

packagers, wholesalers and pharmacies to obtain physical samples of OSDF products whose origin can be traced back to pharmaceutical manufacturers or private label distributors registered or listed with the Food and Drug Administration (FDA). The NLM will produce SPLIMAGE files suitable for inclusion in submissions to the Food and Drug Administrations' Structured Product Labeling (SPL) program [<http://www.fda.gov/forindustry/datastandards/structuredproductlabeling/default.htm>]. A secure online portal will be used to make SPLIMAGE files available to participants responding to this **Federal Register** notice.

C3PI will also support computer vision research. NLM computer scientists are seeking object identification metrics and methods that are invariant with respect to camera angle, lighting, and the color transfer functions often found in digital cameras. The comprehensive collection of images will serve as foundation for research in content-based information retrieval and image-based search in an area of healthcare that directly impacts public safety: Safe medication identification and management. In addition to image data, C3PI is generating information on color classification, image segmentation, pill description and dimensions, as well as other metadata.

C3PI is led and managed by NLM's Office of High Performance Computing and Communications in the Lister Hill National Center for Biomedical Communications. Additional information on NLM's Office of High Performance Computing and Communications is available at: <http://lhncbc.nlm.nih.gov/branch/office-high-performance-computing-and-communications>. Information on the Lister Hill National Center for Biomedical Communications is available at: <http://lhncbc.nlm.nih.gov/>.

General Instructions for Participating in C3PI

To participate in C3PI please visit <http://SPLImage.nlm.nih.gov> and follow the specific instructions provided. General instructions follow below:

1. Pharmaceutical manufacturers, private label distributors, re-packagers, wholesalers, and retail or institutional pharmacies (Participants) interested in submitting OSDF products to be imaged as part of the NLM sponsored C3PI OSDF Imaging initiative must first communicate their intention to participate in the project by contacting the NLM Point-of-Contact (NLM-PoC) using one of the following means: Email: splimage@nlm.nih.gov

Or mail to: The National Library of Medicine, C3PI Imaging Initiative, Building 38A, Room B1N-30, 8600 Rockville Pike, Bethesda, MD 20894.

2. NLM-PoC will acknowledge the Participant's communication of intent and will provide the Participant with the necessary DEA and State Licensing documents to allow for the secure shipment of OSDF products to the NLM imaging facility.

3. Prior to shipping OSDFs to the NLM imaging facility, the Participant will provide the NLM-PoC a detailed and complete list of prescription drug products that they intend to submit to NLM for processing and imaging.

4. After the NLM-PoC has authorized the shipment of the prescription drug products in writing, the products will be sent to the address provided by the NLM-PoC. In order for NLM to accept the shipment, the participant *must* provide NLM-PoC with written confirmation for the shipment, including: (a) Shipping manifest details, (b) shipping service used, (c) tracking number, and (d) expected date of arrival.

5. NLM will have a licensed pharmacist review the received contents and match them against the shipment manifest provided the NLM-PoC. NLM-PoC will acknowledge receipt of shipment within 72hrs of its arrival at the appropriate location and will provide the Participant with an estimate of the date by which OSDF SPLIMAGE-candidate files will become available through the secure online portal: <http://SPLImage.nlm.nih.gov>.

SUPPLEMENTARY INFORMATION:

Public Participation and Request for Comments

This Notice relies on the authority of the Paperwork Reduction Act of 1995; 44 U.S.C. Chapter 35, as amended. An ICR is an application to OIRA seeking the approval, extension, or renewal of a Coast Guard collection of information (Collection). The ICR contains information describing the Collection's purpose, the Collection's likely burden on the affected public, an explanation of the necessity of the Collection, and other important information describing the Collections. There is one ICR for each Collection.

The Coast Guard invites comments on whether these ICRs should be granted based on the Collections being necessary for the proper performance of Departmental functions. In particular, the Coast Guard would appreciate comments addressing: (1) The practical utility of the Collections; (2) the accuracy of the estimated burden of the Collections; (3) ways to enhance the quality, utility, and clarity of information subject to the Collections; and (4) ways to minimize the burden of the Collections on respondents, including the use of automated collection techniques or other forms of information technology. These comments will help OIRA determine whether to approve the ICRs referred to in this Notice.

We encourage you to respond to this request by submitting comments and related materials. Comments to Coast Guard or OIRA must contain the OMB Control Number of the ICR. They must also contain the docket number of this request, [USCG 2014-0330], and must be received by October 20, 2014. We will post all comments received, without change, to <http://www.regulations.gov>. They will include any personal information you provide. We have an agreement with DOT to use their DMF. Please see the "Privacy Act" paragraph below.

Submitting Comments

If you submit a comment, please include the docket number [USCG-2014-0330]; indicate the specific section of the document to which each comment applies, providing a reason for each comment. You may submit your comments and material online (via <http://www.regulations.gov>), by fax, mail, or hand delivery, but please use only one of these means. If you submit a comment online via
