SUPPLEMENTARY INFORMATION: This ICR seeks approval under the PRA for revisions to the Payment of Compensation Without Award information collection. Insurance carriers and self-insurers use Form LS-206 to report the initial payment of compensation benefits to injured claimants, as required by the Longshore and Harbor Workers' Compensation Act, to the OWCP. This information collection has been classified as a revision, because the OWCP is launching the Secure Electronic Access Portal, which will allow the user to upload all forms directly into the case file. In addition, the form has been slightly modified to include the date that claimants' payments began and to clarify Privacy Act information. The Longshore and Harbor Workers' Compensation Act authorizes this information collection. See 33 U.S.C. 914(b), (c).

This information collection is subject to the PRA. A Federal agency generally cannot conduct or sponsor a collection of information, and the public is generally not required to respond to an information collection, unless it is approved by the OMB under the PRA and displays a currently valid OMB Control Number. In addition, notwithstanding any other provisions of

law, no person shall generally be subject to penalty for failing to comply with a collection of information that does not display a valid Control Number. See 5 CFR 1320.5(a) and 1320.6. The DOL obtains OMB approval for this information collection under Control Number 1240-0043. The current approval is scheduled to expire on November 30, 2014; however, the DOL notes that existing information collection requirements submitted to the OMB receive a month-to-month extension while they undergo review. New requirements would only take effect upon OMB approval. For additional substantive information about this ICR, see the related notice published in the **Federal Register** on June 9, 2014 (79 FR 33004).

Interested parties are encouraged to send comments to the OMB, Office of Information and Regulatory Affairs at the address shown in the **ADDRESSES** section within thirty (30) days of publication of this notice in the **Federal Register**. In order to help ensure appropriate consideration, comments should mention OMB Control Number 1240-0043. The OMB is particularly interested in comments that:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
- Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
- Enhance the quality, utility, and clarity of the information to be collected; and
- Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.

SUPPLEMENTARY INFORMATION: This ICR seeks to extend PRA authority for the Unemployment Insurance State Quality Service Plan Planning and Reporting Guidelines (Reporting Form ETA-8623A, *Employment and Training Handbook 336, 18th Edition*) information collection. The State Quality Service Plan (SQSP) represents an approach to the unemployment insurance (UI) performance management and planning process that allows for an exchange of information between Federal and State partners to enhance the ability of the program to reflect a joint commitment to performance excellence and client-centered services. As part of UI Performs, a comprehensive performance management system for the UI program, the SQSP is the principal vehicle that a State UI program uses to plan, record, and manage improvement efforts. Social Security Act section 302 authorizes this information collection. See 42 U.S.C. 502.
