

465 as implemented in 25 CFR part 151) and the Indian Gaming Reorganization Act (25 U.S.C. 2719 as implemented in 25 CFR part 292). The proposed project is located in the Town of Thompson, New York, just off State Route 17 (future I-86).

The proposed project includes the development of a 350,000 sf gaming facility and a 750-room hotel. The gaming facility would include a casino floor, food and beverage areas (consisting of a buffet, specialty restaurant, bar and coffee bar type facilities), meeting space, guest support services, offices and security area. A multipurpose/event center would cater to 2,700 visitors. Access to the casino would be provided from State Route 17 to County Highway 161. The FEIS considers a range of project alternatives, including: (1) Preferred casino-hotel complex; (2) reduced casino size; (3) alternative financial ventures; (4) different site locations; (5) different site plans and (5) no action.

The preferred casino-hotel complex alternative has been selected as the Tribe's Preferred Alternative as discussed in the FEIS. The information and analysis contained in the FEIS, as well as its evaluation and assessment of the Tribe's Preferred Alternative, are intended to assist the Department of the Interior (Department) in its review of the issues presented in the Tribe's application. The Preferred Alternative does not necessarily reflect the Department's final decision because the Department must further evaluate all of the criteria listed in 25 CFR part 151 and 25 CFR part 292. The Department's consideration and analysis of the applicable regulations may lead to a final decision that selects an alternative other than the Preferred Alternative, including no action, or a variant of the Preferred Alternative or another one of the alternatives analyzed in the FEIS.

Environmental issues addressed in the FEIS include land and water resources, air quality, biological resources, cultural and paleontological resources, socioeconomic conditions, transportation and circulation, land use, public services, noise, hazardous materials, visual resources, environmental justice, cumulative effects, indirect effects and mitigation.

The BIA has afforded other government agencies and the public extensive opportunity to participate in the preparation of this EIS. The BIA published a Notice of Intent (NOI) to prepare the EIS for the proposed action in the **Federal Register** on November 20, 2003 (68 FR 65467). The BIA held a public scoping meeting on December 4, 2003. A Notice of Availability for the

Draft EIS (DEIS) was published in the **Federal Register** on February 11, 2005 (70 FR 7257). The DEIS was available for public comment until March 28, 2005. The BIA held a public hearing on the DEIS on March 10, 2005. An FEIS, which contained updated analyses in response to public comment, was prepared and submitted to the BIA in November 2006. That FEIS was not released because the underlying land-to-trust application was denied in January 2008. Despite a Notice of Cancellation on March 6, 2008 (73 FR 12204), the environmental review process remained open and was reactivated when the land-into-trust application was reinstated by the BIA in August 2011. That 2006 FEIS was updated based on the passage of time, and the updated FEIS document is now being released for circulation to the public.

Kevin K. Washburn,

Assistant Secretary—Indian Affairs.

The Snoqualmie Indian Tribe's Liquor Control Ordinance shall read as follows:

SECTION 1.0—INTRODUCTION

1.1 Title

This Chapter shall be known as the "Snoqualmie Tribal Liquor Control Ordinance" and shall be codified as Title 8, Chapter 3 of the Snoqualmie Tribal Code.

1.2 Authority

This Ordinance is enacted pursuant to the Act of August 15, 1953, 67 Stat. 586, codified at 18 U.S.C. 1161, by the authority of the Snoqualmie Tribal Council enumerated in Article VIII of the Constitution of the Snoqualmie Tribe of Indians, and in conformity with applicable Washington State laws and all attendant agreements with the State of Washington.

1.3 Purpose

The purpose of this Ordinance is to regulate and control the possession and sale of liquor on the Snoqualmie Tribe's trust land. The enactment of this Ordinance governing liquor possession and sale on the Snoqualmie Tribe's trust land will increase the ability of the Snoqualmie Tribal Council to control the sale, distribution and possession of liquor on the Snoqualmie Tribe's trust land and will provide an important source of revenue for the continued operation and strengthening of the Snoqualmie tribal government and the delivery of tribal government services.

1.4 Effective Date

This Ordinance shall be effective upon certification by the Secretary of the Interior and its publication in the **Federal Register**.

SECTION 2.0—DECLARATION OF PUBLIC POLICY AND PURPOSE

(a) The introduction possession and sale of liquor on the trust land is a matter of special concern to the Tribe.

(b) Federal law currently prohibits the introduction of liquor into Indian Country (18 U.S.C. 1154), except as provided therein and expressly delegates to tribes the decision regarding when and to what extent liquor transactions shall be permitted (18 U.S.C. 1161).

(c) The Tribal Council recognizes that a need still exists for strict tribal regulation and control over liquor transactions within trust land because of the many potential problems associated with the unregulated or inadequately regulated sale, possession, distribution, and consumption of liquor. The Tribal Council finds that tribal control and regulation of liquor is necessary to achieve maximum economic benefit to the Tribe, to protect the health and welfare of tribal members, and to address specific concerns relating to alcohol use on the trust land.

(d) It is in the best interests of the Tribe to enact an ordinance governing liquor sales on trust land. Further, the Tribe has determined that the purchase, distribution and sale of liquor shall take place only at tribally-owned enterprises and/or tribally licensed establishments operating on trust land.

Notice of Intent to Prepare a Joint Environmental Impact Statement/ Environmental Impact Report for Trail Management Plan, Santa Monica Mountains National Recreation Area, Ventura and Los Angeles Counties, California

AGENCY: National Park Service, Interior.

ACTION: Notice of Intent.

SUMMARY: The original Notice of Intent to prepare the Trail Management Plan was published in the **Federal Register** on January 16, 2003, with an estimated completion date of 2004 for the joint EIS/EIR. The National Park Service (NPS) and state of California partner agencies conducted public scoping meetings in 2005 and gathered public comments on conceptual trail policies and map alternatives needed to prepare the Draft EIS/EIR. Owing to lack of funding, the NPS and partner agencies were unable to continue preparation of the EIS/EIR after the 2005 public scoping effort. State and federal funding for the EIS/EIR has now been secured, and the agencies are reinitiating joint preparation of the Trail Management Plan (TMP) and combined EIS/EIR. The NPS is the lead agency responsible for preparing the EIS, and the California Department of Parks and Recreation (CDPR) is the lead agency responsible for preparing the EIR. The Santa Monica Mountains Conservancy (SMMC) and the Mountains Recreation and Conservation Authority (MRCA) will be cooperating agencies in the EIS/EIR effort. Following publication of this Notice, CDPR will reissue a Notice of Preparation to initiate the preparation of a joint EIS/EIR pursuant to the requirements of the California Environmental Policy Act (CEQA).

DATES: All written public scoping comments must be postmarked or transmitted not later than April 1, 2014.

Further Information: Periodically updated materials about the integrated EIS/EIR process will be made available via mailings, regional and local news
