

Market-Makers (including LMMs) during Extended Trading Hours is an appropriate balance of obligations and benefits, and the Exchange notes that the quoting obligations applicable during Extended Trading Hours are nearly identical to those of another options all-electronic options exchange (that has no bid/ask differential requirements during Regular Trading Hours). Additionally, elimination of bid/ask differential requirements during Extended Trading Hours is offset by the added costs Market-Makers may need to undertake to quote and fewer trades in which they may participate during Extended Trading Hours. Please see “Purpose” and “Statutory Basis” above for additional discussion regarding the balance of these benefits and obligations during Extended Trading Hours.

The Exchange believes the LMM incentive program during Extended Trading Hours will encourage LMMs to provide more liquidity during Extended Trading Hours, which may create more trading opportunities and tighter spreads and ultimately benefit all market participants. Please see “Purpose” and “Statutory Basis” above for additional discussion regarding the competitive impact of the proposed LMM incentive program, including the potential for increased liquidity during Extended Trading Hours. The Exchange also notes that Trading Permit Holders will be able to trade during Extended Trading Hours using the same connection lines, message formats, and data feeds that they do during Regular Trading Hours, reducing the potential added costs that Trading Permit Holders that elect to participate in Extended Trading Hours may need to undertake.

The Exchange believes the proposed rule change is a new competitive initiative that will benefit the marketplace and investors. The Exchange also believes the proposed rule change will enhance competition by providing a service to investors that other options exchanges currently are not providing. Additionally, all options exchanges are free to compete in the same manner. The Exchange further believes that the same level of competition among options exchanges will continue during Regular Trading Hours. Because CBOE proposes to make only exclusively listed products available for trading during Extended Trading Hours, and because quotes and orders submitted during Extended Trading Hours will not trade with quotes and orders submitted during Regular Trading Hours, the proposed rule change will have no effect on the national best prices or trading during Regular Trading Hours. The Exchange

also believes the proposed rule change could increase its competitive position outside of the United States by providing investors with an additional investment vehicle with respect to their global trading strategies during times that correspond with regular trading hours outside of the United States.

Please see “Statutory Basis” above for additional discussion regarding the procompetitive impact of the proposed rule change.
