reform Order*. Specifically, IP CTS providers are required to obtain from new and existing IP CTS consumers identifying information as well as self-certification of hearing loss necessitating the use of IP CTS and their understanding of the IP CTS program. In addition, existing IP CTS consumers with free or *de minimis* cost equipment who commenced service prior to March 7, 2013 must further submit professional certification evidencing that the consumer has a hearing loss that necessitates use of captioned telephone service. 47 CFR 64.604(c)(9).
